PLEASE SUBMIT YOUR QUOTATION IN SEALED COVER SUPERSCRIBED WITH ENQUIRY NO, ENQUIRY DATE AND DUE DATE SUBJECT TO OUR TERMS AND CONDITIONS ENCLOSED, FOR THE FOLLOWING MATERIALS SO AS TO REACH US ON OR BEFORE THE DUE DATE BY 12 NOON. THE TENDERS WILL BE OPENED AT 2 PM ON THE SAME DAY

Pin

Email :

Attn. .

PLEASE GIVE REFERENCE OF ENQ NUMBER , ENQ .DATE AND DUE DATE IN ALL YOUR CORRESPONDENCE FOR PROMPT ACTION. IN CASE IF YOU ARE NOT MAKING THE OFFER PLEASE POST A REGRET LETTER AND RETURN THE DOCUMENTS.

SL NO	DESCRIPTION / SPECIFICATION	UNIT	QTY
1	KINEMATIC MODELLER & MOTION SIMULATION SOFTWARE NETWORK FLOATING LICENCE:2 NO. 3 YEARS SUBSCRIPTION/ AMC SPECIFICATIONS ENCLOSED	NO	2

Note: Please submit your offer in two parts as per the enclosed annexure "aa" in separate sealed covers as detailed below:

1) First cover shall contain the following:

A) Technical commercial bid along with compliance statement, mentioning applicable duties, taxes etc., and delivery time clearly, (terms, conditions and compliance form enclosed)

B) A copy of the price bid without the prices (unpriced price bid)

2) Second cover containing price bid

3) If the price bid is found to be different from the unpriced price bid in any way, your offer will be rejected  
Important: Taxes & duties quoted by you will be taken for cost evaluation and order placement and no change will be entertained later except in the case of changes made by the government. Changes in taxes and duties because of the changes in turnover etc also will be to the supplier's account. In case no tax/duty is included, a self declaration for the exemption may be attached along with the offer.

AS WE ARE ENGAGED IN R&D ACTIVITY "C" FORM  
WILL NOT BE ISSUED

Yours faithfully  
for

PLEASE FILL UP THE ENCLOSED VENDOR REGISTRATION FORM AND SEND IT ALONG WITH YOUR QUOTATION. OTHERWISE YOUR QUOTATION WILL NOT BE CONSIDERED. (IGNORE THIS IF YOU HAVE ALREADY SUBMITTED THIS FORM)

## **KINEMATIC MODELER & MOTION SIMULATION SOFTWARE**

Supply of software for kinematic modeling, motion simulation with built in 3D modeling tools and design optimization features along with three years subscription/AMC.

No. of network floating licenses: 2 Nos.

### **Specifications:**

1. The software should simulate the function of CAD models and output the same performance information typically gathered through physical prototypes.
2. Capability to model and simulate transmissions like gears, rack & pinion, belt & pulley, chain & sprocket's, cams etc
3. Ability to define mating intelligence between parts so that they can mate automatically upon dropping them into the assembly.
4. Capability to create relations between various components in the assembly, so that change in one affects the other automatically.
5. Capability to dynamically find the clearance, interference between components, while manually simulating an assembly.
6. Capability to detect collisions between moving components in the assembly and allow rectification in the assembly mode.
7. Capability to simulate gears, cams with contact capabilities.
8. Provide tools that help understand mate errors, view errors, and to force the mates to resolve problems.
9. Availability of mechanical mates like gear mate, screw mate, rack & Pinion mate, cam mate, universal joint mate, linear coupler, path mate etc to quickly simulate mechanism motion.
10. Capability to simulate mechanisms by using motors, springs, dampers and gravity effects.
11. The software should enforce standard geometric constraints. The software should generate the joining primitives like Inline, in plane, Orientation, Parallel axis and Perpendicular mates
12. Create various compound mates to represent conditions like hinge, screw, spherical, cylindrical, planar and universal joints
13. Use action-only force to control the acceleration rate and velocity when designing actuators.

