

**BHARAT HEAVY ELECTRICALS LIMITED,
TIRUCHIRAPPALLI 620 014
OUTSOURCING DEPARTMENT**

NIT: 2026OSB057

**NIC TENDER ID: 2026_BHEL_64435_1
CORRIGENDUM-II**

Tender Description: Fabrication & Supply of COAL GASIFIER SUB-ASSEMBLIES (PART-PROCESSING) with free issue of BHEL Materials (OSB)

Kindly note the below mentioned clarifications w.r.t OT 2026OSB057.

Please note that the **Scope of Work clearly defines the applicable responsibilities and scope**. The QCP is provided as a reference document for meeting the overall quality requirements in conjunction with the applicable SQP and CQP.

However, the requirements mentioned under Clauses 3.8 and 3.4 as below are not within the vendor's scope of work.

1. Clause 3.8 – Surface Preparation & Painting:

Painting is under **BHEL's scope of work**. At the vendor's works, only the prepared edges are to be coated with a suitable **weldable primer** and suitably protected against damage during handling and transit.

2. Clause 3.4 – Hydrostatic Pressure Test:

Hydrostatic testing is also under **BHEL's scope of work** and is not required to be carried out at the vendor's works.

Hence, the paint scheme, number of coats, DFT, hydrostatic test pressure and test duration are not applicable to the vendor scope and are therefore not required to be specified in the vendor's QCP.

- ***All other Terms and Conditions of NIT remains unchanged.***
