	Notes:			l													
	The fire sealing area indicated under Column basis for each of the items mentioned above , w area requirements as per type-tested arrangements.	hich shall be	e used for billing pu	rposes of the s													
	Successful bidder is responsible for estimation of additional quantities based on site conditions and work progress. The estimates shall be used by BHEL as inputs for clearing further quantities. These activities shall be impleted within the overall contractual period.  Total price quoted for items 18 AII above shall be used for price comparison purpose.																

4. Unit prices for supply and installation shall be quoted in line with Sl. No. 2 of Section-I & Sl. No. 7.0 of section II of specification.

6. Materialwise breakup of unit price (in % of main item unit price) to be indicated by bidder against each of the materials required for completion of main items. Materialwise percentage break up indicated shall add to 100% of the unit price quoted for main item. If any of the material mentioned above is not applicable for the system offered by bidder, NIL may be indicated against the same.

5. For Type Test requirements refer specification.
