PREAMBLE

01. The scope of work includes Erection and cabling/wiring of double girder EOT cranes, and Gantry cranes of different capacities and sizes of span, at various locations in the newly constructed factory and in the existing buildings.
02. Time is the essence of the contract. Being a time bound work, the contractor should make all efforts to complete the work in the stipulated period of Four (4) months.
03. Usually, working hours are limited to day time only. In emergency cases to carryout work during nights, it may be done so with the specific prior permission of BHEL. In such case, it is to be carried out in the presence of BHEL officials or their authorized persons.
04. The tenderers are advised to visit BHEL Factory at Tiruchirappalli and get themselves acquainted with the site conditions before submitting the offer.
05. The following eligibility criteria shall be complied to fulfill the qualification bid:-
 - a) Contractor should have separate Registration Code No. for EPF & ESI.
 - b) Average annual turnover of firm in the last three years should be 30% value of the tender value .
 - c) During last Five years should have successfully done Erection & commissioning of two nos of EOT/GANTRY Crane with minimum 20 Tonnes capacity.
 - d) Solvency shall be produced for at least 40% value of tender value.
06. PAN & ITCC for the past three years.
07. The works executed in the own name of the tenderer only will be considered for eligibility criteria.

08. Documentary evidences (Xerox copies – attested) for turnover, works experience, P.F. ESI registration etc., all as indicated & required in the tender document, Availability of all types of Erection equipment facility, Qualified staff availability are to be furnished without which it will not be taken into account.
09. Tender value is only approximate and liable for variation without entitling the tenderer to any compensation, till the total value of contract vary by (+ / -) 20% (twenty percentage).
10. Quoted rate shall be firm throughout the contract period of 6 months and extended contract period also and no cost escalation is allowed on any account.
11. The quantity indicated in the Bill of quantity is only tentative. The contractor has to execute any item of work irrespective of the quantity without any reservation till the total value of contract exceeds by 20%.
12. The work shall be carried out as per the scope of work and related drawings.
13. After award of work the contractor has to furnish the security deposit, as per Clause 16 of THE GENERAL INSTRUCTIONS TO TENDERERS. Also it is to be noted that after award of work the contractor has to furnish 50% of security deposit before the commencement of work.
14. The contractor has to carryout the work in production shops without affecting the production by planning such work on holidays/ obtaining proper shut down.
15. The decision of Engineer-in-charge shall be final and binding on the contractor regarding clarification of items in this tender schedule.
16. The contractor shall strictly adhere to various labour laws in force.
17. The contractor shall follow norms of BHEL security system for movement of men & materials within the complex.
18. Since the responsibility for the quality, workmanship and accuracy of any work being carried out under this contract lies with the contractor, the contractor should ensure that no work is done without the presence of contractor's representative at the work spot.
19. The contractor has to submit the organization chart of their set up for the works and any change thereafter in the organization set up shall have the prior approval of BHEL.

20. The contractor should establish his own site office, handling facility, storage facility to stock installation materials, tools, machines etc., for which sufficient place will be allotted on specific request for which the rent will not be collected.
21. The tenderer has to deploy adequate labour of required categories such as, Fitters, Electricians with B certificate , welders, Riggers and Unskilled labours for field work. The technical persons with experience shall have to produce valid certificate for verification.
22. Separate non-technical persons should be engaged for arranging daily gate passes for labours entry in the gates of Factory complex.
23. The tenderer shall carryout health performance test at his cost for all the workmen engaged in the work through a registered medical practitioner and produce certificate on demand.
24. It shall be the responsibility of the contractor to see the workmen do not utilize the departmental canteen facilities. Contractor has to make his own arrangement to provide refreshment for the workmen.
25. All the works shall be executed as per the standard specifications as provided in Bill of quantities.
26. The contractor should maintain proper accounts for all mechanical/fitting accessories, other materials if any supplied by this organization and supply by the contractor and these should be available at the site of work for verification and check by the officials of this organization at any time.
27. All materials brought by the Contractor for incorporation in the work shall be got inspected and approved by the Engineer-in –charge before they are incorporated in the work.
28. The contractor should use only the materials of brand and quality as approved by BHEL.
29. The contractor should submit the programme for the completion of work and the list of equipments and laborers to be deployed for the work along with tender.