14. Apply constant, harmonic, data points (spline) and step-forcing functions to motors and forces.
15. Create joint couplers (kinematic gears) to allow motion between various types of gears for power transmission.
16. Ability to apply the action/reaction forces and moments.
17. Ability to represent CAM constraints.
18. Define 3D contacts (with static and dynamic friction) to capture interaction between two or more contacting parts.
19. After the analysis the software should offer a variety of results which through visualization tools should give the following to gain valuable insight into the performance of the design.
20. Create XY plots of numerical data for the entire simulation cycle
21. Represent multiple XY plots in the same graph
22. Display displacement, velocity, acceleration and force vectors at joint locations.
23. Display the trace of any point of the body during simulation and generate a reference curve directly.
24. Compare plots for different designs to build up a history of information on how results vary within the assembly.
25. Check for colliding parts while the assembly moves.
26. The software should have the facility to collaborate and share analysis results effectively.
27. The software should have the ability to create multiple studies in one file.
28. The software should provide AVI, e-Drawings or VRML formats to capture and communicate the physical motion.
29. The software should be capable to generate the motion types like Displacement, Velocity, Acceleration
30. The software should be capable to generate the motion and forcing function of type Constant, Harmonic, Step etc.
31. The software should be capable to generate the forces like Linear and torsion springs (with linear and nonlinear spring constants), Linear and torsion dampers (with linear and nonlinear damping constants), Action-only force and moment, Bushings, Gravity
32. The software should generate the following constraints Revolute, Cylindrical, Spherical, Translational, Screw, Planar and Fixed

33. The software should define contacts between many different bodies simultaneously and the software should generate Contacts or Cam Constraints along with 3D contact with friction.
34. The software should be capable to allow motion of a revolute, cylindrical, or translational constraint to be coupled to the motion of another revolute, cylindrical or translational constraints.
35. It should be possible to relate model parameters to one another using mathematical expressions. The system should evaluate these expressions to calculate resulting geometry, variables and expressions.
36. Should allow creation of Solid models with under constrained as well as fully constrained sketches.
37. It should be easy to make dimensional and topological changes to a part model without losing associativity.
38. Should have Mass property analysis tools to calculate the weight of the complete model if the specific gravity of the individual sub-model / component is known.
39. Ability to check the weight and the center of mass and center of volume of the whole system.
40. Ability to assist user in putting complex multiple fillets by automatically deciding the order of fillets.
41. Annotation facility should be available in part, assembly, etc
42. Capability to create exploded isometric views.
43. Capability to generate piping, tubing routes, wiring and harness within the assembly environment.
44. Automatic recognition of assembly relationship from imported CAD data.
45. Automatic drafting from part and assembly.
46. Tri-directional associativity in part, assembly and drafting environment.
47. Capability to automatically generate drawings from parts or assemblies.
48. Capability to Ensure Compliance with Organization's Design Standards automatically by identifying elements that may be inconsistent with organization's design standards
49. Capability to automatically generate associative Bill of Materials.
50. Capability to pre-define drawing views.

