

Corrigendum

NIT No: NIT_57369

Tender Ref. No.: BHEL:SBD:PVOM:WBPDCCL:SgTPP:5MW:O&M Dt: 16.02.2021

Name of Work: Operation and Maintenance works of WBPDCCL SgTPP 5MW Floating Solar PV Power Plant at Sagardighi, Murshidabad Dist., West Bengal for a period of 62 months.

Refer Note No. 2 of PART-I TECHNICAL-CUM-COMMERCIAL BID (page no. 4)

Reverse Auction (RA) Guidelines as available on www.bhel.com has been revised. Revised RA guidelines as on 10.03.2021 will be applicable to the tender.

Following are the major changes:

1. Start price for RA to be L1 of e-bid/ sealed envelope price bids.
2. Minimum two techno-commercially qualified bidders are required to conduct RA.
3. Wherever six or more techno-commercially qualified bidders are available, RA would be conducted amongst first 50% of the bidders arranged in the order of prices from lowest to highest. Number of bidders eligible for participating in RA would be rounded off to next higher integer value if number of techno-commercially qualified bidders is odd (e.g. if 7 bids are technically qualified, then RA will be conducted amongst lowest four bidders). However, there will be no elimination of bidders who are MSE or qualifying under PPP-MII Order, 2017.
4. In case of two or three techno-commercially qualified bidders, there shall be no elimination of H1 bidder (whose quote is highest in sealed envelope price bid).
5. In case of four qualified bidders, H1 bidder to be eliminated whereas in case of five qualified bidders, H1 and H2 bidders are to be eliminated.

All other terms and conditions of the tender will remain unchanged.
