Amendment to GCC

1.

(I)	New clauses have been introduced under Volume-I-GCC superseding all pertinent clauses of risk and cost
1.1	Risk and cost may be invoked in any of the following cases: - i). Contractor's poor progress of the work vis-à-vis execution timeline as stipulated in the Contract, backlog attributable to contractor including unexecuted portion of supply does not appear to be executable within balance available period considering its performance of execution. - ii). Withdrawal from or abandonment of the work by contractor before completion of the work as per contract. - iii). Non completion of work/ Non-supply by the Contractor within scheduled completion/ delivery period as per Contract or as extended from time to time, for the reasons attributable to the contractor. - iv). Termination of Contract on account of any other reason (s) attributable to Contractor. - v). Assignment, transfer, subletting of Contract without BHEL's written permission resulting in termination of Contract or part thereof by BHEL. - vi). Non-compliance to any contractual condition or any other default attributable to Contractor. <u>Risk & Cost Amount against Balance Work:</u> Risk & Cost amount against balance work shall be calculated as follows: Risk & Cost Amount= [(A-B) + (A x H/100)] Where, A= Value of Balance scope of Work/ Supply (*) as per rates of new contract B= Value of Balance scope of Work/ Supply (*) as per rates of old contract being paid to the contractor at the time of termination of contract i.e. inclusive of PVC & ORC, if any. H = Overhead Factor to be taken as 5 In case (A-B) is less than 0 (zero), value of (A-B) shall be taken as 0 (zero). * Balance scope of work/ supply (in case of termination of contract): Difference of Contract Quantities and Executed Quantities as on the date of issue of Letter for 'Termination of Contract', shall be taken as balance scope of Work/ Supply for calculating risk & cost amount. Contract quantities are the quantities as per original contract. If, Contract has been amended, quantities as per amended Contract shall be considered as Contract Quantities. Items for which total quantities to be executed have exceeded the Contract Quantities based on drawings issued to contractor from time to time till issue of Termination letter, then for these items total Quantities as per issued drawings would be deemed to be contract quantities. Substitute/ extra items whose rates have already been approved would form part of contract quantities for this purpose. Substitute/ extra items which have been executed but rates have not been approved, would also form part of contract quantities for this purpose and rates of such items shall be determined in line with contractual provisions. However, increase in quantities on account of additional scope in new tender shall not be considered for this purpose. NOTE: Incase portion of work is being withdrawn at risk & cost of contractor instead of termination of contract, contract quantities pertaining to portion of work withdrawn shall be considered as 'Balance scope of work/ supply' for calculating Risk & Cost amount. <u>LD against delay in executed work/ supply in case of Termination of Contract:</u> LD against delay in executed work/ supply shall be calculated in line with the relevant LD clause(s) of GCC, for the delay attributable to contractor. For limiting the maximum value of LD, contract value shall be

	taken as Executed Value of work/ supply till termination of contract. Method for calculation of "LD against delay in executed supply in case of termination of contract" is given below. i). Let the time period from scheduled date of start of work till termination of contract excluding the period of Hold (if any) not attributable to contractor = T1 ii). Let the value of executed work/supply till the time of termination of contract= X iii). Let the Total Executable Value of work/supply for which inputs/fronTS were made available to contractor and were planned for execution till termination of contract = Y iv). Delay in executed work/supply attributable to contractor i.e. $T2 = [1 - (X/Y)] \times T1$ v). LD shall be calculated in line with LD clause of GCC for the delay attributable to contractor taking "X" as Contract Value and "T2" as period of delay attributable to contractor.
1.2	<u>Recoveries arising out of Risk & Cost and LD or any other recoveries due from Contractor</u> Following sequence shall be applicable for recoveries from contractor: a) Dues available in the form of Bills payable to contractor, SD, BGs against the same contract. b) Demand notice for deposit of balance recovery amount shall be sent to contractor, if funds are insufficient to effect complete recovery against dues indicated in (a) above. c) If contractor fails to deposit the balance amount to be recovered within the period as prescribed in demand notice, following action shall be taken for balance recovery: Dues payable to contractor against other contracts in the same Region shall be considered for recovery. If recovery cannot be made out of dues payable to the contractor as above, balance amount to be recovered, shall be informed to other Regions/Units for making recovery from the Unpaid Bills/Running Bills/SD/BGs/Final Bills of contractor. In-case recoveries are not possible with any of the above available options, Legal action shall be initiated for recovery against contractor.
(II)	Additional clauses have been introduced under Volume-I-GCC under security deposit (SD) & performance bond (PB)
2.0	<u>Clause No 1.7.5:</u> Security deposit (SD) SDBG to be furnished by the vendor before start of work. No payment will be released till SDBG is submitted by the vendor. If requested by the vendor, cash recovery equivalent to SDBG value to be made from bills submitted by the vendor. Also recovery of interest calculated @SBI PLR +2% on amount equivalent to SDBG / PBG value to be made for the gap period (difference between date of start of work and date of submission of BG / cash recovery). In case of delay in extension of SDBG, in case of validity expiry, SDBG shall be invoked. However if the vendor submits a new BG after invocation of the previous BG then, it shall be refunded and recovery for the gap period, i.e. the duration for which BG is not available shall be made as stated above.