51. Preview capabilities and layer control capabilities while importing dxf & dwg
52. Capability to auto-dimension by identifying manufacturing features and adding correct dimensioning schemes.
53. Capability of including or excluding Ribs from the section views.
54. Capability to draw center lines automatically or manually, center marks and pitch circle diameters. Should also provide tools to put leader, callouts and balloons.
55. Should allow for objects like images or excel sheet to be embedded, scaled and rotated within a document.
56. Should provide the functionality of creating solid model from the AUTO CAD drawings
57. Should allow auxiliary views, cutting plane, section views, broken-out section views and detail views be placed very quickly
58. Capability to convert software part/assembly file into a CAD independent, self executable and e-mail enabled format, so that it can be viewed on any Windows PC
59. Capability to convert 2D drawing file also in the above mentioned format and the 3D model embedded in the file.
60. Flexibility to move, rotate, zoom, pan, measure, section the models and move apart the assembly components for visualization in the above mentioned format
61. Capability to show assembly motion animation in the same file format.
62. The file format should support large compression of the data so that it is of a small file size.
63. Ability to generate 2D/ 3D/ PDF (Adobe Acrobat) files directly from the software.
64. Ability to photo realistically render the models with options of applying materials, textures, lighting and shading effects etc.
65. Ability to create AVI files for presentations or animations
66. Various standard components like nut, bolts, washers, bearings, gears etc should be available in different standards like ANSI, ISO, DIN etc
67. Capability to create and define intelligent components that will create their associated features and components automatically.
68. Ability to open scan data in any one of the following file formats .scn, .3ds, .obj, .stl, .wrl, .ply, .xyz, .txt, .asc, .igs, .xls etc
69. Ability to convert point cloud data into mesh file.

70. Ability to create multiple cross-sections as well as boundary curves automatically.
71. Software should provide a complete suite of data management tools that allow secure vaulting, definition of user rights, manage file revision histories, generate where used reports, allow quick searches to find relevant data based on design properties etc
72. Fast tolerance stack-up calculation of maximum and minimum “worst-case”.
73. Ability to create and display critical study dimensions directly on the 3D model.
74. Automatic extraction of dimensions and tolerances necessary for the analysis directly from the 3D model.
75. Ability to quickly evaluate different tolerance schemes.
76. Exchange CAD data using a wide variety of file formats including: DWG, DXF™, Pro/ENGINEER®, IPT (Autodesk Inventor®), Mechanical Desktop®, Unigraphics®, PAR (Solid Edge™), CADKEY®, IGES, STEP, Parasolid®, SAT (ACIS®), VDA-FS, VRML, STL, , TIFF, JPG, Adobe® Illustrator®, Rhino®, IDF, and HSF (Hoops).
77. Ability to Sketch designs using 2D blocks that allow you to quickly design and manipulate multipart mechanisms in 2D before generating 3D assemblies.
78. Software should have Integrated Weldment Design and Analysis which allows users to sketch the layout of the frame and choose the structural cross section for each member. Tools are to be provided to trim members, as well as to create welds, end caps, and gussets.

**General specifications:**

1. The vendor has to list all the items listed (by number) in the specification and clearly give compliance.
2. The software has to work on Windows 2000XP.
3. The software must be 64bit version and be compatible on 64bit operating system.
4. The vendor has to furnish list of customers to whom various modules of software meeting the technical requirements given in the purchase indent, has been supplied in last 3 years.
5. Training has to be provided for 5 days at our works
6. During evaluation of technical specifications, if more clarifications are needed by BHEL, a benchmark problem will be given for which solution shall be submitted with in specified time.
7. Benchmarking with other competitive software.

## BHARAT HEAVY ELECTRICALS LIMITED

CORPORATE R&D DIVISION, VIKAS NAGAR, HYDERABAD – 500 093, AP, India

Ph: 0091-40 – 23778474, FAX: 0091-40 – 23770698

### General Terms and Conditions of Enquiry & Contract for the Purchase of Goods/ Services

1. The quotation and any order resulting from this enquiry shall be governed by these General Terms and Conditions of enquiry and contract for the supply of goods and the supplier quoting against this enquiry shall, unless specifically stipulates any different terms or conditions, be deemed to have read and agreed to the same.
2. Sealed quotations in double cover with tenderer's distinctive seal, superscribing enquiry number, date and due date are to be submitted so as to reach on or before due date & time, addressed to **Additional General Manager(MM), Bharat Heavy Electricals Limited, Corporate Research & Development Division, Vikasnagar, Hyderabad, Andhra Pradesh, India – PIN-500 093, India.**

