=====

CLARIFICATION TO QUERY:

Query:- Whether BHEL will consider a Crane having Boom Sections not originally manufactured by Crane manufacturer (but are fabricated outside by supplier other than Original Crane Manufacturer) for Technical Qualification or not for subject Tender

Answer: - It is bidder's prime responsibility to ensure the crane is safe and suitable for the intended job. Just by seeking permission from us this aspect cannot be diluted. Hence seeking permission from us for boom sections not originally manufactured by crane manufacturer but fabricated outside by supplier other than original crane manufacturer is out of question. In case if you are providing any of such components then the certification by approved authorized agency is required to be produced.

=====

All other Terms and conditions of the Tender Specification shall remain unaltered unless expressly amended by BHEL in writing.

Bidders are requested to submit as a part of Technical Bid, a copy of this corrigendum duly countersigned by the authorized signatory and stamped with the Official seal as a token of Bidder's unqualified acceptance of this corrigendum.

This letter is hosted as file titled "Clarification-02" against NIT-7621 in BHEL web page (www.bhel.com→Tender Notifications → View Corrigendum).

Thanking you,
Yours faithfully,
