Bidders are requested to go through the following –

- Due date is being extended to 27.12.2023 (04.00PM). Bid opening shall be done at 04:30 PM on the due date.
- The list of sub-vendors for various items attached with the tender specification has been approved by the customer. However, successful bidder may propose additional makes for respective items, keeping civil and electrical inputs unchanged (wrt those given in tender specification) in line with tender specification clause no. 2, Clause no. - Bidders to note the following clarification-

Sl.No	Bidder Clarification	BHEL Reply
1	Is bridge-to-bridge support for ducting included in Bidder's scope? In earlier engineering, it was part of Bidder's scope and not explicitly mentioned in the current tender specification.	Scope of ventilation duct support for various area has already been indicated in duct layout drawings attached with the tender specification. Bidder to refer the same.
2	Is VFD required for both Airwasher and UAF? It's not mentioned in the price schedule or electrical scope. Other vendors might not be aware, leading to potential cost increases for us.	Air Washer and UAF Fans shall be VFD Driven and same is already mentioned under Clause No. 19.8.12 (Page no. 31 of 623) and also shown in the PID for Air Washer and UAF and Control Philosophy for Ventilation System enclosed with the specification.

All the other terms and conditions of the tender enquiry remain unchanged. All the bidders are requested to quote accordingly.

Yours faithfully,

For and on behalf of BHEL
