Date: 11.03.2021

CORRIGENDUM-4

SUBJECT: GUIDELINES FOR REVERSE AUCTION -2021

REFERENCE: Document no. 9 Annexure-ACC-OT-COMM-RA TERMS

DETAIL:

Bidders may please take note that Guidelines for Reverse Auction-2020 (Doc. No. AA:SSP:RA:04 dated 04.03.2020) has been replaced by Guidelines for Reverse Auction-2021 (Doc. No. AA:SSP:RA:05 dated 08.03.2021).

The “GUIDELINES FOR REVERSE AUCTION -2021” can be downloaded from our website <https://www.bhel.com/supplier-registration>. (Attached herein for ready reference).

Following major changes in guidelines were informed through Corrigendum – 3 dated 09.03.2021.

1. Start price for RA to be L1 of e-bid/ sealed envelope price bids.
2. Minimum two techno-commercially qualified bidders are required to conduct RA.
3. Wherever six or more techno-commercially qualified bidders are available, RA would be conducted amongst first 50% of the bidders arranged in the order of prices from lowest to highest. Number of bidders eligible for participating in RA would be rounded off to next higher integer value if number of techno-commercially qualified bidders is odd (e.g. if 7 bids are technically qualified, then RA will be conducted amongst lowest four bidders). However, there will be no elimination of bidders who are MSE or qualifying under PPP-MII Order, 2017.

In addition to the above, Bidders may also take note of the following:

1. In case of two or three qualified bidders, there shall be no elimination of H1 bidder (whose quote is highest in sealed envelope price bid).
2. In case of four qualified bidders, the H1 bidder to be eliminated whereas in case of five qualified bidders, H1 and H2 bidders are to be eliminated.

You may refer clause 10.1 of Guidelines for Reverse Auction-2021.

Above mentioned clauses are only excerpts from revised Reverse Auction Guidelines and should be read in conjunction with the guidelines in all respect. It is the responsibility of the bidder to ensure that bid be submitted in compliance with all the provisions of the guidelines.
