**TENDER SPECIFICATION**

**TENDER SPECIFICATION No : 97972022357**

- 1.0 SCOPE OF WORK:** The scope of work involves Balance Electrical & C&I works involving transporting to site location, erection/cable laying, cable dressing, tray fixing, alignment, welding, testing and commissioning of following Electrical Equipment by using contractor's own tools, plants, consumables manpower and necessary testing kits like 5KV Megger, CRM kit, other necessary kits necessary for commissioning of VFD and DCS Panels. etc as per BHEL drawings / manuals and instructions of BHEL Engineer-in charge for Ultrafiltration plant package at 3X 500 MW, NTECL Vallur power plant
- a) **Detailed scope of work:** The scope of work consists of the following major parts. Erection includes testing, trial run and commissioning.
- 1) Erection of Transformers.
  - 2) Erection of Panels.
  - 3) Erection of Cable tray, cables, earthing system etc.
  - 4) Erection of Illumination system, Firefighting system etc.
  - 5) Erection of Instrument panels, SSPB, JB's etc.
- The detailed scope of work is explained herein under and further enumerated in Schedule of Rates & Quantities and Special Conditions of Contract attached along with this tender. Trial-run, testing & commissioning of the entire system within the contract time and to the entire satisfaction of M/s UFPP- NTECL and BHEL forms part of the work.
- b) Work includes handling of electrical components for ultra-filtration plant package from site stores / storage yards, transportation to site of erection, handling at site of erection, cleaning, preassembly etc. as per drawings of BHEL.
- c) The distance of BHEL / Customer stores / storage yard within the plant to site of erection is in a radius of about 1.5 km.
- d) Area illumination for enabling the execution of electrical work shall be in the scope of contractor.
- e) All the ultra-filtration plant package materials & components will be supplied by BHEL / Client on free issue basis, except that specifically mentioned, and the contractor has to take receipt of them at the designated point, store them carefully, use them in the works as specified and required and finally account for them.
- f) Fabrication and erection of temporary structures, platforms, supports etc. for erection of Electrical components of ultrafiltration plant package forms part of the work. The temporary structures etc. erected shall be removed after completion of work at no extra cost.
- g) Adequate quantity of Tools & tackles shall be arranged by the contractor for safe erection of the Electrical components.
- h) Any work like cutting/grinding etc. of supplied materials/existing materials to suit to site conditions shall form part of the erection work and no extra charges will be paid on this account.
- i) After completion of work, all the materials/equipment removed/shifted shall be re-installed/re-erected/placed back in their original locations or at locations as instructed by BHEL.
- j) The contractor shall make suitable security arrangements including employment of security personnel (round the clock) to ensure the protection of all materials/equipments and works from theft, fire, pilferage and any other damage and loss at stores/storage yard/pre-assembly area/erection site, till the completion of work.
- k) Trial-run, testing & commissioning of the entire system within the contract time and to the entire satisfaction of the customer and BHEL forms part of the work.

#### 10.0 SITE MANAGEMENT :

- a. The contractor shall arrange to print all materials management forms, daily labour progress reports, and all other forms & reports etc., as indicated / instructed by BHEL and customer's HSE plan and project site rules. The Contractor shall depute well experienced senior site manager who shall liaise with BHEL and clients coordinate all resources and works and complete the job satisfactorily. The bidder shall submit in his Technical bid a resume of the proposed site manager. In addition, the Contractor shall mobilize adequate numbers of well experienced site technical supervisory staff as well as skilled and unskilled labour.
- b. Erection Progress Reports shall be accompanied by Photographs (both hard & soft copies) as directed by BHEL Engineer at site.

**11.0 MOBILISATION ADVANCE: No advance payment** towards mobilization of site operation or for any other purpose will be made by BHEL. The payment for work will be made strictly as per payment terms in the tender specification.

**12.0 FIRM PRICE :** The Contractor has to keep his quoted rates firm for the entire contractual period including total extended period, if any, and no claim for revision of rates or price escalation is allowed under any circumstances.

**13.0 VARIATION IN QUANTUM OF WORK :** The details of quantum of work are indicated in the rate schedule which is only approximate and is likely to vary to the extent of PLUS or MINUS 15% of the scheduled quantities

**14.0 EARNEST MONEY DEPOSIT (EMD) :** The EMD amount to be remitted along with the offer and the mode of remittance shall be as indicated in the "Notice Inviting Tender".

**15.0 SECURITY DEPOSIT (SD) :** The successful Bidder shall within the time specified in the letter of intent deposit the required amount of security deposit. The SD shall be as per clause 1.8 of General Conditions of Contract (GCC).

**16.0 TAXES AND DUTIES:** The tenderer shall not include GST in their quoted rates. The GST rates and its working shall be indicated separately in the price bid.

**17.0 PAYMENT TERMS:** All payments for the works completed shall be paid based on bills raised by the contractor as payment terms and certified by Engineer-in-Charge/Site In charge of BHEL. Payment will be made within a reasonable time period (say min. 45 days) from the date of submission of error free bills along with all the enclosures as called for by BHEL. Payment will be only through e-payment (through electronic fund transfer (EFT) / RTGS) only after deducting Bank charges as per BHEL terms of payment.

