

BHARAT HEAVY ELECTRICALS LIMITED
INDUSTRIAL VALVES PLANT
GOINDWAL SAHIB
EXPRESSION OF INTEREST (EOI)

EOI No.: BHEL:IVP:HYDRA:EOI:01

Date: 10.04.2026

Bharat Heavy Electricals Limited (BHEL), IVP Goindwal invites Expression of Interest (EOI) from experienced service providers for hiring of Hydraulic Cranes for identification of technically capable vendors for future enquiries.

This EOI is being issued to:

- a) Identify technically capable and experienced service providers for hydraulic crane operations.
- b) Shortlist vendors for participation in future enquiries.

1. SCOPE OF WORK

Scope of work includes loading of standard steel cargo container of **20 feet x 8 feet x 8.5 feet size** from ground level onto trailer vehicle. The total gross weight of the container shall be in the range of 20–25 MT. The loading operation may be carried out either by deploying one hydraulic crane of minimum 28 MT capacity or by using two hydraulic cranes of minimum 12 MT capacity each.”

The detailed scope includes:

- Deployment of hydraulic crane (as appropriate)
- Provision of operator and minimum one helper per crane
- Arrangement of chain slings & other lifting accessories suitable for lifting operations
- Diesel for crane operation shall be in contractor’s scope
- Loading activity to be carried out within BHEL, Industrial Valves Plant, Goindwal Sahib, Dist Tarn Taran, PIN 143422, Punjab premises

2. TECHNICAL & SAFETY REQUIREMENTS

The contractor shall ensure the following:

A. Hydraulic Crane Requirements:

- Availability of all original valid documents including:
 - RC / Invoice
 - Valid Insurance
 - Pollution Certificate
 - Healthiness / Load Testing Certificate issued by authorized third-party agency
- All safety features must be in working condition:
 - Front and rear lights
 - Seat belts
 - Reverse horn

➤ Other standard safety accessories

- Crane components such as tyres, brakes, hoist rope, etc. must be in good working condition.
- All lifting accessories including chain slings, D-shackles, hooks, etc. shall be duly certified and periodically load-tested as per applicable standards. Valid and current Test Certificates (TCs) from an authorized third-party inspection agency shall be produced for verification before commencement of work.

B. Operator Requirements:

- Valid Driving License

3. SUBMISSION DETAILS

Interested service providers are requested to contact the undersigned for submission, listing and scrutiny of requisite documents for consideration in future enquiries
