

Annexure I

Evaluation criteria:

Sealed quotations are invited to enter into a rate contract for a period of one year (2019-20) to provide JCB and/or tractor with trailer (with hydraulic tipping mechanism) for digging and earth moving/transportation of debris within BHEL Corporate R&D and Coal R&D site at Moula-Ali.

The tractor shall be used for transportation of debris/leaves/branches within a distance of 2-3 km. Lowest quotation may be submitted for the following:

Rate per day

1. JCB
2. Tractor with trailer

One day consists of 8 hours excluding lunch break. The actual time of working shall be computed from the time the equipment reports at BHEL R&D or the place specified and until the time the job is completed.

Tender will be finalised on overall L1 basis.

The approximate estimated value of the contract will be about 7.4 lakhs.

(TSC)

Anexure II

Special Instructions:

1. The JCB and/or Tractor-trailer have to report to Sr. Engr/BHEL or at a specified place & time. One day is considered of 8 hours excluding lunch break. Equipment is required to be provided by the next working day.
2. All operations are to be undertaken as per guidance, direction and supervision of Sr. Engr, BHEL.
3. The services of the equipment shall be utilised in twin cities, BHEL R&D at Vikasnagar and BHEL Coal R&D at Moula-ali.
4. All correspondence regarding the above work should be made with Sr. Engr, BHEL.
5. It is the responsibility of the contractor to keep the equipment in good and safe working condition and deploy trained, licenced crew for the job.
6. Contractor should provide small shovel with the JCB, if called for.
7. Any breakdown in the equipment shall be to the account of the contractor and the number of hours of breakdown has to be made good on the next day.
8. The equipment should be loaded with sufficient fuel to complete the day's work.
9. In case the equipment is left in R&D complex or other premises on the contractor's own accord after the job or for the continuance of next day's work, no detention charges shall be paid. Time computation shall be made from the commencement of actual work on the next day.
10. Rates are firm during the period of contract.
11. Any loss to the company's equipment, property or personnel caused by rash/negligent acts of contractor's man or machinery shall made good by the contractor during the currency of the contract.
12. The responsibility for the safety of the equipment and personnel lies entirely with the contractor.
13. The contract can be terminated during the period of the contract by giving 30 days' notice on either side in writing. The Company shall have the right to terminate the contract at any time either in full or in part, for breach of any of the terms and conditions of the contract and get the balance work done through any other agency at the risk and cost of the contractor.
14. Generally, equipment is to be provided by the next working day of intimation which shall be communicated over phone. If it is not provided in time, BHEL R&D is empowered to engage other agencies for the completion of work. In such cases the actual expenditure met for the completion of work through other agencies shall be deducted from contractor's pending bills.
15. In all cases of dispute, the decision of BHEL R&D is final.