#### **17.1 For BOQ Section: A**

- a) 85% of the item rate on pro-rata basis shall be paid as and when the erection work / cable laying / termination activity is completed against certification from BHEL site Engineer for each activity as per Billing break-up
- b) 10 % of the item rate shall be released after successful commissioning of the UF plant.
- c) Balance 5 % of the item rate shall be released after completion of the Guarantee period of 12 months from the date of commissioning.

 <b>Ranipet</b>	<b>Bharat Heavy Electricals Limited</b> <b>Boiler Auxiliaries Plant, Ranipet –632 406</b> <b>ERECTION SERVICES DEPARTMENT</b>	<b>TENDER DOCUMENTS</b> Page 15 of 15  <b>97972022357</b>
<p><b>17.1 For BOQ Section: B</b></p> <p>a) 95 % of the item rate shall be released after commissioning of individual equipment</p> <p>b) Balance 5 % of the item rate shall be released after completion of the Guarantee period of 12 months from the date of commissioning.</p> <p><b>18.0 PERIOD OF CONTRACT / DURATION OF WORK :</b> The time period of contract shall commence from date of award of work / Letter of Intent from BHEL. The Time period for erection activity are enumerated below and shall be strictly adhered to.</p> <p>a) <b>The entire scope of erection of Electrical components of UFPP shall be completed in 3 months</b> The contractor shall mobilize the resources like manpower, cranes, consumables, tools and plants required to complete the entire work with in the schedule.</p> <p>b) The contractor shall mobilize the resources like manpower, cranes, consumables, tools and plants required to complete the entire work with in the schedule stipulated by BHEL, including revisions , if any.</p> <p><b>19.0 LIST OF TOOLS &amp; TACKLES :</b> The list of Tools and tackles, cranes etc proposed to be deployed by the contractor shall be given along with the offer. In case of cranes, the range diagrams and load charts should be included for the models to be used for the job.</p> <p><b>20.0 Accommodation for Contractors' personnel :</b> BHEL <b>shall not</b> provide any accommodation facilities for the contractors' personnel. All the necessary arrangements have to be made by the contractor, outside the Plant premises, at no extra cost to BHEL.</p> <p><b>21.0 LIQUIDATED DAMAGES :</b> If the work completion gets delayed and the contract period gets extended due to reasons attributable to the bidder, liquidated damages as per provisions of contract (clause No.2.7.5 of General conditions of Contract for Works) shall apply. All decisions of BHEL in this regard will only be final and binding on the Bidder.</p> <p><b>22.0 <u>EXTRA CHARGES FOR MODIFICATION AND RECTIFICATION WORKS:</u></b> Refer Section-V of the special conditions of contract.</p> <p><b>23.0 <u>OVER-RUN COMPENSATION (ORC):</u></b> Not Applicable.</p> <p><b>24.0 The following documents enclosed shall also form part of the tender:</b></p> <p>a. General terms and conditions of work (ES:F:010)</p> <p>b. Special Conditions of Contract for Electrical works of UFPP (BAP:ERN:ELE:SPN:UFPP:01 – SECTION-III&amp; IV)</p> <p>c. ## SECTION – I

### 1. GENERAL INSTRUCTIONS TO BIDDERS

#### 1.1. DESPATCH INSTRUCTIONS:

- 1.1.1. This tender specification as a whole, duly furnishing all the details required and other documents as required in the following pages, shall be duly signed and sent in a sealed cover duly super scribing the name of work as given in the tender notice.
- 1.1.2. The tender shall be addressed to Officer inviting tender as indicated in the tender notice.
- 1.1.3. Tenders submitted by post shall be sent by "REGISTERED POST WITH ACKNOWLEDGEMENT DUE" and shall be posted with the due allowance for any postal delay. The tenders received after the due date and time of opening are liable to be rejected. Telegraphic offers and offers received by telex may not be considered.
- 1.1.4. Tenders shall be opened by authorized officer of BHEL at his office at the time and date as specified in the tender notice in the presence of such of those bidders or their authorized representatives who may be present.
- 1.1.5. The Tenders shall closely pursue all the clauses, specifications and drawings indicated in the tender documents before quoting. Should the bidder have any doubt in the meanings of any portion of the tender specification or find discrepancies or omission in the drawings or the tender documents issued are in complete or shall require clarification on any of the technical aspect, scope of work etc., he shall at once contact the authority inviting the tender for clarification before the submission of the tender.
- 1.1.6. Before tendering, the bidders are advised to inspect the site of work and the environments and be well acquainted with the actual working and other prevalent conditions, facilities available, position of material and labour. No claim will be entertained later, on the ground of lack of knowledge.
- 1.1.7. Bidder must fill up all the schedules and furnish all the required information as per the instructions given in various sections of the tender specification. Each and every page of the Tender Specification must be signed and submitted along with the offers by the bidder in token of complete acceptance thereof. The information furnished shall be complete by itself.
- 1.1.8. The bidders shall quote the rates in English language and international numerals. These rates shall be entered in figures as well as in words.
- 1.1.9. **Discrepancy in Quoted Rates :**
  - a. If, in the price structure quoted, there is a discrepancy between the Unit rate quoted and the Total Price (which is obtained by multiplying the unit price by the quantity) due to arithmetical errors, the Unit rate quoted will be considered valid and the Total price will be corrected accordingly, unless in the opinion of BHEL there is an obvious misplacement of decimal point in the unit price. In which case the total price as quoted shall govern and the unit price corrected accordingly.
  - b. If there is an error in total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.
  - c. If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.
  - d. If there is such discrepancy in an offer, the same shall be conveyed to the bidder with target date before which the bidder has to send their acceptance on the above lines. If the bidder does not agree to the decision of BHEL, the bid is liable to be ignored.
- 1.1.10. For the purpose of the tender, the metric system of units shall be used.
- 1.1.11. All entries in the tender shall either be typed or be written in ink. Erasers and overwriting are not permitted and may render such tenders liable to summary rejection. All cancellations and insertions shall be duly attested by the bidder.

