Dear Sir/Madam,

Greetings from Pro-Arc,,,,,,,,!!!!

With reference to the above subject, against the Tender No. 2622100038_Due on 30.12.2021 for supply of Gas cutting machine for Nozzle opening on Cylindrical Shell. We would like to inform you that we are interested in participating in the said tender, but we could not manage to submit the above tender as the notification for the same is received very late. We request you to extend the bid submission date for further 15 days for the said tender to enable us to participate in the same.

Below please find the brief introduction about **Pro-Arc**:

We, Pro-Arc Welding & Cutting Systems Pvt. Ltd., are one of the largest manufacturers of CNC oxy fuel and plasma profile cutting machines in India. We have over 25 years of experience manufacturing CNC profile cutting machines and have manufactured and supplied over 1000 CNC profile cutting machines within India and exported machines to customers in USA, Kazakhstan, Qatar, Kuwait, UAE, Bangladesh and Myanmar. We are an ISO 9001:2008 registered company and employ quality control practices in our manufacturing process.

We have a reputation for delivering highly accurate, reliable and easy to operate CNC profile cutting machines that are in line with our customer's business requirements. Manufacturing of windmill towers, boilers, railway wagons, ships, construction equipment, transmission towers, agricultural equipment's, medium and large fabrication, profile cutting jobs are some of the applications where profile cutting machines manufactured by Pro-Arc are used.

We have a manufacturing facility in Pune and have regional offices across India for our sales and service staff. We have service engineers based in Delhi NCR. These engineers will provide prompt service for this machine. We also have a dealer, Multiweld Engineers, based out at Kanpur.

Some of our marquee customers include:

- Indian Railways (over 50 machines)
- BHEL (6 machines)
- NTPC-BHEL Power Projects Pvt. Ltd.
- Dept. of Atomic Energy, Kalpakam
- Vehicle Factory Jabalpur
- Tata Motors
- Tata Steel
- Godrej & Boyce (7 machines)
- Hindustan Construction Co. (4 machines)
- Titagarh Wagons (2 machines)

Note No. #1

Attachment:Ven request 2.pdf

- Siemens
- Kalpataru Power Transmission (3 machines)
- Welspun Corp (5 machines)
- ISGEC (2 machines)
- HMT
- Mazagon Dock Ltd. (2 machines)
- ABG Shipyard
- Naval Dockyard (3 machines)
- Gammon India
- Chittaranjan Locomotive Works (7 machines)
- Walchandnagar Industries
- Dempo Shipbuilding (2 machines)
- Rourkela Steel Plant (3 machines)

Thanking You,

Mamta Patanwar