30. All materials and consumables brought by the contractor should have manufacturer's certificate.
31. Contractor's materials and tools & equipments shall have to be brought inside factory with proper invoice/voucher and make necessary entry in the security gate. They should maintain proper record for tools equipments, materials etc. brought inside the factory complex.
32. The contractor should extend fullest co-operation with the third party agencies engaged, if any by BHEL to adhere the Quality Control Procedures ensuring quality.
33. The contractor should extend fullest co-operation to the other contractors who may be doing other works in the same areas to enable them to execute their portions of work without any delay or difficulty.
34. Water, Electricity and compressed air will be provided by this organization at one point at the site of work at free of cost.
35. No advance / mobilization advance will be given.
36. Completion time and LD/Penalty clause are applicable as per General conditions of contract and enclosed annexure I along with
The general instruction to Tenderers.
37. All the terms and conditions in the documents are binding on the tenderers and BHEL reserves its right to accept/ reject any or all the tenders and to award the work in full or parts to more than one agency without assigning any reasons.

**M & S CONTRACTS (Mechanical)
GENERAL INSTRUCTIONS TO TENDERERS**

01. Sealed Tenders enclosed for the work are hereby invited from valid and experienced contractors. In similar kind of work.
02. Tenders should be addressed to the DGM / M&S. Bharat Heavy Electricals Limited. Tiruchirapalli- 620 014 the full name and address of the Tenderer and the name of the work being noted on the cover with tender No & due date of opening.
03. All entries in the tender documents should be made in one ink. Erasure and over-writing are not permitted. All cancellations and insertions should be duly signed by the Tenderer concerned.
04. Tenderers should fill in all the required particulars in the blank spaces provided for this purpose in the tender documents also sign each and every page of the tender document including the drawing attached there to while submitting their tender.
05. Unit rates should be quoted in figures as well as in words with reference to each item and for all the items shown in the attached schedule. These rates shall be for the furnished work in site. Amount of each item and the totals page by page as also the grand total amount of the whole contract should also be filled in by the Tenderers.
06. Rates for each item of the tender schedule should be quoted in Rupees and paise only, Incase any difference in rates quoted to figures and in words, the lower of the rates will be taken as the tendered rate.
07. Quantities shown in the attached schedule are only approximate and are liable to variation without ending the contract to any compensation, provided the total value of the contract does not vary by more than 20% (Twenty percent)
08. In quoting their rates the tenderers are advised to take into account all factors including any fluctuations in market rates etc. No claim will be entertained on this account after acceptance of the tender or during the currency of the contract.
09. Before tendering, the tenderers are advised to inspect the site of work and its environments and be well acquainted with the actual working and other relevant conditions, position of materials and labour. , General Instructions to Tenderers, Drawings and specifications and all other documents which form part of the agreement to be entered into.

TENDERERS ARE REQUESTED TO COVER THEIR EMPLOYEE UNDER PF/ESI/CONTRACT LABOUR REGULATIONS ACT:

10. Rates quoted shall include all royalties, terminal taxes, Octroi duties, General or provincial Excise tax, Sales Tax and any other taxes livable under the state or Central Government Rules. The Bharat Heavy Electricals Limited, Tiruchirapalli will not entertain any claim what so ever in this respect.
11. Quoted rate shall be firm throughout the contract period of 6 months and extended contract period also and no cost escalation is allowed on any account.
12. Should a tenderer find discrepancies or omissions in the drawings or any of the tender documents should be in doubts as to their meaning, he should at once address the authority inviting the tender for clarifications. Every endeavor is made to avoid any error which can materially affect the basis of the tender but the successful tenderer shall taken upon himself to provide for the risk or any error which may be subsequently discovered and shall make no subsequent claim on account thereof.
13. In the event of tender being submitted by the firm, the tender must be signed separately and legibly by each partner or member of the firm or in their absence, by the person holding the power of attorney on behalf of the firm concerned. In the latter case, a copy of the power of attorney duly attested by a Gazetted Officer must accompany the tender.
14. Every tender must be accompanied by Demand Draft for the amount mentioned in this tender notice as Earnest Money Deposit, pledged to BHEL, Tiruvermbur in any of the forms mentioned in para 15 of the General Instructions to tenderers. This Earnest Money Deposit will be refunded to the unsuccessful tenderers within 15 days on finalizations of the award of work. In the case of successful tender, the earnest Money Deposit will be retained as part of the Security Deposits for satisfactory completion of the work in accordance with clause 16 of the General Conditions of contract as amended up to date.