	<b>Bharat Heavy Electricals Limited</b> <b>Boiler Auxiliaries Plant, Ranipet –632 406</b> <b>ERECTION SERVICES DEPARTMENT</b>	<b>GENERAL CONDITIONS OF CONTRACT</b> <b>ES : F : 010</b>
		<b>Page No.: 03 of 18</b>

### **SECTION – I Contd..**

- 1.2. **QUALIFICATION OF BIDDERS:** Only bidders who have previous experience in the work of this nature and description detailed in this tender specification are expected to quote for this work duly submitting details of experience along with the offer. Offers from bidders who do not have proven and established experience in the field are not likely to be considered.
- 1.3. **DATA TO BE ENCLOSED:** Full information shall be given by the bidder in respect of the following. Non- submission of these information may lead to rejection of the offer.
- 1.3.1. **FINANCIAL STATUS:** A certificate from Scheduled Bank to prove his financial capacity to undertake the work duly indicating financial limits the bidder enjoys or solvency certificate from the concerned Government authority. Informations required in Annexure A<sub>7</sub> shall be furnished by the bidder along with the offer.
- 1.3.2. **INCOME TAX CERTIFICATE:** A certificate of Income Tax clearance from the appropriate authority in the forms prescribed there for indicating annual turnover and the Sales Tax clearance certificate from the appropriate authorities as prescribed by the concerned state government, if any. These certificates shall be valid for one year from the date of issue or for the period prescribed therein for all tenders submitted during the period.
- 1.3.3. **PREVIOUS EXPERIENCE:** A statement giving particulars duly supported by documentary evidence of the various services rendered for each similar work by the bidder indicating the particulars, value of each work, the site location, the duration, date of completion, a list of site locations and particulars and value of various services that are under progress. Information required in Annexure –BI & BII shall be furnished by the bidders along with the offer.
- 1.3.4. **ORGANISATION CHART:** The Organisation pattern that is presently available with the bidder and that will be employed by the bidder for this work shall be furnished.
- 1.3.5. An attested copy of the Power of Attorney, in case the tender is signed by an individual other than the sole proprietor, shall also be attached. (If it is a Company or Firm, etc., Director/Managing Partner as the case may be is required to sign)
- 1.3.6. **IN CASE OF AN INDIVIDUAL:** His full name, address and place and nature of business shall be indicated.
- 1.3.7. **IN CASE OF PARTNERSHIP FIRMS:** The names of all the partners and their addresses be furnished along with a copy of the partnership deed/instrument of partnership duly certified by Notary Public shall be enclosed.
- 1.3.8. **IN CASE OF COMPANIES:** Date and place of registration including date of commencement certificate in case of public companies (certified copies of Memorandum and Articles of Association are also to be furnished) are to be furnished.
- 1.3.9. Nature of business carried on by the Company and the provisions of the Memorandum relating there of shall be furnished.
- 1.3.10 Names and particulars including addresses of the Directors and their previous experiences shall be furnished.
- 1.3.11 A list of tools and tackles that the bidder is having and those that will be used on this job shall be furnished.
- 1.3.12 In addition to the above, the particulars required in various annexure shall also be furnished.

<b>1.9. REJECTION OF TENDER AND OTHER CONDITIONS</b>		
<p><b>1.9.1.</b> The acceptance of Tender will rest solely with BHEL which does not bind itself to accept the lowest tender or any tender and reserves to itself full rights for the following without assigning any reasons whatsoever.</p> <p><b>1.9.1.1.</b> To reject any or all of the bidders.</p> <p><b>1.9.1.2.</b> To split up the work amongst two or more Bidders.</p> <p><b>1.9.1.3.</b> To award the work in part.</p> <p>Either of the contingencies stated in (1.9.1.2) and (1.9.1.3) above to modify the time for completion suitably.</p> <p><b>1.9.2</b> Conditional and Unwitnessed tenders, tenders containing absurd or unworkable rates and amounts and tenders which are incomplete and otherwise considered defective and tenders not in accordance with the tender conditions, specifications, etc., are liable to be rejected.</p> <p><b>1.9.1.</b> If a bidder expires after the submission of his/her tender or after the acceptance of his/her tender, BHEL may at their discretion cancel such tender. If a partner of a firm expires the submission of the tender or after the acceptance of the tender, BHEL may cancel such tender at their discretion unless the firm retains its character.</p> <p><b>1.9.2.</b> BHEL will not be bound by any power of Attorney granted by the bidder or by changes in the composition of the firm made subsequent to the execution of the Contract. They may, however recognize such power of Attorney and changes after obtaining proper legal advice, the cost of which will be chargeable to the contractor concerned.</p> <p><b>1.9.3.</b> If the bidder deliberately gives wrong information in his tender, BHEL reserves the right to reject such tender at any stage or cancel the contract, if awarded. The Earnest Money/Security Deposit /any other money due shall also be forfeited.</p> <p><b>1.9.4.</b> Canvassing in any form in connection with the tender is strictly prohibited and the tenders submitted by the contractors who resort to canvassing in any form are liable to rejection.</p> <p><b>1.9.5.</b> Should a bidder or contractor or in the case of a firm or company of contractors one or more of its partners/share holders/Directors have a relation or relations employed in BHEL, the authority inviting tender shall be informed of the fact along with the offer, failing this BHEL may, at its sole discretion reject the tender or cancel the contract and forfeit the Earnest Money/Security Deposit.</p> <p><b>1.9.6.</b> The successful bidder should not sub-contract the part or complete work detailed in the tender specification undertaken by him without written permission of BHEL. The bidder is solely responsible to BHEL for the work awarded to him.</p> <p><b>1.9.7.</b> No deviation from the tender specification shall be acceptable to BHEL. Bidders shall confirm their unqualified acceptance of the terms and conditions by giving an undertaking to this effect in a separate letter as specified by BHEL. It may be noted that any conditional or Incomplete bid shall be regarded as non-responsive and would be liable to be rejected.</p>

