## **TERMS & CONDITIONS FOR FINALIZING THE CONTRACT**

### **TENDER NO. TENDER NO. SCPV-MM / 20-21 / GSECL/TC , dt. 17.03.2020**

#### **1. METHOD OF EVALUATION OF PRICES**

1.1 **BHEL will finalize the rates through paper price bid opening only ( No reverse Auction).**  
Hence Tenderers are requested to give their best prices at the first instance itself.

1.2 BHEL would negotiate or re-float the Tender opened if L1 price is not the lowest acceptable price to them inter-alia other reasons.

1.3 Lowest prices received against BHEL Tenders need not be acceptable price to BHEL and in that case BHEL would not consider the same for award of Contract, despite the price being L1 in the Tender.

1.4 In the event of the final L1 prices are not reasonable / acceptable to BHEL; BHEL also may resort to short closure of this Tender

#### **2. RANKING**

2.1 Individual rate schedule wise ranking of Carriers will be done.

2.2 The basic rates i.e. rates for freight including all taxes, duties, charges, costs, incidentals etc., excluding GST will be the basis for deciding the rank of the Bidder in the Rate schedules.

2.3 The lowest rate quoted by the Bidder will be identified as L1 Bidder and so on.

2.4 In the course of evaluation, if more than one bidder happens to occupy L1 status, effective L1 will be decided by soliciting discounts from the respective L1 bidders. In case more than one bidder happens to occupy the L1 status even after soliciting discounts, the L1 bidder shall be decided by toss/draw of lots, in the presence of respective L1 bidders or their representatives.

Ranking will be done accordingly. BHEL's decision in such situation shall be final binding.

#### **3. NUMBER OF CARRIERS REQUIRED FOR OPERATION**

3.1 As stated in clause no 4.

#### **4. LOAD DISTRIBUTION**

4.1 For having a practical and workable base of transportation contractors, BHEL, EDN Bangalore will distribute the total available quantum of work to 3 (Three) transporters. The division of load among the three transporters will be done as follows:

- a. 3 (Three) transporters will be selected from the list of accepted techno-commercially and financially transporters in the order of merit from L1 to L3.
- b. The L-1 transporter will be established by BHEL through price bid opening. The L-1 accepted prices will then be offered to others in the order of their standing in price bid (i.e. to L-2, then L-3 & so on). Only on acceptance of this offered price (without further negotiation) the other bidders

Date :  
Place:

Signature of the Bidder with seal  
(Authorized Signatory)

- will be considered for awarding the contract. If the original L-2 bidder refuses to accept the L-1 price, it will be offered to the next in the order of merit till a total of three contractors are shortlisted.
- c. The division of work among the three transporters to be awarded the contract is given in the table below. The final selected three bidders are called the 'approved contractors'.

BIDDER	Share of Load if divided to 3 only	Share of Load if divided to 2 only
L1 - Original	50%	60%
L2 – Subject to accepting L1 price	30%	40%
L3 – Subject to accepting L1 price	20%	-

While dividing the load distribution of work as above, if tenderers other than L1 are not accepting the L1 offered price, the onus of accepting the entire load rests with L1 bidder. Similarly, if sufficient number of bidders (i.e., 2 nos) are not willing to accept L1 offer, then the total load will be redistributed among the number of accepting contractors at the discretion of BHEL-EDN, Bangalore.

## 5. DIESEL PRICE VARIATION CLAUSE (PVC)

5.1 The rates agreed between BHEL and the transporter will remain firm during the total period of the contract except the Diesel price Variation Clause as given below:-

5.2 The freight rate will be divided into two elements viz., (i) Fixed cost and (ii) Diesel cost - i.e. variable cost as detailed below:-

Details	40 Ft(FF) Non-ODC
Fixed cost	60%
Diesel variable cost	40%

5.3 Whatever increase/decrease in the diesel price, PVC will to be applied on this variable portion of the freight rate only. For example, say the diesel rate is increased/decreased by 5.1%, then the diesel variable cost alone will be increased/reduced by 5.1%.

5.4 The rates will be revised only if increase/decrease in diesel price (cumulative) is more than 5%. Further revisions will be done only when the further cumulative variation is more than 5% from the base/reference diesel rate.

5.5 Revised Rates applicable at the date of invoice / GC / LR will be considered for freight payment.

5.6 The reference diesel rate shall be the actual diesel rate as on date of Tender due date. The rates of diesel will be calculated on the basis of the rates published by IOCL website ([www.iocl.com](http://www.iocl.com)) prevailing at Mumbai.

5.7 Rate increase/decrease on any other account, other than Diesel price variation, will not be permissible.

Date :  
Place:

Signature of the Bidder with seal  
(Authorized Signatory)

5.8 Sample calculations:-

5.9 Say for a particular rate schedule the finalized rate is ₹ 3 per Km .

5.10 The fixed cost is ₹ 1.8 (60%) and the variable cost is ₹ 1.2 (40%)

5.11 If the base diesel price increases from ₹ 50 to ₹ 52.5 (5%) rates will not be revised

5.12 Further the diesel rate is increased to ₹ 53 i.e increase is 6% then the variable portion alone will be increased to 6% i.e.  $1.8 + (1.2 + (\text{₹ } 1.2 \times 6\%)) = \text{₹ } 1.8 + \text{₹ } 1.272 = \text{₹ } 3.072$ .

5.13 Further if the rate increases to ₹ 54 i.e 8% increases. In this case rate will not be revised since already increase is given for more than 5% (i.e >5 to 10%).

5.14 Further if the rate is increases to ₹ 56 i.e increase is 12% then the variable portion alone will be increased to 12% i.e.  $\text{₹ } 1.8 + (1.2 + (\text{₹ } 1.2 \times 12\%)) = \text{₹ } 1.8 + \text{₹ } 1.344 = \text{₹ } 3.14$ .

5.15 At any cost for variation  $\pm 5\%$ , the basic freight rate finalized will remain same.

5.16 The above logic will be applicable for decrease in diesel rate also.