In the case of **Two-part bid**, each inner cover shall clearly be labeled as a) **Technical & Commercial Bid** containing technical data/ drawings/ catalogues/ quality plans along with commercial terms and conditions & copy of the price bid with the price columns left blank (unpriced price bid), b) **Price bid** containing prices quotes. Installation and/or Commissioning charges shall be spelt out in absolutely lucid terms, taking into account total charges, rather than quoting vaguely, such as charges per man-day or charges per engineer per day etc. **If the price bid was found later to be different from the unpriced price bid in any way, the offer will be rejected summarily.**

3. **Tender/ Technical bid Opening:** Unless specified otherwise, tenders/ technical bids will be opened on appointed date and time as mentioned in the enquiry or as communicated changed date/time, if any, in the presence of such of those tenderers who may be present.
4. **Delayed/ Late Tender:** Tenders, which have been posted by registered post through the postal department in time before opening date but received after tender opening, shall be treated as regular tenders. Other tenders received after tender opening time shall be treated as late tenders and normally they may be rejected.
5. The Quotation should be free from overwriting and erasures. Corrections and additions, if any, must be attested. Supplier should indicate in the quotation dimensions (Size), weight, rate etc., in the metric system unless the enquiry calls for different unit.
6. **Validity of Quotation:** All quotations shall be kept open for acceptance for a period of ninety days from the date of opening of Tenders/ Technical bid and this shall be deemed to be an express condition of all quotations. The rate shall be quoted in both figures and in words.
7. In the case of Two-part bid, the vendor should furnish technical clarifications, if any, within stipulated time mentioned, failing which, it will be construed that the vendor is not interested in the tender and BHEL shall not consider the offer for further evaluation.
8. **Revision of Pricebid:** In the event of any bidder, after finalizing the technical specifications and scope of supply, opting to revise and submit their latest price bid, then BHEL reserves the right to open their original / previous price bid also while evaluating revised bid.
9. **Pricebid Opening:** Unless specified otherwise in the enquiry, the Price bids of technically qualified vendors shall be opened with prior intimation in the presence of such of those tenderers who may be present.
10. **Conformity to Specifications:** The material should be of the best quality and shall be conforming to our specification given in our enquiry. Unless otherwise agreed upon by BHEL, no payment shall be due by BHEL in respect of any sample. Offers without details of specifications/ applicable catalogues will not be considered and are liable to be rejected.
11. **Terms of Delivery:** All suppliers shall quote the lowest prices on ex-works and FOB/FCA basis. Foreign suppliers will also indicate their Indian agent's name and address with percentage of agency commission out of the quoted price, if any. Name and Address of the supplier's Bankers address should also be given. Indian suppliers for the indigenously manufactured/ imported stock shall quote on Ex-works /Free-on-Rail/Road /FOR-destination basis, indicating packing & forwarding charges, if any, separately.
12. **Taxes and Duties:** Unless specified otherwise in the enquiry, BHEL do not provide "C" or "D" Form as it is engaged in R&D. All Indian suppliers shall clearly mention Sales Tax/ VAT, Excise Duty, and Service Tax etc, if any, payable in addition to the quoted price and indicate applicable rates/ percentage, item-wise. It will be paid

only if Registration Number under State(TIN)/ Central Sales Tax or Service Tax is specifically mentioned in the Bill/Invoice. Vendors without a Sales Tax/VAT registration and applicable Service Tax registration will not be considered.