	<b>Page No.: 08 of 18</b>

## SECTION – II Contd..

- 2.1.17. “WORK OR CONTRACT WORK”** shall mean and include supply of all categories of labour specified consumables, tools and tackles required for complete and satisfactory site transportation handling, stocking, storing, erecting, testing, and commissioning of the equipment to the entire satisfaction of BHEL.
- 2.1.18. “SINGULAR AND PLURAL ETC”** works carrying singular number shall also include plural and vice versa, where the context so required. Words importing the masculine gender shall be taken to include the feminine gender and words imparting persons shall include any company or association or body of individuals, whether incorporated or not.
- 2.1.19. “HEADINGS”**  
The headings in these general conditions are solely for the purpose of facilitating reference and shall not be deemed to be part thereof or be taken into consideration in the interpretation or construction thereof or of the contract.
- 2.1.20. “MONTH”** shall mean calender month, unless specified otherwise in the tender.
- 2.1.21. “WRITING”** shall include any manuscript typewritten or printed statement under the signature of BHEL.
- 2.2. LAW GOVERNING THE CONTRACT AND COURT JURISDICTION**  
The contract shall be governed by the Law for the time being in force in the Republic of India, and shall be subject to the Jurisdiction of the courts having Jurisdiction over RANIPET (VELLORE Dist, Tamil Nadu).
- 2.3. ISSUE OF NOTICE:**  
The Contractor shall furnish to the BHEL ENGINEER the name, designation and address of his authorized agent and all complaints, notices, communication and reference shall be deemed to have been duly given to the contractor or his authorized agent or left or posted to the address of either the contractor or of his representative and shall be deemed to have been so give in the case of posting on the day on which they would have reached such address in the ordinary course of post or on which they were so delivered of / or left.
- 2.4. USE OF LAND:** No land belonging to BHEL or their customer under temporary possession of BHEL shall be occupied by the Contractor without the written permission of BHEL.
- 2.5. COMMENCEMENT OF WORKS:**
- 2.5.1.** The Contractor shall commence the works within the time indicated in the Letter of Intent from BHEL and shall proceed with the same with due expedition without delay.
- 2.5.2.** If the successful bidder fails to start the work within the stipulated time, BHEL, at his sole discretion will have the right to cancel the contract. His earnest money and/or Security Deposit with BHEL will stand forfeited without any further reference to him without prejudice to any and all of BHEL’s other rights and remedies in this regard.
- 2.5.3.** All the works shall be carried out under the direction and to the satisfaction of BHEL.
- 2.5.4.** The erected/constructed plant or work performed under this contract shall be taken over when it has been completed in all respects and/or satisfactorily put in to operation at site.
- 2.6. MODE OF PAYMENT AND MEASUREMENT OF THE WORK COMPLETED:**
- 2.6.1.** All payments due to the contract shall be paid through E-PAYMENT (EFT / RTGS) only. The contractor has to furnish acceptance for e-payment, duly indicating the bank account details in the prescribed format.
- 2.6.2.** For Progress running bill payment: The contractor shall present detailed measurement working sheets, in quadruplicate, duly indicating all relevant details based on technical documents and connected drawings for work done during the month/period under various categories in line with terms of payment as per letter of intent. The basis of arriving at the quantities/weight shall be the relevant documents and drawings released by BHEL.

 <b>Ranipet</b>	<b>Bharat Heavy Electricals Limited</b> <b>Boiler Auxiliaries Plant, Ranipet –632 406</b> <b>ERECTION SERVICES DEPARTMENT</b>	<b>GENERAL CONDITIONS OF CONTRACT</b> <b>ES : F : 010</b>
		<b>Page No.: 09 of 18</b>

