iv. REVERSE AUCTION (RA):

BHEL shall be resorting to Reverse Auction (RA) for this tender. RA shall be conducted among the techno-commercially qualified bidders. Price bids of all techno-commercially qualified bidders shall be opened and same shall be considered for RA. In case any bidder(s) do(es) not participate in online Reverse Auction, their sealed price bid along with applicable loading, if any, shall be considered for ranking.

BHEL shall be resorting to Reverse Auction (RA) as per following procedure for this tender.

Reverse Auction will be conducted if two or more bidders are techno commercially qualified. As RA is opted in this tender, the techno-commercially qualified H1(Highest bidder) will not be allowed to participate in RA. In case more than one H1 (Highest bidder) quote the same rate, the Price Offer received last, as per the time log of the Portal, shall be removed first, on the principle of last in, first out by the system.

However, H1(Highest bidder) will be allowed to participate in RA in the following cases

- a. If number of techno-commercially qualified bidders are only 2 or 3.
- b. In case Primary product of only one OEM is left in contention for participation in RA on elimination of H1.
- c. For cases where there are more than 3 techno-commercially qualified bidders, if lowest bidder in sealed price bid is non-MSE and H-1 (Highest bidder) is eligible MSE and H-1 (Highest bidder) price is coming within price band of 15% of Non-MSE lowest bidder.
- d. For cases where there are more than 3 techno-commercially qualified bidders, if lowest bidder in sealed price bid is non-MII and H-1(Highest) is eligible MII and H-1 price is coming within price band of 20% of Non-MII lowest bidder.

Only those bidders who submit the online sealed bid within the scheduled time shall be eligible to participate further in the RA process.

The lowest bidder in sealed price bid shall be shown as current L1 automatically by the system. System shall have the provision to indicate this bid as current L1 for further bidding. This price can be displaced by an even lower bid of a competing bidder.

If the start price is lower than the lowest sealed price bid, on acceptance of such start price by any bidder this bid would be indicated as current L1 for further bidding. However, if no bidder accepts the start price, RA shall be treated as cancelled for the respective line item(s) and the tender shall be processed accordingly.

In case of no further bidding, RA will be deemed to have been successful with current L1 bidder. During RA, all bidders will see their rank and current L1 price on the screen. Once the RA is done, the ranking status would be based on the last quoted price of the bidder(s) irrespective of the quote received in RA or sealed price bid.

No bidder shall be allowed to lower its bid below the current L1 by more than 5 decrements at one go.

- v. In case of L1 position occupied by more than one bidder, effective L1 will be decided by soliciting discount from the respective L1 bidders. In case more than one bidder happens to occupy the L1 status even after soliciting discount, the L1 bidder shall be decided by a toss/ draw of lots, in the presence of the respective L1 bidder(s) or their representative(s). BHEL's decision in such situations shall be final and binding.
- vi. In other cases of same position, i.e. L2, L3 and so on, being occupied by more than one bidder, the percentage of business load attributed to that position as per work distribution criterion will be given to one bidder only who will be the winner of a draw based on lottery system conducted in the presence of tender committee and bidders' representatives. The remaining bidders will again participate in another such draw for the next lower position. This process will continue till the position of the last bidder holding the same position is decided. The position of the bidder holding the lower position next to the above concurrent holders will be shifted to the next available position and so on. In case all SEVEN positions (in original sequence from L1 to Ln), are occupied before all the concurrent holders of a position are allotted a position, the remaining bidders at whichever position (unsuccessful in all draws) will not be considered for allocation of work. BHEL's decision in such situations shall be final and binding.
- vii. If necessary, further negotiation (s) may be held with the Bidder whose rates are found L1 in the particular group.

viii. The work will be awarded on finalised L1 rates by BHEL only.

15. COUNTER OFFER & BUSINESS DISTRIBUTION IN RATE CONTRACT:

i. In case there are only two techno-commercial qualified bidders then BHEL has right to issue counter offer to highest bidder also and distribute total work of that category among both bidders. In case there are three or more techno-commercial qualified bidders, the negotiated rates or finalized rate (in Rs. per Kg or per GR) of L1 Bidder would then be counter offered to all bidders. However, based on acceptance or rejection from bidders, total work shall be distributed to **maximum Two bidders**.

