Total					120.5		130

Bidder 'X' is L1 in above example. Bidder 'Y' is L2.

- “In the course of evaluation, if more than one bidder happens to occupy L-1 status, effective L1 will be decided by soliciting discounts from the respective L-1 bidders.
In case more than one bidder happens to occupy the L-1 status even after soliciting discounts, the L-1 bidder shall be decided by a toss/ draw of lots, in the presence of the respective L-1 bidder(s) or their representative (s).
Ranking will be done accordingly. BHEL's decision in such situations shall be final and binding”.
- If any two or more bidders are tie at ranking other than L1, then ranking shall be decided by a toss/ draw of lots.

REVERSE AUCTION: “BHEL shall be resorting to Reverse Auction (RA) (latest Guidelines as available on www.bhel.com) for this tender.

(i) Reverse Auction (RA) shall be conducted among the techno-commercially qualified bidders. Price bids of all techno-commercially qualified bidders shall be opened and same shall be considered for RA. In case any bidder(s) do(es) not participate in online Reverse Auction, their price cover along with applicable loading, if any, shall be considered for ranking.”

Reverse Auction will be conducted if two or more bidders are techno commercially qualified. In case of two or three qualified bidders, there shall be no elimination of H1 bidder (whose quote is highest in price bid cover). In case of four qualified bidders, the H1 bidder shall be eliminated whereas in case of five qualified bidders, H1 & H2 bidders shall be eliminated. However, in case of six or more qualified bidders are available, RA would be conducted amongst first 50% of the bidders arranged in the order of prices

from lowest to highest. Number of bidders eligible for participating in RA would be rounded off to next higher integer value if number of qualified bidders is odd (e.g. if 7 bids are qualified, then RA will be conducted amongst lowest four bidders). However, there will be no elimination of qualified bidders who are MSE or qualifying under PPP-MII, Order 2017 provided their bids are within their respective margin of purchase preference {presently 15% for MSEs and 20% for PPP-MII, or as amended from time to time}. In case of multiple H1 bidders, all H1 bidders (except MSEs and bidders qualifying under PPP-MII, Order 2017, who are within the margin of purchase preference) shall be removed provided minimum two bidders remain in fray, else no H1 removal.

(ii) The lowest bidder in price bid cover shall be shown as current L1 automatically by the system. System shall have the provision to indicate this bid as current L1 for further bidding. This price can be displaced by an even lower bid of a competing bidder. If the start price is lower than the lowest price bid cover (in line with clause 8.0 of RA Guidelines), on acceptance of such start price by any bidder this bid would be indicated as current L1 for further bidding. However, if no bidder accepts the start price, RA shall be treated as cancelled for the respective line item(s) and the tender shall be processed accordingly. In case of no further bidding, RA will be deemed to have been successful with current L1 bidder. During RA, all bidders will see their rank and current L1 price on the screen. Once the RA is done, the ranking status would be based on the last quoted price of the bidder(s) irrespective of the quote received in RA or price bid cover.

(iii) No bidder shall be allowed to lower its bid below the current L1 by more than 5 decrements at one go.

(iv) In case of L1 position occupied by more than one bidder, effective L1 will be decided by soliciting discount from the respective L1 bidders. In case more than one bidder happens to occupy the L1 status even after soliciting discount, the L1 bidder shall be decided by a toss/ draw of lots, in the presence of the respective L1 bidder(s) or their representative(s). BHEL's decision in such situations shall be final and binding.

(v) In other cases of same position, i.e. L2, L3 and so on, being occupied by more than one bidder, the percentage of business load attributed to that position as per work distribution criterion will be given to one bidder only who will be the winner of a draw based on lottery system conducted in the presence of tender committee and bidders' representatives. The remaining bidders will again participate in another such draw for the next lower position. This process will continue till the position of the last bidder holding the same position is decided. The position of the bidder holding the lower position next to the above concurrent holders will be shifted to the next available position and so on. In case all SEVEN positions (in original sequence from L1 to Ln), are occupied before all the concurrent holders of a position are allotted a position, the remaining bidders at whichever position (unsuccessful in all draws) will not be considered for allocation of work. BHEL's decision in such situations shall be final and binding.

(vi) If necessary, further negotiation (s) may be held with the Bidder whose rates are found L1 in the particular group.

(vii) The work will be awarded on finalised L1 rates by BHEL only.

a. COUNTER OFFER:

- i. The quoted/negotiated rates of L1 Bidder would then be counter offered to all successful bidders (except highest bidder i.e. H1, in case there are three or more successful bidders). However, if the H1 bidder is MSE and quoted rates comes under L1+15%, it shall also be considered for counteroffer. In case there are only two successful bidders, BHEL has right to issue counter offer to highest bidder also.

Based on acceptance or rejection from bidders in particular group (or Category), 75% (rounded off to next whole number) of techno-commercially qualified bidders or TEN number of transporters, whichever is less will be selected for AR category (in original sequence from L1 to Ln only). **However**, for D Category, only **two transporters** shall be required for Rate Contract.

- ii. The transporters, to whom counter offer is given, can accept or reject the counter offer of that particular category in totality. Transporter is not allowed to accept/reject any particular group/ sub category from any category. Acceptance/Non acceptance of counter offer shall be sought through e-mail.

b. BUSINESS DISTRIBUTION IN RATE CONTRACT:

- i. For AR category, 75% (rounded off to next whole number) of techno-commercially qualified bidders or TEN number of transporters, whichever is less, shall be required for Rate Contract.
- ii. For D Category, only **two transporters** shall be required for Rate Contract.
- iii. Business distribution shall be based on the weighted % on reverse order of total number of transporters accepting the price.

Bidder Position/Ranking	% Business	
L1	$10 / (1+2+3+...+10)$	18%
L2	$9 / (1+2+3+...+10)$	16%
L3	$8 / (1+2+3+...+10)$	15%
L4	$7 / (1+2+3+...+10)$	13%
L5	$6 / (1+2+3+...+10)$	11%
L6	$5 / (1+2+3+...+10)$	9%
L7	$4 / (1+2+3+...+10)$	7%
L8	$3 / (1+2+3+...+10)$	5%
L9	$2 / (1+2+3+...+10)$	4%
L10	$1 / (1+2+3+...+10)$	2%

Sample Calculation:

Assuming number of approved bidders to be 5	
Bidder Position/Ranking	% Business
L1	$5 / (1+2+3+4+5) = 33\%$

L2	$4 / (1+2+3+4+5) = 27\%$
L3	$3 / (1+2+3+4+5) = 20\%$
L4	$2 / (1+2+3+4+5) = 13\%$
L5	$1 / (1+2+3+4+5) = 7\%$
Total	100%

- In the event of rate contract being finalized on less than published number of transporters, the business volume would be redistributed among the eligible transporters. If no bidder (other than L1 bidder) accepts the counter offer, the L1 bidder has to accept and execute the contract.
- Above % of business distribution are meant for calculation purpose, are indicative only and may vary on account of operational constraints. It will not form a basis for refusal by a transporter during contractual period.
- In case one or more bidders are MSE and their quoted rates are within L1+15% and their total allocated BoQ is less than 25%. In that case their allocated BoQ shall be increased to 25%. Increase in BoQ shall be divided in the ratio of their rate wise rank in original bid. Subsequently the decrease in BoQ of other bidders shall be made accordingly. Out of the 25% for MSE vendors, 6.25% shall be earmarked to MSE owned by SC / ST and 3% shall be earmarked to MSE owned by women. If no SC/ST or women owned MSE bidders qualifies the above criteria, then total 25% shall be given to MSE transporter(s) who is fulfilling above criteria.