## SECTION – II Contd..

- 2.6.3.** These measurement working sheets will be checked and vetted by BHEL Engineers and quantities and percentage eligible for payment under various groups shall be decided by BHEL engineers. The abstract of quantities and percentage so arrived based on the terms of payment shall be entered in Measurement Book and signed by both the parties.
- 2.6.4.** Based on the above quantity, contractor shall prepare the bills in prescribed proforma and work out the financial value. These will be entered in Measurement Book and signed by both the parties and paid duly effecting recoveries due.
- 2.6.5.** All recoveries due from the contractor for the month/period shall be effected in full from the corresponding running bills unless specific approval from the competent authorities is obtained otherwise.
- 2.6.6.** Measurement shall be restricted to that for which it is required to ascertain the financial liability of BHEL under this contract.
- 2.6.7.** The measurement shall be taken jointly by persons duly authorized on the part of BHEL and by the contractor.
- 2.6.8.** The contractor shall bear the expenditure involved, if any, in making the measurement. The contractor shall, without extra charges provide all the assistance with appliances and other things necessary for measurement.
- 2.6.9.** If, at any time due to any reason, whatsoever, it becomes necessary to re-measure the work done in full or in part, the expenses towards such re-measurements shall be borne by the contractor.
- 2.6.10.** Passing of measurement as per bills does not amount to acceptance of the completion of the work mentioned. Any left out work has to be completed if pointed out at a later date by BHEL.
- 2.6.11.** Final measurement bill shall be prepared in the final bill proforma prescribed for the purpose based on the certificate issued by BHEL Engineer that entire work as stipulated in the tender specification has been completed in all respects to the entire satisfaction of BHEL. Contractors shall give unqualified 'No Due' and 'No Demand' certificate. All the tools and tackles loaned to them should be returned in condition satisfactory to BHEL. Quantities/Weight erected shall be prepared and paid, within a reasonable time after completion of work. After payment of final bill, only guarantee obligation percentage shall remain unpaid which shall be released in accordance with clause 2.13. The final bill quantities and financial value shall also be entered in Measurement Book and signed by both the parties to the contract.
- 2.7 RIGHTS OF BHEL**
- BHEL reserves the following rights in respect of this contract without entitling the contractor for any compensation.
- 2.7.1.** To get the work done through other agency at the risk and cost of the Contractor, in the event of Contractor's poor progress, or inability to progress the work, persistent disregard in instruction of BHEL, assignment transfer, subletting of the contract without permission of BHEL, non fulfillment of any contractual obligation etc., and to recover compensation for such losses from the contractor including BHEL's supervision charges and overheads from Security Deposit / other dues.
- 2.7.2.** To withdraw any portion of work and/or to restrict/alter quantum of work as indicated and get it done through other agency and/or with departmental labour to suit BHEL's commitment to its customer or in case BHEL decides to advance the date of completion due to other emergency reasons/BHEL's obligation to its customer.
- 2.7.3.** To terminate the contract after due notice to cause forfeiting of Security Deposit and recover the loss sustained in getting the balance work done through other agencies in addition to liquidated damages in the event of :
- 2.7.3.1.** Contractor's continued poor progress.
- 2.7.3.2.** Withdrawal from or abandonment of the work before completion of the work.

 <b>Ranipet</b>	<b>Bharat Heavy Electricals Limited</b> <b>Boiler Auxiliaries Plant, Ranipet –632 406</b> <b>ERECTION SERVICES DEPARTMENT</b>	<b>GENERAL CONDITIONS OF CONTRACT</b> <b>ES : F : 010</b>  <b>Page No.: 10 of 18</b>
<b>SECTION – II Contd..</b>		
<p>2.7.3.3. Corrupt act of contractor.</p> <p>2.7.3.4. Insolvency of the contractor.</p> <p>2.7.3.5. Persistent disregards to the instructions of BHEL.</p> <p>2.7.3.6. Assignment transfer, sub-letting of the contract without BHEL's permission.</p> <p>2.7.3.7. Non-fulfillment of any contractual obligations.</p> <p>2.7.4. To recover any money due from the contractor from any money due to the contractor under this contract or any other contract or from the Security Deposit.</p> <p>2.7.5. To claim compensation for losses sustained including BHEL's supervision charges and overheads for completion on termination of contract and to impose penalty for delay in completion of the work. At the rate of <b>½% of the contract value per week of delay or part thereof subject to a ceiling of 10% of contract value.</b></p> <p>2.7.6. To terminate the contract or to restrict the quantum of work and pay for the portion of work executed in case BHEL's contracts with their customers are terminated for any reason.</p> <p>2.7.7. To effect recovery from any amount due to the contractor under this or any other contractor in any other form the moneys BHEL is forced to pay to anybody, due to contractor's failure to fulfill any of his obligation.</p> <p>2.7.8. To restrict or increase the quantity and nature of work to suit the site requirements since the tender specification is based on preliminary documents and quantities furnished there in are indicative and approximate and the rates quoted shall not be subject to revision.</p> <p>2.7.9. To deploy BHEL's fitters, welders, operators and technicians in case of emergency/poor progress/deficiency in skill on the part of employees of contractor and to recover the expenditure on account of the same from contractor's bills.</p> <p>2.7.10. While every endeavor will be made by BHEL they cannot guarantee un-interrupted work to the contractor due to conditions beyond their control. Contractor will not be entitled for any compensation extra payment on his account.</p> <p>2.7.11. In the event of any dispute of any nature, the decision of BHEL shall be final and binding on the contractor.</p> <p>2.7.12. <b>Cancellation of contract in part or full for contractor's default:</b></p> <p>If the contractor:</p> <p>a) makes default in commencing the work within a reasonable time from the date of handing over of the site and continue in that state after a reasonable notice from Engineer-in-charge.</p> <p style="text-align: center;">OR</p> <p>b) in the opinion of the Engineer-in-charge at any time whether before or after the date / extended date for completion, make default in proceeding with the work, with due diligence and continue in that state after a notice of seven days from Engineer-in-charge</p> <p style="text-align: center;">OR</p> <p>c) fails to comply with any of the terms and conditions of the contract or after 7 days notice in writing with orders properly issued there under</p> <p style="text-align: center;">OR</p> <p>d) fails to complete the work order and items of work as per individual dates for completion and clear the site on or before the date of completion or fails to achieve the progress set out in accordance with the provisions of contract.</p>		