13. **Insurance:** Insurance will be arranged by BHEL in case of Ex-Works as well as FOB basis supplies.
14. **Terms of Payment:** Full payment will be made within 30 days after receipt, inspection and acceptance of the material (and where involved, Erection and commissioning of the material/ equipment at BHEL/Destination) by Crossed cheque and no Bank commission charges are admissible. The Cheque will be sent by registered post and BHEL is in no way responsible if loss occurs due to delay by postal authorities and cheques falling into improper hands or through forgery or fraud. Suppliers having RBI-SEFT-enabled accounts can seek payment through Electronic Fund transfer. For foreign suppliers, the preferred payment term will be on Sight Draft basis and bank charges inside India will be to BHEL account and outside India will be to supplier's account.
15. Suppliers shall quote competitive price and best delivery for all the items mentioned in the enquiry. BHEL reserves the right to reject partial quotations and to place order on overall landed cost basis. Correct date of effecting supplies in the event of an order should be indicated in the offer. If the supplier's quoted terms are different from BHEL standard payment terms, interest @10.5% per annum (or as indicated in the enquiry) will be loaded to the quoted prices for difference of payment period.
16. **Packing:** The supplier shall be responsible for the goods being properly and adequately packed so as to prevent any loss, damage or deterioration during transit and indicate packing charges, if any, separately.
17. **Part/ Split Ordering:** BHEL reserves right to Order part of the item/ quantity of the enquiry and split the order among qualified vendors.
18. In case the goods enquired are on Rate Contract basis with any other unit of BHEL, such fact should be clearly indicated in the quotation giving full particulars of Rate Contract number, validity and price and also your willingness to comply with order if placed against such Rate Contract. A true copy of Rate contract signed by the supplier should be sent with the quotation.
19. **Inspection:** On receipt, the goods shall be subjected to inspection and also test, if necessary, and our decision regarding the acceptability of the goods shall be final and binding on the suppliers.
20. **Consequences of Failure To Deliver:** The time stipulated for delivery of goods shall be deemed to be the essence of the contract and delivery must be completed within the stipulated date/s. In the event of supplier's failure to supply the goods by the stipulated date/s, BHEL shall be entitled to levy a penalty of ½% per week for the delayed no of weeks or part thereof for the undelivered portion of PO subject to a maximum of 10% total order value.
21. **Withdrawal from the Contract:** In case the supplier withdraws the quotation after its acceptance by BHEL or fails to supply the goods as per the terms and conditions of contract, or at any time repudiated the contract wholly or in part, BHEL shall be at liberty to cancel the Purchase Order and to recover from the supplier the extra cost and other loss incidental to the breach of contract on the part of the supplier.
22. **Guarantee/ Warranty certificate and Manufacturer's Test report:** Invariably in all cases where it is so stipulated, the supplier should furnish Guarantee/ Warranty certificate valid for a period of 18 months from date of supply or 1 year from the date of receipt, acceptance and commissioning(or more, if provide by oem) whichever earlier and manufacturer's Test report along with the goods, failing which, BHEL shall have the right to reject the goods.
23. All ferrous/ non-ferrous items shall be colour coded as per bureau of Indian standards/ or IS standards/ BHEL Standards.
24. **Recovery of Dues:** BHEL shall recover any amount due from the supplier or any amount outstanding to the credit of the supplier with BHEL R&D unit or any other BHEL unit(s) and/or by legal action.
25. **Arbitration & Forum for Legal Proceedings:** All disputes arising in connection with indigenous/ foreign supplies shall be settled through arbitration held at Hyderabad, AP, India and arbitration shall be appointed by Arbitration Tribunal of the Federation of Andhra Pradesh Chambers of Commerce and Industry, Hyderabad, AP, India. The Courts at Secunderabad/ Hyderabad, AP, India shall have jurisdiction in respect of any suit or other legal proceeding arising from or relating to this contract

The rights and remedies of BHEL stated in these General terms and conditions shall be in addition and supplemental to its rights and remedies under law and custom or usage of trade or business and shall in no way be deemed to limit, curtail, supercede or derogate from its said rights and remedies.

**ANNEXURE “AA**  
**BHARAT HEAVY ELECTRICALS LIMITED**  
**CORPORATE RESEARCH & DEVELOPMENT DIVISION**  
**VIKASNAGAR, HYDERABAD – 500 093. INDIA**

**MATERIALS MANAGEMENT DEPARTMENT**  
**(Information for Technical & Commercial bids with general terms)**

**ENCLOSURE TO ENQ No:**

**DATE:**

- a) Please indicate( \_/ ) for applicable or ( X ) for not applicable against each clause of the enquiry
- b) Vendor shall confirm their compliance for applicable clauses ( \_/ ) in their offer without deviation.

