A) Some of the Bidders had asked queries in the published tender specification. The clarifications issued by BHEL are furnished below:

Sl. No.	Reference clause of Tender Docs	Bidder's query	BHEL RESPONSE
1.	BOQ Item Rate Schedule sl. No. A2607	With reference to the subject NIT/Tender, while quoting overall rate and individual rate of Item no. A2607 hard rock requiring chiseling, rate of Item no. A2607 comes out to be very low due to poor estimate or weightage of Item no. A2607. Rate differences in Item no. A2606 (hard rock with blasting) and Item no. A2607 (hard rock with chiseling) is almost the same or very low. So, please look into the estimated rate of hard rock requiring chiseling i.e. Item no. A2607 and issue fresh BOQ of above work with amended rate/weightage of item no A2607.	Tender condition shall prevail.
2.	Technical PQR Annexure-1 of NIT	The bidder has extensive experience in large-scale mechanized earthwork, rock excavation, drilling & blasting, loading, transportation, levelling, grading, and allied activities executed for reputed mining and infrastructure projects using heavy earth-moving equipment.	Please refer PQR SL No: B-1 & B-2 for subject queries. However, it is further clarified that any civil works pertaining to mining activity like Site development & earthwork, Mine haul roads, Drainage works, excavation involved in Slope stabilization & earth retaining structure, RCC foundations for crushers, conveyors, screens, stackers /reclaimers, pumps, substations and other equipment, Crusher-house