Note : “Cheque, Currency Notes or Money Order will not be accepted in lieu of the Demand Draft referred to above”.

15. EARNEST MONEY DEPOSIT:

The Earnest Money Deposit shall be furnished in the form of Demand Draft only. EMD shall not carry any interest.

16. SECURITY DEPOSIT:

1. The amount of security Money to be deposited for proper fulfillment of the contract will be as follows:

- | | |
|--|---|
| a. For Contract Valued up to
Rs. 10.00 Lakh. | 10% of the Contract value |
| b. For Contract Valued above
Rs. 10.00 Lakh upto
Rs. 50.00 Lakhs | 1 lakh plus 7.5% on the balance of
the Contract value. |
| c. For Contracts valued above
Rs. 50.00 Lakhs | Rs.4 lakhs + Plus 5% on the
balance of the contract value. |

2. The contractor whose tender may be accepted shall, within seven days of receipt by him of the notification of acceptance of his tender, deposit with BHEL, Unit: Tiruverumbur, the prescribed sum as per Clause 16 (i) above towards Security Deposit.

- a. Shall be furnished in the form of Demand Draft in favour of BHEL.
- b. Securities available from Post offices such as National Savings Certificates, Kisan Vikas Patra etc. (Certificates should be held in the name of the contractor furnishing the security and duly pledged in favour of BHEL, Trichy and discharged on the back).
- c. Bank Guarantee from Nationalized, scheduled Banks / Public Financial Institutions as defined in the Companies Act subject to a maximum of 50% of the total security deposit value. The balance 50% has to be remitted either by cash or in the other form of security. The bank guarantee format should have the approval of BHEL.
- d. Fixed Deposit Receipt issued by Scheduled Banks / Public Financial Institutions as defined in the Companies Act . The FDR should be in the name of the contractor, A/C BHEL, duly discharged on the back.
- e. Security deposit can also be recovered at the rate of 10% from the running bills. However in such cases at least 50% of the Security Deposit will be collected before start of the work and the balance 50% may be recovered from the running bills.
- f. EMD of the successful tenderer shall be converted and adjusted against the security deposit.

NO INTEREST SHALL BE ALLOWED ON SECURITY DEPOSITS. BHEL, shall not be responsible for any loss of securities due to liquidation or any other reason whatsoever or any depreciation in the value of the Securities while in their charge or for any loss of interest thereon.

NOTE: Acceptance of Security Deposit against Sl. No. (iv) and (vi) above will be subject to hypothecation or endorsement on the documents in favour of BHEL. However, BHEL will not be liable or responsible in any manner for the collection of interest or renewal of the documents or in any other matter connected therewith.

3. All compensation or other sums of money payable by the contractor to BHEL under the terms of this contract or under any other contract with BHEL, may be deducted from the Security Deposit or realized by the sale of the securities or from the interest arising there from or from any sums which may be due or may become due to the contractor payable by BHEL, on any account whatsoever against this contract of any other contract with BHEL and in the event of his Security Deposit being reduced by reason of such deductions or sale as aforesaid, the Contractor shall within seven days thereafter make good in cash or in securities endorsed as aforesaid, any sum or sums by which the security Deposit has been so reduced.
4. Security Deposit may be refunded on completion of the work and after the expiry of the maintenance period. In case no maintenance period is applicable, then 100% of security Deposit will be refunded after payment of final prescribed format.
17. Unless the Contractor, whose tender is accepted, signs the contract agreement within seven days (7 days) of the date of the order directing him to do so, the amount of Earnest Money Deposit already deposited by him will be forfeited and acceptance of the tender withdrawn.
18. If after opening of tenders, a tenderer revokes his tender or increases his earlier quoted rates or after acceptance of his tender does not commence the work in accordance with the instructions of the Engineering-In-Charge, the Earnest Money Deposited by him will be forfeited and acceptance of his tender withdrawn. In only, a part of the work included in the tender withdrawn. In only, a part of the work included in the tender has been awarded to the tenderer and the tenderer refuses to take up the work the amount of Earnest Money to be forfeited will be based on the value of the contract so awarded.
19. The BHARAT HEAVY ELECTRICALS LIMITED, reserve the right to reject any or all the tenders received or accept any tender or part thereof without assigning any reason therefore. In the case of acceptance of the part of tender, time for completion may also be reduced to the extent considered appropriate by the accepting officer.
20. Tenders not submitted on the prescribed forms are liable to be rejected.

