Corrigendum to AA23702 (Rev 02)

Specification AA23702 governs the quality requirements of "Heat Shrinkable Woven Polyester Tape", which is woven firmly and uniformly in plain weaves with selvages.

Corporate specification AA23702 (Rev 02) should be read with this corrigendum. The properties mentioned below shall override the properties mentioned in the specification AA23702(Rev 02).

Clause	Test Parameter	Specified Value	New Value applicable
6.2.1	pH Value of aqueous content	8-10 pH Value	5-10 pH Value
