

NOTE

Date: 15.12.2017

Ref Enq : NKR0000215 dt. 08.11.2017
Item – Foundation Field Bus System
Project: NTPC Telangana Unit 1&2 (2X800MW)
Estimate : Rs. 136.00 Lakh

Subject: Approval for issuing corrigendum for due date extension-reg

Reference open tender was floated through EPS for Foundation Field Bus System for NTPC Karimnagar projects. Tender was scheduled to be opened on 06.12.2017. No offer was received on due date of tender opening.

In order to allow vendors to submit the offer due date of tender submission was extended to 15.12.2017.

As per the tender condition Corrigendum will be published on the EPS website, www.bhel.com & www.bheledn.com.

Corrigendum for extension of due date was done on EPS website. It is noticed that publication of corrigendum on www.bhel.com & www.bheledn.com websites was missed out inadvertently.

Only one offer is received till date. In order to communicate to all prospective vendors and allow them to submit the offer, it is proposed to extend due date of tender submission upto 22.12.2017 with publication on the EPS website, www.bhel.com & www.bheledn.com.

As per clause 2.1 of purchase policy, Mgr/Purchase is required for floating open tender of value less than 175lakh.

DGM/CE-MM-PR may pls. approve for floating corrigendum for extension of due date to the tender.

Submitted for approval pls.
