A	System Design, Selection of Equipment, Detail Engineering, Manufacturing, Supply of Mechanical, Electrical and C&I Equipment / items, Inspection & Testing, shop floor testing, shop floor painting, supply of equipment including spares, packing & transportation to site including, customs clearance/ port clearance of Ash handling system as per scope of specification for the following:									
A.1	Bottom ash Removal and Overflow system as per scope of specification	Lot	1						NA	
A.2	Economizer hoppers Ash Removal System as per scope of specification (Refer Clause 4.2 Sl. No. B.1)	Lot	1						NA	
A.3	Ash Slurry Disposal System as per scope of specification	Lot	1						NA	
A.4	Dry Fly Ash Removal System (1st Stage Pressure Conveying system)- Coarse Ash (AH) Ash Removal System and ESP Ash Removal System as per scope of specification (Refer Clause 4.4 Sl. No. D.1 and D.3)	Lot	1						NA	
A.5	2nd stage Pressure Conveying System and Fly Ash Silo Unloading Systemas per scope of specification	Lot	1						NA	
A.6	HCSD system as per scope of specification	Lot	1						NA	
A.7	Instrument Air System, Common Water System and Ash Water Recovery System as per scope of specification	Lot	1						NA	
A.8	Supply of Structural Steel, gratings, Chequered plate, handrails, insert plates, etc. for Access/ maintenance Platform for ECO/ECO bypass/ECO-SCR/APH hopper equipments as per scope of specification	MT	20						NA	
A.9	Supply of Dyke end Valves (Spectacle Blind Plate type) as per specification and addendum-01	Nos.	24							
B	Supply of Commissioning spares as per the scope of specification	Lot	1						NA	
C	Supply of Mandatory Spares-Mechanical as per list specified in the specification.	Lot	1						NA	
D	Supply of Mandatory Spares-Electrical, C&I as per list specified in the specification.	Lot	1						NA	
	SERVICES									
E	Supervision of Erection & Commissioning as per the scope of specification	Man months	36							
F	Supervision of Operation and Maintenance as per the scope of specification.	Shifts	300			NA	NA	NA		
	Total									
O	(Optional price)									
O.1	Eco bypass hoppers Ash Removal System as per scope of specification (Refer Clause 4.2 Sl. No. B.2)	Lot	1							
O.2	Dry Fly Ash Removal System (1st Stage Pressure Conveying system)-Eco to SCR hopper (Eco-SCR) Ash Removal System as per scope of specification. Refer Clause 4.4 Sl. No. D.2)	Lot	1							
O.3	Supply of one set of Slurrification system (Capacity 90 TPH on dry fly ash basis) below each IA silo upto Ash slurry sump including adopters, knife gate valves, spool pieces, wetting unit, slurry pipes, water piping and valves, fittings etc.	Lot	1							
O.4	Recommended Spares: Recommended Spares required for initial 3 years of operation. The list of spares with individual item price shall be indicated.	Lot	1							

Notes

1. Incase of additional requirement of man-months for Supervision of Erection & commissioning and additional requirement of shifts for Supervision of Operation & Maintenance, the rate quoted in Sl. No E & F shall be valid till the end of the contract.
2. Above is inclusive for all contractual obligations including submission of Drawings, Documents, QAP, Painting schedule, O&M manual, Erection manual etc in required number of hard and soft copies as per enquiry specification, bidder's offer and all recorded discussions etc.
3. The optional price shall be valid till end of contract and shall not be considered for evaluation of L1 status.