The transporters, to whom counter offer is given, can accept or reject the counter offer of the category in totality. Transporter is not allowed to accept/reject any particular group from the category. Acceptance/Nonacceptance of counter offer shall be sought through e-mail.

- iii. Procurement of goods directly from the manufacturers/ suppliers shall be preferred. However, if the OEM/ Principal insists on engaging the services of an agent, such agent shall not be allowed to represent more than one manufacturer/ supplier in the same tender. Moreover, either the agent could bid on behalf of the manufacturer/ supplier or the manufacturer/ supplier could bid directly but not both. In case bids are received from both the manufacturer/ supplier and the agent, bid received from the agent shall be ignored. However, this shall not debar more than one Authorized distributor (with/ or without the OEM) from quoting equipment manufactured by an Original Equipment Manufacturer (OEM) in procurements under a Proprietary Article Certificate.
- iv. A bidder participates in more than one bid in this tender process. Participation in any capacity by a Bidder (including the participation of a Bidder as a partner/ JV member or sub-contractor in another bid or vice-versa) in more than one bid shall result in the disqualification of all bids in which he is a party. However, this does not limit the participation of an entity as a sub-contractor in more than one bid if he is not bidding independently in his own name or as a member of a JV.

The Bidder declares that they have read and understood the above aspects, and the bidder confirms that such conflict of interest does not exist and undertakes that they will not enter into any illegal or undisclosed agreement or understanding, whether formal or informal with other Bidder(s), in this regard. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelization in the bidding process.

In case, the Bidder is found having indulged in above activities, the same will be considered as a violation of the tender conditions, and suitable action shall be taken by BHEL as per extant policies/ guidelines.

31. Breach of Contract:

Wherein 14 days period has expired and Supplier/Vendor has failed to remedy the breach of contract, BHEL will have the right to terminate the contract on the ground of "Breach of Contract" without any further notice to the contractor.

Upon termination of contract, BHEL shall be entitled to recover an amount equivalent to 10% of the Contract Value for the damages on account of breach of contract committed by the Supplier/Vendor/ Contractor. This amount shall be recovered by way of encashing the security instruments like performance bank guarantee etc available with BHEL against the said contract. In case the value of the security instruments available is less than 10% of the contract value, the balance amount shall be recovered from other financial remedies (i.e. available bills of the Supplier/Vendor/ Contractor, retention amount, from the money due to the Supplier/Vendor/ Contractor etc. with BHEL) or the other legal remedies shall be pursued.

Wherever the value of security instruments like performance bank guarantee available with BHEL against the said contract is 10% of the contract value or more, such security instruments to the extent of 10% contract value will be encashed. In case no security instruments are available or the value of the security instruments available is less than 10% of the contract value, the 10% of the contract value or the balance amount, as the case may be, will be recovered in all or any of the following manners:

In case the amount recovered is not sufficient to fulfil the amount recoverable then; a demand notice to deposit the balance amount within 30 days shall be issued to Supplier/Vendor/ Contractor.

If Supplier/Vendor/ Contractor fails to deposit the balance amount within the period as prescribed in demand notice, following action shall be taken for recovery of the balance amount:

- a. from dues available in the form of Bills payable to defaulted Supplier/Vendor/ Contractor against the same contract.
- b. If it is not possible to recover the dues available from the same contract or dues are insufficient to meet the recoverable amount, balance amount shall be recovered from any money(s) payable to Supplier/Vendor/Contractor under any contract with other Units of BHEL including recovery from security deposits or any other deposit available in the form of security instruments of any kind against Security deposit or EMD.
- c. In-case recoveries are not possible with any of the above available options, Legal action shall be initiated for recovery against defaulted supplier/Vendor/ Contractor.

It is an agreed term of contract that this amount shall be a genuine pre-estimate of damages that BHEL would incur in completion of balance contractual obligation of the contract through any other agency and BHEL will not be required to furnish any other evidence to the Supplier/Vendor for the purpose of estimation of damages. In addition to the above, imposition of liquidated damages, debarment, termination, de-scoping, short-closure, etc., shall be applied as per provisions of the contract.

BHEL reserves the right to act against breach of contract clause or risk purchase clause or against both the clauses.

32. **Laws Governing the Contract:** The Contract shall be governed by the Laws of India and shall be operated complying with all the relevant Acts / Rules / Regulations implemented / to be implemented by the Govt. of India / Various State Governments / Union territories regarding road transportation as amended from time to time.
