

Item 140

1/2 " Ball Valve, Construction details: Body : Single Piece

Ball Valve with full port, hand lever operated with Female BSP Threads.

Basic Design:

Manufacturing Std: API 6D,

Testing and Inspection Std: API 6D/API 598,

Class Rating: 300 CLASS,

Working Temperature: 20 DEG C to 55 DEG C.

Hydro Test Pressure: Body: 37.5 Kg/cm² and Seat: 27.5 Kg/cm²

Medium: LPG Gas

Operation: Hand Lever Manual Operated

Construction details:

Type of Port: Full Port

Seat: PTFE

Ends: SCREWED END WITH BSP FEMALE THREAD.

Material of Construction:

Body: ASTM A 216 GR WCB / ASTM A105

Ball, Stem and Gland: ASTM A 351 GR. CF 8 M / AISI SS 316

Seat Rings: PTFE

Seals: PTFE

Lever: Steel Nickel Plated with PVC hand sleeve
