Detailed scope of Erection and Commissioning for Play mat

- Erection and Commissioning is in Contractor's scope.
- The contractor's responsibility includes all the necessary items, which are not specifically covered under these specifications but are essential for completion and satisfactory performance of the play-mat item as a whole.
- The contractor shall carry out the work in accordance with the prevailing statutory regulations and necessary safety rules for prevention of accidents.
- The contractor shall bring his own tools and tackles and other equipment and materials as deemed necessary for the specified job along with proper skilled and unskilled labour at the time of erection and commissioning. The contractor shall also depute technical representatives to supervise the erection and commissioning of the play mate item.
- Any damages caused to the plant and equipment by the contractor employee (s) shall be replaced by the contractor at his own cost.
- Any Civil related works will be done by BHEL.
- Responsibility for satisfactory commissioning rests with the contractor.
