A) Some of the Bidders had asked queries in the published tender specification. The clarifications issued by BHEL are furnished below:

Sl. No.	Reference clause of Tender	Bidder's Query	BHEL's Response
1.	Clause 1.vii of NIT	Requested to waive-off EMD for MSME & Non-MSME bidders	Tender conditions shall prevail.
2.	Clause 1.10.2 of General Conditions of Contract	BG against SD must be 2.5 % and rest from RA bills	Tender conditions shall prevail.
3.	Clause 2.13 of General Conditions of Contract	Request management to provide advance of 10% of project cost or suitable value against Advance Bank guarantee	Tender conditions shall prevail.
4.	Technical PQR B.2.2 at Annexure 1 of NIT	Electrical erection packages mostly consist of Auxiliary Transformers up to 5 MVA and as such keeping 159 MVA Transformers as PQR will result in technical qualifications of few bidders. The above criteria seem to be included in the NIT considering 60% of BOQ Line Item No. E8.01 and price weightage is 3.45%. Such high ratings transformers are manufactured by BHEL themselves (Refer TDS at Annexure-8 & 12), but including erection of such high voltage & high rating (above 11 kV & above 5 MVA) in the electrical erection package will result in participation /	Tender conditions shall prevail.
