**OUR REF: TENDER ENQUIRY NO: PE/PG/RTC/E-6438/2020, Dtd.11.05.2020**

1. Please find BHEL's clarification on vendor's technical/commercial query-

| Bidders technical/commercial query-                                                                                                                                                                                                                                                                                                                        | BHEL's clarification                                                                                                                                                                                                        |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In the BHEL price format, the mandatory spares requirement in most of the cases in the price Column, it is mentioned as "Dervied" whereas the percentage is not indicated in the unit Ex-works/Total Ex-works column. Request you to check and clarify/Correct the same.                                                                                   | Please note that in price schedule some items of mandatory spares, required quantity s NIL in and hence derived value will be zero for those cases. Please follow price form available in e-procurement portal for clarity. |
| In Sl.No A.2, Column No 11, Electrical actuator specification mentioned as "Smart Actuator", which we had not supplied so far for any project. Kindly confirm the technical requirement of Smart Actuator and the EA data sheet pertaining to that project. Any special Quality requirement in the case of Smart Actuator also to be indicated separately. | Please note that the technical requirement is of Smart Actuator. Bidder to refer Technical Specification (Sl. no.2 of Datasheet-A and Actuator Data sheet of Talcher and Khurja project).                                   |

2. Please read clause no 5 of page 2 of NIT as-

"For Butterfly Valves Steam Service" package, the Local content shall be 50%."