 <b>Ranipet</b>	<b>Bharat Heavy Electricals Limited</b> <b>Boiler Auxiliaries Plant, Ranipet –632 406</b> <b>ERECTION SERVICES DEPARTMENT</b>	<b>GENERAL CONDITIONS OF CONTRACT</b> <b>ES : F : 010</b>
		<b>Page No.: 11 of 18</b>
<b>SECTION – II Contd..</b>		
<p>The Accepting Officer may, without prejudice to any other right or remedy which shall have accrued or shall accrue to BHEL, cancel the contract as a whole or in part thereof or only such work order items of work in default from the contract. Whenever the Accepting officer exercises his authority to cancel the contract as a whole or in part under this condition he may complete the work at the contractor's risk and cost, provided always that in the event of the cost of completion (as certified by Engineer-in-charge, which is final and conclusive) being less than the contract cost the advantage shall accrue to the BHEL. If the cost of completion exceeds, the money due to the contractor under this contract the contractor shall either pay the excess amount ordered by General Manager or the same shall be recovered from the contractor by other means. Engineer-in-charge will have power to take possession of site and materials, constructional plant, implements, stores etc there on.</p>		
<p>In case BHEL completes the work or any part thereof under the provisions of the contract conditions, then such completion is to be taken in to account in determining the excess cost to be charged to the contractor under this condition and shall consist of the cost of materials purchased and / or labour provided by BHEL, with an addition of such percentage to cover superintendence and establishment charges as may be decided by the General Manager, whose decision shall be final and conclusive.</p>		
<p><b>2.7.13.</b> If the contractor fails to pay the excess sum within a period of 30 days the Engineer-in-charge shall have the right to sell any or of the contractor's unused materials, construction plant, implements, temporary buildings etc., and apply the proceeds of sale thereof towards the satisfaction of any sum due from the contractor under the contract and if there after be any balance out standing from the contractor, it shall be recovered in accordance with the provisions of the contract.</p>		
<p><b>2.7.14. BHEL shall have the right to recover any money due from the contractor from any money due to the contractor under this contract or any other contract or from the Security Deposit.</b></p>		
<p><b>2.8. RESPONSIBILITIES OF THE CONTRACTOR IN RESPECT OF LOCAL LAWS, EMPLOYMENT OF WORKERS Etc.</b></p>		
<p>The following are the responsibilities of the Contractor in respect of observation of local laws, employment of personnel, payment of taxes etc.</p>		
<p><b>2.8.1.</b> As far as possible unskilled workers shall be engaged from the local areas in which the work is being executed.</p>		
<p><b>2.8.2.</b> The contractor at all times during the continuance of this contract shall, in all his dealings with local labour for the time being employed on or in connection with the work, have due regard to all local festivals, religious and other customs.</p>		
<p><b>2.8.3.</b> The contractor shall comply with all state and Centrals Laws, Statutory Rules, Regulations etc., inclusive of those regarding labour and industrial laws which are applicable from time to time and they shall comply with the provisions of the said labour legislations, rules and regulations framed under the provisions of Employees Provident Fund and Miscellaneous Provisions Act 1952 shall be strictly followed.</p>		
<p><b>2.8.4.</b> The contractor shall pay all taxes, including sales Tax on works contract if any fees, license, charges, deposits duties, tool royalty commissions or other charges which may be leviable on account of any of his operations in execution of the contract in case BHEL is forced to pay any of such taxes. BHEL shall have the right to recover the same from the contractor either from his bills or other wise as deemed fit.</p>		
<p><b>2.8.5.</b> While BHEL would pay the inspection fees, of the Boiler Inspectorate, all other arrangements for the visits periodically by Boiler Inspector to site, Inspection Certificate etc., will have to be made by the contractor. However BHEL will not make any payment to Boiler Inspector in connection with contractor's welders qualification/requalification tests etc.</p>		
<p><b>2.8.6.</b> The contractor shall be responsible for provision of health and sanitary arrangements (more particularly described in Contract Labour Regulation &amp; Abolition Act) safety precautions etc., as may be required for safe and satisfactory execution of the contract.</p>		
<p><b>2.8.7.</b> The contractor shall be responsible for providing proper accommodation including adequate medical facilities for the personnel employed by him.</p>		
<p><b>2.8.8.</b> The contractor shall be responsible for the proper behavior and observance of all regulations by the staff employed by him.</p>		

