

CORRIGENDUM TO NIT 52333

Date: 24.05.2020

Reference: EDN: PVENG: NTPC FSPV: 25MW: BOS Date: 14.03.2020

Subject: Virtual tour of the site

Due to COVID-19, the site visits are not feasible as required by the bidders to understand the site conditions. For information of the bidders, BHEL is providing a link of virtual survey of the site from termination point at switchyard to Inverter Platform locations along the reservoir.

The link is as follows:
