

**Fabrication & Supply of IBR & Non IBR Piping for Various Projects (With Vendor Material)**

Date- 12.04.2022

Dear Sir / Madam,

Sub: Fabrication & Supply of IBR & Non IBR Piping for Various Projects (With Vendor Material) as per BHEL Enquiry No 4212200002 dt 08.04.2022.

With regard to the subject Enquiry for the Fabrication & Supply of IBR & Non IBR Piping for Various Projects (With Vendor Material) as per BHEL Enquiry No 4212200002 dt 08.04.2022, Corrigendum 1 dt 12.04.2022 is issued for revision in consideration criteria for Part II evaluation of individual Rate Codes of the Enquiry-

- Based on applicability of customer approvals, after qualification of PQR and Techno-Commercial acceptance, un-approved bidders will be taken up for customer approval. PQR qualified, Techno-Commercially acceptable and customer approved bidders (as applicable) will be considered for Part II evaluation of individual Rate Code.
- However, in case customer is limiting bidder(s) approval based on design criteria like design pressure, temperature etc, then such bidder(s) will be considered only for requirements falling within their approval criteria. If such cases arise, Rate Code and corresponding quantity will be split (eg. Quantity against Rate Code 2203RS01 (2.82 MT) may be split into 2203RS01-A (1.0 MT) and 2203RS01-B (1.8 MT) based on customer approval criteria) and bidder(s) will be considered only for the Rate Code quantity falling within the customer approval criteria. In the eventuality such cases arise, BHEL may not be able to ensure minimum order quantity against such Rate Code(s). However, cumulative order quantity on all bidder(s) against such Rate Code(s) will be maintained within the tolerance of  $\pm 15\%$  of the Rate Code quantity indicated in the NIT. Bidders will be required to take note of this condition while submission of their bid as revision in pricing on this account will not be allowed after Part I bid opening.
- Above condition will be applicable only for Rate Codes wherein customer approval is envisaged as per Clause No 2.a of General Terms & Conditions of the Enquiry. For Rate Codes wherein customer approval is not envisaged as per Clause No 2.a of General Terms & Conditions of the Enquiry, all PQR qualified and Techno-Commercially acceptable bidders will be considered for Part II evaluation.