 <b>Ranipet</b>	<b>Bharat Heavy Electricals Limited</b> <b>Boiler Auxiliaries Plant, Ranipet –632 406</b> <b>ERECTION SERVICES DEPARTMENT</b>	<b>GENERAL CONDITIONS OF CONTRACT</b> <b>ES : F : 010</b> <b>Page No.: 12 of 18</b>
<b>SECTION – II Contd..</b>		
<p><b>2.8.9.</b> The contractor shall ensure that no damage is caused to any person/property of other parties working at site. If any such damage is caused it is the responsibility of the contractor to make good the losses or compensate for the same.</p> <p><b>2.8.10.</b> All the properties/equipment/components of BHEL their client loaned with or without deposit to the contractor in connection with contract shall remain the properties of BHEL/their client. The contractor shall use such properties for purpose of execution of this contract, all such properties/equipment/components shall be deemed to be in good condition when received by the Contractors unless he notifies within 48 hours to the contrary. The Contractor shall return them in good condition as and when required by BHEL/their client. In case of non-return, loss, damage, repairs etc, the cost thereof, as may be fixed by the site Engineer, will be recovered from the Contractor.</p> <p><b>2.8.11.</b> It is not obligatory on the part of BHEL to supply any tools and tackles or other materials other than those specifically agreed to do so by BHEL. However, depending upon the availability/possibility BHEL's customer's handing equipment and other plants may be made available to the contractor on payment of the hire charges/free of charges, as fixed subject to the conditions laid down by BHEL/Customer from time to time. Unless paid in advance such hire charges if applicable shall be recovered from contractors bills/security deposit in one installment.</p> <p><b>2.8.12.</b> The Contractor shall fully indemnify BHEL against all claims of whatsoever nature arising during the course of erection/construction/performing work under the contract.</p> <p><b>2.8.13.</b> In case the Contractor is required to undertake any work outside the scope of this contract the rate payable shall be those mutually agreed upon.</p> <p><b>2.8.14.</b> Any delay in completion of works/non-achievement of periodical targets, due to reasons attributable to the contractor, the same will have to be compensated by the Contractor either by increasing manpower and resources or by working extra hours and/or by working more than one shift. All these are to be carried out by the contractor at no extra cost.</p> <p><b>2.8.15.</b> The contractor shall arrange and co-ordinate his work in such a manner as to cause no hindrance to other agencies working in the same premises.</p> <p><b>2.8.16.</b> All safety rules and codes applied by the client/BHEL at site shall be observed by the contractor without exception. The contractor shall be responsible for the safety of the equipment/material and works to be performed by him and shall maintain all light, fencing guards signs etc, or other protection necessary for the purpose. Contractor shall also take such additional precautions as may be indicated from time to time by the Engineer with a view prevent pilferage, accidents, fire hazards and due precautions shall be taken against fire hazards and atmospheric conditions. Suitable number of clerical staff, watch and ward, store keepers to take care of equipment, materials and construction tools and tackles shall be posted at site by the contractor till the completion of the work under this contract. The contractor shall arrange for such safety devices as are necessary for such type of work and carry out the requisite site tests of handling equipment, lifting tools, tackles, etc., as per prescribed standards and practices.</p> <p><b>2.8.17.</b> The contractor will be directly responsible for payment of wages to his workmen. A pay roll sheet giving all the type payments given to the workers and duly signed by the contractor's representative should be furnished to BHEL Site office on or before 15th of every succeeding month.</p> <p><b>2.8.18.</b> In case of any class of work for which there is no such specification as laid down in the contract, such work shall be carried out in accordance with the instructions and requirements of the Engineer.</p> <p><b>2.8.19.</b> No levy of payment or charge made or imposed shall be impeached by reason of any clerical error or by reason of any mistake in the amount levied or demanded or charged.</p> <p><b>2.8.20.</b> Also no idle labour charges will be admissible in the event of any stoppage caused in the work resulting contractor's labour being rendered idle due to any cause at any time.</p> <p><b>2.8.21.</b> The contractor shall take all reasonable care to protect the materials and work till such time the plant/equipment has been taken over by BHEL/their client.</p> <p><b>2.8.22.</b> Contractor shall not stop the work or abandon the site for whatsoever reason or dispute, excepting for force major conditions. All such problems/dispute, shall be separately discussed and settled without affecting the progress of work. Such stoppage or abandonment shall be treated as breach of contract and dealt with accordingly.</p>

## **SECTION – II Contd..**

### **2.9. CONSEQUENCES OF CANCELLATION:**

Whenever BHEL exercises its authority to terminate the contract/withdraw a portion of work under the clause 2.7 they may complete the work by any means. In the event of the cost of completion as certified by the site Engineer which is final and conclusive being less than the contract cost, the advantage shall accrue to BHEL and that if the cost of completion exceeds the moneys due to the contractor under the contract, the contractor shall either pay the excess amount ordered by BHEL or the same shall be recovered from the contractor by any other means. This will be in addition to the forfeiture of Security Deposit and recovery of liquidated damages as per the relevant clauses.

**2.9.1.** In case BHEL completes the work under the provision of this condition, the cost of such completion to be taken into account in determining the excess cost to be charged to the contract under this condition, shall consist of materials purchased and/or labour provided by BHEL with an addition of such percentage to cover supervision and establishment charges as may be decided by BHEL.

### **2.10 INSURANCE:**

**2.10.1.** BHEL/their customer shall arrange for insuring the materials/properties of BHEL / customer covering the risks during transit, storage, erection and commissioning.

**2.10.2.** It is sole responsibility of the contractor to insure his workmen against accidents and injury while at work as required by relevant Rules and to pay compensation, if any, to workmen as per workmen's Compensation Act. The work will be carried out in a protected area and all the rules and regulations of the client/BHEL in the area of project which are in force from time to time will have to be followed by contractor.

**2.10.3.** If due to negligence and/or non-observance of safety and other precautions, any accident/injury occurs to any other persons/public, the contractor shall have to pay necessary compensation and other expenses if so decided by the appropriate authorities.