**1) Technical offer:-**

- a) Vendors to confirm compliance to all points of specifications, attached if any. Deviations if any should be specified in the offer.
- b) Vendors shall furnish relevant technical Documents / Catalogues. Drawings and Quality plan duly taking care of Purchase Specification and Quality requirements along with their offer in duplicate for Purchaser’s review / Verification.

**2) Two Part Bid:-**

Vendor shall submit their offer in 2 parts.

**2.1 Technical Bid:-** Containing relevant technical data, drawings, catalogues, Quality Plan etc, along with Commercial Terms and Conditions and a copy of the price bid with the price columns left blank (unpriced price bid). If the price bid was found later to be different from the unpriced price bid in any way, the offer will be rejected.

**2.2 Price Bid:-** Containing the Price(s) quoted. Installation and or commissioning charges shall be spelt out in absolutely lucid terms taking into account the total charges rather than quoting vaguely such as charges as per man day or charges per Engineer per day etc.,

Technical bids will be opened on the due date of the enquiry or any other date fixed by BHEL. Further, vendor should furnish clarifications, if any, required within seven days after the same is sought by Purchaser. If no clarifications/reply received within 7 days, it will be construed that vendor is not interested in the tender and Purchaser will finalise tender accordingly. Price bids received on due date along with technical offers will be recorded and opened subsequently with due intimation to vendors after finalising of technical scope of supply.

These bids shall be submitted in separate sealed covers superscribing the nature of the offer (technical bid or price bid). BHEL Enq No. Due date etc.

**Note:** In case of non-compliance with the TWO\_-PART-BID ie.. clause number 2 and subclauses 2.1 and 2.2. Purchaser reserves the right to summarily reject all such offers.

**3) Delivery:-**

Vendor shall confirm supply of materials as per the delivery schedule indicated in the enquiry.

**4) Negotiations:-**

Vendor shall quote competitive price and best delivery to avoid negotiations.

**5) Commercial Terms & Conditions:-**

**Terms of Delivery:**

- a) Vendors shall clearly indicate terms of delivery Viz: Ex-Works/FOR Despatching station/FOR Despatching station FOR Destination/FOB port of loading/FAS Port of loading in their offer. If the terms of delivery is Ex-Works, then vendors shall clearly indicate the following:
  - 1. Packing and forwarding charges.
  - 2. Documentation / Handling charges if any
  - 3. FOB FAS charges (Inland Freight & Insurance charges from vendor works to port of Loading).
- b) All Indian Vendors shall clearly specify the Excise Duty in percentage applicable for their supplies. Offers containing expressions such as “Extra as applicable” or “As applicable at the time of Delivery” will be summarily rejected.
- c) CST/Local Sales Tax in percentage shall be clearly indicated.

**6) Validity of Quotation:-**

Validity of offer should be 90 days after the opening of price bid.

**7) Part or split ordering:-**

Purchaser reserves the right to order part of item / quantity of the enquiry.

**8) For clauses not mentioned in this document see the enclosed “GENERAL TERMS AND CONDITIONS OF ENQUIRY AND CONTRACT FOR THE PURCHASE OF GOODS”**

- 9) In case your terms of payment are different from our standard payment terms, interest at the rate of 10.5% per annum (or BHEL’s standard rate of interest) will be loaded to your prices for the difference of period of payment.**

