Subject: Re: Reminder for event id & Enquiry No.: HY/CMM/FRC/20-21 - 50100 for HPEP Hyderabad

Dear Madam,

We wanted to participate in this tender and had gathered all the data necessary to participate. This took some time and we had scanned and kept the documents ready. We could not upload the documents as we experienced internet related issues at our end till sometime back.

The net is now working, but since the time for submission is past we are unable to upload and participate.

We request you to consider extending the due date for submission, so that we can submit our offer.

Regards,

P.Madhusudan,

Harold Industries Pvt.Ltd.,

SDC Department
NOTE

Ref.No. HY/CMM/ FRC20-21

Dt. 02.01.2021

Subject: Administrative approval for sending Open tender enquiry for entering into Rate contract (Framework Agreement) for 20 Fabrication items and 17 operations

- Fabrication rate contract which was established for 11 items and 18 operations for the year 18-19 has expired on 27.07.2019. with the approval of competent authority FRC 18-19 was extended up to 27.01.2020, and further extended to 27.07.2020.
- Tender committee and technical committee were constituted vide note HY/CMM/FRC/19-20/01 and re constituted vide HY/CMM-SDC/FRC/Reconstitution-II dt:09.07.2020 and HY/CMM-SDC/Reconstitution-3 dt:21.07.2020 for finalization of NIT and evaluation of bids for the fabrication rate contracts of 20-21.
- Technical committee has classified 20 items into 6 categories and 17 Operations into 4 categories.
- 20 Items and 17 Operations are finalized for entering into rate contract.
- Distribution and loading shall be done as per the attached NIT for items.
- There is no load distribution for Operations Category, However vendors on which orders are placed shall be paid for operations as per the L1 rate against each operation.
- Technical committee has approved for PQR requirement and item wise basic specification on 01.01.2021
- Tender committee recommendations dt:01.01.2021 are attached.
- Based on the item wise requirement furnished by various Subcontract groups and the LPR/Estimate, consolidated value towards each Item and operation and Total value for the RC has been arrived.
- The total estimated value for the 20 Items and 17 operations of the proposed contract (Framework Agreement) for Fabrication items and operations works out to Rs.4.8 Cr.
- Based on the past experience, it has been observed that product subcontract groups have faced serious issues w.r.t revision of the PO values due to the change in Technological routings or non-availability of the exact sizes in raw material. Though adjustments are minor in terms of value, SC groups were unable to accommodate due to non-availability of the values with vendors and hence Committee is of the opinion to keep 5% of the Item estimate value as reserve to accommodate the marginal/revised values for the placement/revision of POs where vendor open value is not sufficient for PO amendment.
- Total estimate after considering the reserve value works out to be 4.98 Cr.
- It is proposed the following
 - 1) To finalize the contract through EPS
 - 2) Considering the complexity involved in the tender and based on past experience it is proposed to finalize the contract through price bid opening and not through Reverse Auction

D. Sundhya

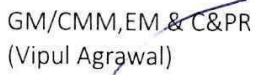

Note No. #1

Attachment:FRC Corrigendum_approval.pdf