21. The Contractors not borne on the approved list of contractors of this organization must submit the following documents simultaneously with their super scribed .
(Testimonials of Shri Messer's)
-
-

In connection with tender, for the work of _____

1. A certificate to establish that the tender is an independent contractor working on his won.
2. At least 2 certificates from responsible officers of Govt. or firms of repute. Regarding the tenderer's capacity to undertake and carryout the work tendered for or similar work satisfactorily.
3. A certificate from a Bank of Standing of Magistrate regarding the tenderer's financial position.
4. License details of the firm and that of the contractor & his employees.

NOTE: a.) Copies of testimonials unless attested by a Gazetted Officer will be accepted.
b.) Non-submission of the above documents simultaneously with the tenders may result in the tender being rejected.

22. The tenders should be accompanied by a list of contracts already held by the contractor at time of submission of the tender and giving the following particulars:
- a) The value of each contract.
 - b) The balance of work remaining to be done on the same.

23. Tenders submitted by Post should be sent by "Registered Post with Acknowledgement Due". These should be posted with due allowance for any delay in postal delivery. Tenders received after the due date of opening of tenders are liable to be rejected.

24. The Contractor's responsibility under this contract shall commence from the date of work order.

25. If a tenderer expires after the submission of his tender or after the acceptance of his tender, the BHEL may at their discretion cancel such tender.

26. The BHARAT HEAVY ELECTRICALS LIMITED, will not be bound by any power of attorney granted by the tenderer or by changes in the composition of the firm. We made subsequent to the execution of the contract. They may, however, recognize such power of attorney and changed after obtaining proper legal advice, the cost of which will be charge above to the contractor concerned.

27. If the tenderer deliberately gives wrong information in his tender BHEL, reserve the right to reject tender at any stage.
28. Words imparting the singular number shall also be deemed to include the plural number and vice the context so required.
29. The general and Special Conditions of Contract are complementary to each other and where they are in conflict, the special conditions shall prevail.
30. The expenses for completing and stamping the agreement shall be paid by the contractor.
31. Tenderers shall not increase their quoted rates, in case the BHEL, negotiable for reduction of rates. Such negotiations shall not amount to cancellation or withdrawal of the original offer and the rates originally quoted shall be binding on the tenders for the period of three months from the date of opening of tenders.
32. All contractors will have to produce PAN/income tax clearance certificate from the Income Tax concerned along with their tender. These contractors whose Income is not taxable will be required to give affidavit for their income on the prescribed form. If the successful tenderer fails to produce the PAN/income tax clearance certificate within the stated period, the earnest money deposit and the Security Deposit of the tenderer may be forfeited and the contract terminated.
33. The contractor shall insure the work against loss or damage to the contractor works, temporary work and materials erected in performance of the contract on “all risks” basis from the time of arrival on site until taken over by BHEL on completion of the contract.

