**13. SPLITTING OF CONTRACT :**

For ease of operation convenience, it is envisaged that the work shall be distributed between maximum two qualified agencies at L1 rate in the percentage ratio of 65:35. However the split shall be limited to amongst (N-1) Qualified agencies, whereas N is the Total No of Qualified Agencies. The distribution is subject to acceptance of L-1 rate by other bidders.

The highest ratio of contract shall be awarded to L1 party. Rest of the distributions shall be made by offering the L1 rate to L2, L3 L4 and so on ... sequentially in the order of their evaluated position. If any ratio of distribution remains unallocated due to non-acceptance of rates by any of the parties then the same shall be offered and distributed amongst L1 and other parties who have accepted the L1 rates in their ratio of distribution with their consent. In case no party accepts the L1 rate the 100% allocation of work shall be awarded to L1 party.
