MM / RM / Steel (Purchase)
BHEL, TIRUCHY - 620 014.

Pre-Qualification Requirements (PQR) REV:01 for the procurement through Open Tender for Nickel alloy Plates conforming to ASME SB168 / ASME SB564 UNS N06617 with reference to AUSC/TDG: 117/02 (or) Latest Revision.

A) Organizational Capability:

1. Material shall be from manufacturers of Nickel based alloys, ref to Pt. No-3 below, (preferably for high temperature service) conforming to International standards having hot rolling facility. The plate manufacturers shall have required Plate Rolling, Machining and Testing facilities also. Offer from traders, re-rollers, fabricators and stockist are not acceptable and shall not be considered for evaluation.
Vendor to indicate the nature of the firm.
2. Vendor (Bidder) with basic manufacturing facilities like hot rolling, Heat treatment and Nondestructive testing are qualified to quote for this tender. However, Vendor may also suitably outsource the above activities. In case of outsourcing, the product quality requirements shall be ensured by the Vendor. Heat treatment furnace calibration certificate issued by approved agency/statutory bodies alongwith procedure for calibration shall be submitted.
3. If the Vendor is not having nickel alloy melting facility, then source of raw material shall be informed. The nickel alloy manufacturer shall be IBR approved well-known steel maker. In case of nickel alloy manufacturer not approved by IBR as well-known steel maker, then material test certificate shall be certified by IBR approved inspecting authority. If the Vendor is dependent on more than one source for nickel alloy making, all the sources shall be indicated, and the supplies shall be restricted to the indicated list of raw material Vendors. For the submitted raw material sources, the Vendor shall confirm that the raw material test certificate/s will be furnished along with product test certificate/s.
4. Chemical, Mechanical testing shall be done in-house calibrated facility or at Labs certified as per ISO 17025 or Government approved Laboratories.
5. Vendor shall submit a valid ISO 9001 certificate or Equivalent Quality Management System Certificate.
6. BHEL reserves the right to visit Vendor works to audit & inspect to ensure the capability.
7. BHEL reserves the right to inspect the items ordered at any stage at vendor's works and if found not meeting the stipulated conditions, items shall be liable for rejection.

---	---

B) Technical Competence:

1. Point by point confirmation to the TDC ref: **TDG: 117/02 (or) Latest Revision** Requirements is mandatory for consideration of offer.
2. Vendor shall submit the list of facilities available at the mill (Raw material to finished product), manufacturing process flow chart & manufacturing quality plan to meet the TDC ref: **TDG: 117/02 (or) Latest Revision** requirements along with technical bid.
3. Vendor shall submit the experienced manpower details specific to Manufacturing, Quality and NDE requirements.
4. Vendor shall have to give UT-reference block used for ultrasonic testing of plates along with the main supply.
5. Manufacturer's test certificates (MTC), Heat Treatment Charts, Ultrasonic test report as per TDC requirement and any report /record as per approved quality plan to be submitted for BHEL's review/approval before dispatch.

C) Financial Soundness:

1. Indigenous Vendors shall submit Audited copies of annual reports/complete set of annual accounts for the last four years (or from date of incorporation whichever is less).
2. Foreign Vendors shall submit latest D&B report.

Necessary supporting documents shall be submitted for meeting each of the above Pre-Qualification Criteria for evaluation of the offers.

BHEL reserves the right to consider/Not-consider the offers based on the evaluation of documents submitted for the above Pre-Qualification Criteria. BHEL also reserves the right to have on-site assessment of the facilities at Vendor's works during the bid evaluation.