The cover shall also include wherever necessary the risks of testing including breakdown or explosion of plant and machinery undergoing testing, trial and commissioning operations. The insurance shall also specifically cover removal of debris cost. The Sum insured shall represent the estimated full value of the contract works inclusive of value of free supply materials by BHEL, transport charges, customs dues, express freight, overtime charges, cost of erection, value of constructional plants and machinery, removal of debris and escalation of costs where the contract includes a maintenance period. The insurance cover shall specifically include the contractor liabilities during the maintenance period. The insurance shall

be effected in the name of BHEL and the contractor shall submit to BHEL a draft of the insurance policy for approval. The insurance shall also be extended to cover third party personal injury and property damage for a sum to be specified by BHEL. The policy when issued will be lodged with BHEL together with receipts of premium for such insurance and the contractor shall maintain such policies in force until the obligations of the contractor are fully discharged.

If the contractor fails to comply with the term of this conditions the Accepting Officer may insure the work and may deduct the amount of premium from any money that may become payable to the contractor or may at his discretion refuse payment of any advances to the contractor until the contractor shall have complied with the terms of this condition. This provision does not, however absolve the contractor of his responsibility for taking up the insurances. The contractor is therefore, primarily responsible for taking up the insurance in time.

34. All the materials supplied by the contractor should conform to the relevant IS/BS Specifications and agreeable to the engineer-in-charge.

35. Any covering letter and comments of the contractor should be submitted in duplicate along with the offer.

36. For all sheet metal fabrication, pre-treatment of all metals with acid and rust preventing chemical has to be carried out and two coats of red oxide and one coat of stove enamelling paint has to be applied by spray painting.

37. Contractor should have separate Registration Code No. for EPF & ESI.

38. SAFETY MEASURES:

list containing the name of persons who are working, their age, designations, pay, nature of work is to be furnished immediately on receipt of work order, in triplicate.

- a. The work should be carried out in the presence of contractors Supervisor and prior permission should be obtained from the concerned supervisor and the section before starting the work.
- b. While erecting the cranes, poles, etc. proper safety precautions such as supporting the poles, tying with ropes suitable lifting tackles etc. are to be adhered.
- c. While working at heights, proper platform ladder, safety belts, etc. should be used.
- d. The necessary safety equipments such as gloves, lineman's belts etc. should be used.
- e. Any other safety measure as necessitated by the nature of work should be strictly followed
- f. If Contractor's workmen are found to violate the safety regulations punitive action will be taken by with-holding a sum of Rs. 100/- to Rs. 500/- for each such violation.
- g. These safety measures shall be deemed to form an integral part of the work order/agreement.

38. THE GENERAL INSTRUCTIONS TO TENDERERS shall be deemed to form an integral part of the work to be entered into.

General instructions to Tenderers-(Annexure- I)

1.TIME:

Time is the essence of the contract and is specified in the tender document or in each individual work order.

As soon as possible after the contract is let or any substantial Work Order is placed and before work under it is begun, the Engineer –in-charge and the contractor shall agree to a Time and Progress Chart. The Chart shall be prepared in direct relation to the time stated in the Tender documents or the work order for the completion of the individual items thereof and/or the contract or Order as a whole. It shall indicate the forecast of the dates for the commencement of the various trade processes or sequences of the work, and shall be amended as may be required by agreement between the Engineer-in-charge and the Contractor within the limitation of the time imposed in the tender documents or order.

In the absence of any specific Time and Progress Chart to be agreed to between the Contractor and the Engineer –in – charge, the contractor shall ensure and maintain uninterrupted progress of the work such that the entire work shall be completed within the time imposed in the tender documents or Order and that the proportion of work completed upto any time in relation to the entire work to be done under the Contract or Order shall not be less than the proportion that the time elapsed bears to the total time of completion provided in the Tender documents or Order.

The Contractor shall suspend the execution of the work, or any part or parts thereof whenever called upon in writing by the Engineer-in-charge to do so, and shall not resume work thereon until so directed in writing by the Engineer-in-charge. The Contractor will be allowed on extension of time for completion not less than the period of suspension but no other claim in this respect for compensation or otherwise howsoever will be admitted. This may also be extended to allow for alteration of work made by the deviation order.

2. COMPLETION

The works shall be completed to the entire satisfactions of the Engineer-in-charge and in accordance with the Contractor's forecast of Time and Progress where operative, and all unused stores and materials, tools, plant, equipment, temporary Buildings, and things shall be removed and the site and work cleared or rubbish and all waste materials and delivered up clean and tidy to the satisfaction of the Engineer-in-charge at the Contractor's expense on/or before the Schedule date of completion.