**BHARAT HEAVY ELECTRICALS LIMITED**  
**CORPORATE R&D Division**  
**Vikasnagar, Hyderabad – 500093, India.**

**Suppliers' compliance statement to basic conditions of enquiry**

**(In case Order to be placed on Indian supplier in Indian currency)**

<b>Condition</b>	<b>BHEL R&amp; D's terms</b>	<b>Supplier's compliance</b> (indicate Yes/No. if 'No', state terms desired)
1) Validity of offer	90 days from the tender opening date	
2) Delivery requirements	Free delivery at our stores or FOR destination (as indicated in the enquiry)	
3) Warranty	Unless specifically mentioned in the enquiry, all supplied items to be provided with warrantee for one year (or more, if provided by the OEM) from the date of acceptance/commissioning. In case of equipment involving erection and commissioning, warrantee shall be for 18 months from the date of dispatch or 12 months from the date of commissioning, whichever is earlier	
4) Terms of payment	Full payment will be made within thirty days after receipt, inspection and acceptance of the material at BHEL R&D (and where involved, erection and commissioning of the material/equipment at BHEL/destination), by Crossed Cheque and no Bank commission charges are admissible.	
5) Taxes & Duties	Unless specifically mentioned in the enquiry, we do not provide 'C' or 'D' form. Supplier to specify rates of taxes and duties element wise and related percentages.	
6) Penalty for late delivery	0.5% per week beyond the delivery date as mentioned in the Purchase order on undelivered portion subject to a maximum of 10% of the total order value	

\* BHEL R&D reserves the right to reject any offer due to non-compliance with the above conditions and/or non-receipt of this form in duly filled condition

\* Any other elements of cost in addition to the above may please be specified in detail

**(Signature and Stamp/Seal of Vendor)**

**CORPORATE R&D Division**  
**Vikasnagar, Hyderabad – 500093.**

**IMPORTED**

**Suppliers' compliance statement to basic conditions of enquiry**

**(In case Order to be placed on the Principal and foreign currency)**

Condition	BHEL R& D's terms	Supplier's compliance (indicate Yes/No. if 'No', state terms desired)
01) Validity of offer	90 days from the tender opening date ( or as per enquiry)	
02) Delivery requirements	FCA – Nearest International Airport (or as indicated in the enquiry)	
03) Warranty	Unless specifically mentioned in the enquiry, all supplied items to be provided with warrantee for one year (or more, if provided by the OEM) from the date of acceptance/ commissioning. In case of equipment involving erection and commissioning, warrantee shall be for 18 months from the date of dispatch or 12 months from the date of commissioning, whichever is earlier	
04) Terms of payment	Sight draft. All bank charges inside India will be to BHEL R&D account and out side India will be to suppliers account. Documents through State Bank of India, HAL Complex, Balanagar, Hyderabad, AP, India-500 042.	
05) Agency commission	Pl specify percentage charges, if any. Indian agency/agent commission will be in Indian Currency only.	
06) Erection/ Commission	As per enquiry	
07) Documentation	As per enquiry	
08) Insurance	BHEL will arrange Insurance based on intimation to our Insurance agency, United India Insurance Co., DO-2, Secunderabad, AP, India.	
09) Penalty for late delivery	0.5% per week beyond the delivery date as mentioned in the Purchase order on undelivered portion subject to a maximum of 10% of the total order value	

\* BHEL R&D reserves the right to reject any offer due to non-compliance with the above conditions and/or non-receipt of this form in duly filled condition

\* Any other elements of cost in addition to the above may please be specified in detail

The competent authority reserves the right to accept or reject the registration. Registered vendors will be informed by mail / email, as convenient. Contact Sr.DGM (MM) for clarification/ additional information on registration.  
A separate communication will be sent to you in case of non-registration, citing reasons thereof.

---

### **Instructions**

1. Answer all items, use NA for items not applicable.
2. BHEL units do not require this registration.
3. Submit the form in duplicate.
4. Use additional sheets for want of space if required.
5. Attach copies of latest documents in respect of items 4.0 (Registration no.s)
6. Photographs of registered office and the chief executive/proprietor shall be furnished.
7. Use A4 sheets for this document and the enclosures.

---
