

Technical Specification of Ferrous Sulphate

Chemical Name: Ferrous Sulphate (Dried)

Physical State :Solid

Appearance: Blue green

Odour :Odourless

pH :3 - 5 (5 %)

Molecular Formula:- $\text{FeSO}_4 \cdot 7\text{H}_2\text{O}$

NET. Wt. packing :- 50 KG

Water proof packing is required. Product to be individually double packed in min. 80 gsm plastic bag of maximum 50 Kgs each. Supply should be either in wooden pallet or suitable bag so as to enable unloading using crane or unloading will be in supplier scope.
