1		As per clause no.5, consortium partner may enter into consortium agreement with other prime bidders. Considering the above, it is very difficult for the consortium bidder to provide the bid margin for various prime bidder along with bid. Hence we request you to accept the bid margin after the award of the contract	Refer the attached "REVISED CONDITIONS FOR PQR"
2		Pl. confirm that E.S.I. is applicable or not for this project	Prevailing is WC at site.
3		Clause no. 2.4 (SCC) : Since this package involves only civil and structural works, all the trial run and commissioning is under BHEL scope. Please confirm.	Plant Equipment commissioning is not under civil scope
4		If we are opting to quote two packages we presume that we have to provide two technical bids (envelope 1) + one EMD and one tender cost (Envelope 2) + two price bids (envelope 3), whereas Blank Tender Documents shall be submitted seperately as Envelope 4. Please Confirm	Duly signed tender documents shall be submitted
5		1. We presume that we can take fabrication from different projects and erection from different projects 2. We presume that duration for fabrication and erection can be independently veiwed and considered (like fabrication one calender year & erection in another calender year)	1. YES 2. YES

S.No	Ref	Bidder's Query	BHEL Reply
6		As both packages will not be awarded to single bidders, and we intend to quote for both packages, we request you to allow us to submit Single Bid margin amount to the maximum value of Rs. 350 lakhs (can be considered for any one package during award) for this tender	Refer the attached "REVISED CONDITIONS FOR PQR"
7		Cl. 12 of NIT - Normally in other PSUs, BG from Associate will be limited to 5% of the contract value and will be submitted after award of contract only by successful bidder. Please do confirm. Also since you are allowing consortium partner to participate with any number of prime bidder, he cannot take bid margin for all of them at the bidding stage.	Refer the attached "REVISED CONDITIONS FOR PQR"
8		Chapter III of TCC: Space for batching plant is not mentioned and do confirm for water and power as well.	Within the plant premises as per tender condition
9		1.5.6, Chapter V of construction schedule in TCC : As per milestone structural steel erection works are started before completion of foundation works.hence request you to revise the milestone dates.We request you to consider that the date of start shall be from the date of commencement and not from the date of LOI.	Commencement of structure erection is to be progressively in line with release of foundation works.Hence not to be linked with completion of foundation.tender is in order. Existing in Construction Schedule :Activity ->START FROM ISSUE OF LOI to be read as date of commencement of work at site
10		Electricity-duties and deposits including statutory clearances: we understand that this will be in the scope of client. Please do confirm.	Refer "facilities scope" Chapter III of TCC.It is in bidders scope
11		Please mention the capacity of batching plant and we understand that 8 nos. of transit mixers are enough for each package. Please do confirm.	Batching plant of Suitable capacity and required no.of transit mixers are to be arranged as per tender conditions