The BHEL shall have power to take over from the Contractor from time to time such sections of the work as have been completed to the satisfaction of the Engineer-in-charge.

The Engineer-in-charge shall certify to the Contractor the date on which the work is completed and the state thereof.

The Engineer-in-charge shall also certify to the Contractor the state of the work at the end of the maintenance period, where applicable.

The Engineer-in-charge shall also certify to the Contractor the state of the work at the end of the maintenance period, where applicable.

3.COMPENSATION FOR DELAY

If the contractor fails to maintain the required progress in terms of condition 1(TIME) or to complete the work and clear the site on or before the contracted or extended date period of completion, he shall, without prejudice to any other right or remedy of the BHEL on account of such breach, pay as agreed compensation an amount calculated as stipulated below or such smaller amount as may be fixed by the BHEL on the contract value of the work for every week that the progress remains below that specified in condition 1(TIME) or that the work remains incomplete.

This will also apply to items or groups of items for which separate period of completion has been specified. For this purpose the term 'Contract Value' shall be the value at contract rates of the work as ordered.

- | | |
|--|-----------------------|
| a) Completion period (as originally – Stipulated) not exceeding 6 months. | @ 1 Percent per week. |
| b) Completion period (as originally- Stipulated) exceeding 6 months and Not exceeding 2 years. | @ ½ percent per week. |
| c) Completion period (as originally- Stipulated) exceeding 2 years. | @ ¼ percent per week |

Provided always that the total amount of compensation for delay to be paid under this condition shall not exceed the under noted percentage of the contract value or of the contract value of the item or group of items of work for which a separate period of completion is given:

- | | |
|--|---------------|
| d) Completion period (as originally – Stipulated) not exceeding 6 months. | @ 10 Percent. |
| e) Completion period (as originally- Stipulated) exceeding 6 months and Not exceeding 2 years. | @ 7½ percent. |
| f) Completion period (as originally- Stipulated) exceeding 2 years. | @ 5 percent |

The amount of compensation may be adjusted or set-off against any sum payable to the contractor under this or any other contract with the BHEL.

60	Erection and cabling of crane 30/10Ton capacity, 28.5 metres span, 9 metres height of lift, Double girder -EOT crane Crab Weight: 15 ton Total Weight 60Tons-(Each Crane)	NOs.	1		
70	Erection and cabling of crane 20/10Ton capacity, 28.5 metres span, 14metres height of lift, Double girder -EOT crane Crab Weight: 9.5 ton Total Weight 50Tons-(Each crane))	Nos.	1		
	Total value in Rs.				

(All the 41no of cranes are to be erected in BHEL / TIRUCHY NEW PLANT)

A. Scope of work :

The contractor has to carry out the following activities:

1. Machine (Crane) packing cases and parts including bridge girders trolley (crab) assembly end carriages are to be moved from the storage area to crane erection location within the plant (within a distance of one Kilo Metre).
2. Packing lists are to be verified with the items received, and shortage should be listed along with Executive.
3. Erection and Cabling /wiring of crane shall be carried out as per the sequence given by OEMs / suppliers of Cranes and the contractor should follow the sequence while erection and commissioning.
4. End carriages, bridges with long travel mechanism, crab assembly are to be erected on the gantry rails fixed on the girders.
5. Erection work also includes crab erection, cabin erection, rope reeving in main hoist and auxiliary hoist with hook blocks, ladder fixing, fixing of platform and hand rails, DSL platform, fixing of trailing cable trolleys, control panels fixing, limit switch fixing, fixing and wiring of load cell, radio remote control, anti-collision devices, bridge lights, installation of VVVF drives, etc.
6. The contractor shall do the wiring (cabling and end termination) work, as per the drawing given by the OEM. Electrical control panel and connected wiring for total operations of crane are to be carried out. Wiring within the control panel will be carried out by the OEM. Only the inter- facing power / control cabling between panels and field elements / motors etc. are in the scope of contract. All the cranes are of with variable frequency drives for all motions, load cell load weighing system, and with anti collision device.
7. Also cable should be laid from DSL current collector to crane main switch.
8. All cables shall be laid using suitable cable trays and shall be terminated with suitable lugs. Necessary clamping and dressing will be provided by BHEL wherever required. Suitable glands and number ferules should be used wherever necessary.
9. The contractor shall offer stage inspection to BHEL Executive.
10. Contractor should fill proper lubrication oil for gearboxes and Greasing should be done for all Grease points.
11. Trial operation of Cranes are to be carried out in the presence of BHEL executive and any corrections required are to be rectified by the contractor .

