SECTION – VIII-SPECIAL CONDITIONS OF CONTRACT ON REVERSE AUCTION

Page | 8

Against this enquiry for the subject item/system with detailed scope of work as per enquiry specifications, BHEL shall be resorting to Reverse Auction (RA) (Guidelines as available on www.bhel.com) for this tender. RA shall be conducted among all the techno-commercially qualified bidders.

Price bids of all techno-commercially qualified bidders shall be opened and same shall be considered as initial bids of bidders in RA. In case any bidder(s) does not participate in online Reverse Auction, their sealed envelope price bid along with applicable loading, if any, shall be considered for ranking.

For the proposed reverse auction, technically and commercially acceptable bidders only shall be eligible to participate.

(i) English Reverse (No ties) is a type of auction where the starting price and bid decrement are announced before start of online reverse auction. The interested bidders can thereupon start bidding in an iterative process wherein the lowest bidder at any given moment can be displaced by an even lower bid of a competing bidder, within a given time frame. The bidding is with reference to the current lowest bid in the reverse auction. All bidders will see the current lowest quoted price and their rank. The term 'No ties' is used since more than one bidder cannot give an identical price, at a given instant, during the reverse auction. In other words, there shall never be a tie in the bids.

(ii) Those bidders who have given their acceptance to participate in Reverse Auction will have to necessarily submit 'Process compliance form' (to the designated service provider) by the agreed bidder(s) will be considered as tampering of the tender process and will invite action by BHEL as per extant guidelines for suspension of business dealings with suppliers/contractors (as available on www.bhel.com).

(iii) BHEL will engage the services of a service provider who will provide all necessary training and assistance before commencement of on line bidding on internet.

(iv) In case of reverse auction, BHEL will inform the bidders the details of Service Provider to enable them to contact & get trained.

(v) Business rules like event date, time, bid decrement, extensions etc. also will be communicated through service provider for compliance.

(vi) Bidders have to submit the 'Process compliance form' from before start of Reverse auction. Without this, the bidder will not be eligible to participate in the event.

(vii) In line with NIT terms, if necessary BHEL will provide the calculation sheet (e.g. EXCEL sheet) which will help to arrive at "Total Cost to BHEL" like Packing & forwarding charges, Taxes and Duties, Freight charges, insurance as per norms and loading factors (for non-compliance to BHEL standard Commercial terms & conditions) for items specified and GST extra, for each of the bidder to enable them to fill-in the price and keep it ready for keying in during the Auction.

(viii) Reverse auction will be conducted on a scheduled date & time.

(ix) At the end of Reverse Auction event, the lowest bid value will be known on auction portal.

(x) Successful bidder shall be required to submit the final prices (L1) in BHEL prescribed format for price breakup including that of line items, if required, quoted during the Online Reverse Auction, duly signed and stamped as token of acceptance without any new condition (other than those already agreed to before start of auction), after the completion of auction to M/s. {Service provider} besides BHEL within two working days of Auction without fail.

(xi) In case BHEL decides not to go for Reverse Auction procedure for this tender enquiry, the Price bids and price impacts, if any, already submitted and available with BHEL shall be opened as per BHEL's standard practice.

(xii) Bidders shall be required to read the "Terms and Conditions" section of the auctions site of Service provider, using the Login IDs and passwords given to them by the service provider before reverse auction event. Bidders should acquaint themselves of the 'Business Rules' indicating details of RA event carefully, provided by the Service provider, before reverse auction event.

(xiii) Bidder shall not divulge either his Bids or any other exclusive details of BHEL to any other party. If the Bidder or any of his representatives are found to be involved in Price manipulation/ cartel formation of any kind, directly or indirectly by communicating with other bidders, action as per extant BHEL
