

CORRIGENDUM -1 TO TENDER SPECIFICATION BHEL PSSR SCT 1703 - DT: 22.12.2017

TENDER SPECIFICATION BHEL PSSR SCT 1703 - Hiring of One number suitable capacity Heavy Duty Hydraulic Crawler Crane at 1 X 800 MW North Chennai TPS Stage-III, Ponneri TK, Thiruvallur District, Tamilnadu State

<u>Sl. No.</u>	<u>Bidder's Query</u>	<u>BHEL reply</u>
1	<p>Tender clause: TECHNICAL CONDITIONS OF CONTRACT (TCC) - VOLUME-IA PART-I CHAPTER – II SCOPE OF WORKS – clause 1.2.4. In case, Main Boom with Luffing Jib combination is offered, suitable runner mounted on Luffing Jib with rated capacity hook shall be provided to handle the erection of Lighter Loads like columns, Welded Beams, Silencer and other Roof Top Structures. All accessories for Runner operation shall be ensured.</p> <p>Query: If we offer crane with main boom + fix jib option. Where all erection can be done with hook block of fix jib only. Then that crane is technically qualify or not. Please note that manufacturer not provide runner option along with fix jib.</p>	<p>Normally if Main boom with Fixed Jib configuration is offered, Main boom will have Main hook (ie Heavy capacity hook to handle the Heavy loads like Ceiling Girders) and Fixed jib mounted on main boom will have less capacity small hook to handle lighter loads like columns, welded beams, silencers &amp; ceiling structures etc. so that after lifting and placement of Ceiling Girders with Main hook mounted on Main boom, the lighter loads like welded beams, silencers &amp; ceiling structures etc will be lifted and positioned with small hook fitted with Fixed Jib without altering the boom combination.</p> <p>In case of crane with main boom + fixed jib configuration is offered where all erection can be done with hook block of fix jib only, then suitable runner mounted on fixed jib shall be provided as in the case of luffing jib to handle the erection of Lighter Loads like columns, Welded Beams, Silencer and other Roof Top Structures etc. All accessories for Runner operation shall be ensured. Please note that runner operation is an optional item which can be provided by crane Manufacturers on specific request.</p> <p>Hence as per our Tender conditions, Main boom mounted with fixed jib with hook mounted only on fixed jib cannot be accepted, since it shall not cater the technical purpose.</p>

Note:-  
All other Terms & Conditions remain unchanged. Bidders are requested to consider this Corrigendum as part of the Tender Specification and quote accordingly.