12. Load Test for Cranes and Commissioning.

- a. Assistance to OEM for full load capacity and 125% capacity to be carried out in presence BHEL Executive. Transportation of dead weight (test load) to the erected crane site to be done by the contractor within the plant.
 - b. Problem if any while load test are to be sorted out with the advise of OEM supplier. The contractor should assist for successful commissioning of crane in presence of OEM supplier and BHEL Executives.
13. After completion of work, touch up painting wherever necessary shall be applied.
14. The contractor shall fix crane name board; SWL board and number board and shall arrange for necessary letter writing as per instruction of BHEL executive.

B.BHEL shall supply / Carry out the following at free of cost for Erection and commissioning of Cranes:

1. All lifting tackles like steel wire rope slings, manila rope slings, belts slings, 'D' shackles, Steel wire rope, bull dog clamps, turn buckles, ratchet lever hoist, hydraulic jack
2. All fasteners, and consumables like emery, kerosene, grease and Lubrication oil for gear boxes
3. All consumables like oxygen, acetylene gases, welding electrodes, paints, painting brushes and Cotton waste.
4. DSL (Shrouded / bare conductor) complete installation.
5. Cotton tapes, insulation tapes, cable ties, lugs, glands, required cable trays, cables, wires etc., will be made available. During commissioning and load testing, crane supplier's representative shall be made available.
6. Dead weight for load testing.
7. Power supply.

8.Detail of cranes to be erected

Total 41

EOT- Electric overhead traveling crane

GAN- Gantry / Goliath crane

C. Contractor has to bring the following facilities to carry out Erection and commissioning of Cranes:

1. Suitable trailer with prime mover (with fuel) to move the crane parts and other materials to the erection spot. Suitable mobile crane shall be used for loading and unloading crane components.
2. Qualified, experienced supervisors & Engineers and skilled labours should be engaged in erection and commissioning of Cranes for both Mechanical and Electrical activities.
3. Suitable mobile crane for erection of cranes on rails. No derricks should be used for erection of cranes.
4. Personal protective equipment like, safety shoes, helmet, hand gloves, goggles, safety belts should be provided by the contractor and usage by the contract workers should be ensured by the Contractor while contractors are in work .
5. Gas cutting set with suitable hose and welding machine (suitable to weld E-7018 electrode) with power cable and welding cable, etc. to be made available the work.
6. All hand tools such as spanners, hammers, crimping tools, cutting players, screw drivers, multimeters, meggers, tong tester, spikes, etc., shall be made available.
7. Contractor should provide adequate no. of Engineers and supervisors in the erection site for Each crane for coordination and communication.

CONTRACTOR

21

ACCEPTING OFFICER

8. The crane shall be completely cleaned, lubricated and handed over to BHEL after commissioning and testing.
9. Unwanted material, wastes in the erection site to be cleaned and moved to disposal after final completion of work.

D. Terms and Conditions:

1. Erection is to be carried out inside the factory premises of BHEL.
2. Delivery: Erection and commissioning of cranes shall be carried out within **120** days from the date of order. Starting date of erection shall be informed by BHEL one week ahead.
3. Payment terms: Payment will be made only after 100% completion of each crane.

Note:

1. Contractor should commit for Terms and Conditions of the enquiry otherwise the offer shall be liable for rejection.
2. The cumulative lowest value will be taken as L1 offerer and orders will be placed for the total number of cranes in that tender.
3. The contractor should not dismantle the assemblies which were assembled and supplied by the original manufacturer. Under extraordinary situations, if the assembly has to be dismantled, the crane erector should get prior permission from BHEL to do so.