**2.10.4.** If due to contractor's carelessness's, negligence of non-observance of safety precautions damage to BHEL's /customer's property and personnel should occur and if BHEL is unable to recover in full cost from the insurance company, the same will be recovered from the contractor.

**2.10.5.** It shall be the responsibility of the contractor to provide security arrangement for the equipment/materials belonging to BHEL and handed over to the contractor for erection/transportation till the same are taken over by BHEL after erection/returned to BHEL stores.

### **2.11. STRIKES & LOCKOUTS:**

**2.11.1.** The contractor will be fully responsible for the entire dispute and other issues connected with his labour. In the event of the contract labour resorting to strike or the contract resorting to lock-out and if the strike or lock-out declared is not settled within a period of one month, BHEL, shall have the right to get the erection work executed employing its won labour or through any agencies or both and the cost so incurred by BHEL be deducted from the contractor's bills.

**2.11.2.** For any purpose whatsoever the employees of the contractor shall not be deemed to be in the employment of BHEL.

### **2.12. FORCE MAJEURE:**

**2.12.1** The following shall amount to FORCE MAJEURE:

Act of God or of any Government, War, Sabotage, Riots, Civil commotion, Police action revolution, Flood, Fire, Cyclones, Earth quake and epidemic and other similar causes over which the contractor has no control.

**2.12.2.** If the contractor suffers delay in the due execution of the contractual obligation due to delays caused by FORCE MAJEURE as defined above, the agreed time of completion of the job covered by this contract or the obligation of contractor shall be extended by a period of time equal to the period of delay provided that on the occurrence of any such contingency the contractor immediately reports to BHEL in writing the causes of delay and the contractor shall not be eligible for any compensation.

## SECTION – II Contd..

### 2.13. GUARANTEE:

Even though the work will be carried out under the supervision of BHEL Engineers the contractor will be responsible for the quality of the workmanship and shall guarantee the work done for a period of twelve months from the date of completion of work as certified by the Engineer for good workmanship and shall rectify free of cost all defects due to faulty erection, detected during the guarantee period starting from the date of the completion of rectification. In the event of the contractor failing to repair the defective works within the time specified by the Engineer, BHEL may proceed to undertake the repairs of such defective works at the contractor's risk and cost, without prejudice to any other rights and recover the same from Security Deposit/other dues or by other legal means.

### 2.14. ARBITRATION:

Except where otherwise provided for in the contract all questions and disputes relating to the meaning of the specifications, designs, drawings and instructions herein before mentioned and as to the quality of workmanship or materials used on the work or as to any other question, claim, right, matter or thing whatsoever in anyway arising out of or relating to the contract, designs, drawings, specifications, estimates, instructions, orders or these conditions or otherwise concerning the work or failure to execute the same whether arising during the progress of the work or after the completion or abandonment thereof shall be referred to the arbitrator nominated by the Unit Head of BHEL-Ranipet.

The cases referred to arbitration shall be other than those for which the decision of the Accepting Officer, or Engineer-in-charge as the case may be is expressed in the contract to be final and conclusive. There will be no objection if the arbitrator so appointed is an employee of BHEL and that he had to deal with the matters to which the contract relates and that in the course of his duties as such he had expressed views on all or any of the matters in dispute or difference.

The arbitrator to whom the matter is originally referred being transferred or vacating his office or being unable to act for any reason, such General Manager as aforesaid at the time of such transfer, vacation of office or inability to act shall appoint another person to act as an arbitrator in accordance with the terms of the contract. Such person shall be entitled to proceed with the reference from the stage at which it was left by his predecessor.

Subject as aforesaid the provision of the Arbitration and Conciliation Act 1996 or any statutory modification or reenactment thereof and the rules made there under and for the time being in force shall apply to the arbitration proceeding under this clause.

It is a term of the contract that the party involving arbitration shall specify the dispute or dispute to be referred to arbitration under this clause together with the amount or amounts claimed in respect of each such dispute.

The arbitrator shall be deemed to have entered on the reference on the date he issues notice to both the parties fixing the date of first hearing.

The arbitrator shall give a separate award in respect of each dispute or difference referred to him.

The venue of arbitration shall be such place as may be fixed by the Arbitrator in his sole discretion. The award of the Arbitrator shall be final conclusive and binding on all parties to this contracts.

In the event of disputes or differences arising between one public sector and a Government Department or between two public sector enterprises the above stipulations shall not apply, the provisions of BPE Office memorandum No.BPE/CL/001/76 MAN/2(1.10)76-BPE(GM-1)dated 1<sup>st</sup> January 1976 or its amendments for arbitration shall be applied.

## ANNEXURE- "D" CONTRACT AGREEMENT

**AGREEMENT No: BAP: ERN : BHE :**

**DATE:**

1. This agreement made this day, the \_\_\_\_\_ of \_\_\_\_\_ between the Bharat Heavy Electricals Limited, Ranipet having its Registered Office at 'BHEL House', Siri Fort, New Delhi 110 049 (herein after called the FIRST PARTY) of one part and Messrs. (herein after called the ("CONTRACTOR")) of the SECOND PARTY.
2. WHEREAS the first party is desirous of executing the work of \_\_\_\_\_ more particularly described in the appendices including drawings and specifications attached herewith.
3. WHEREAS IN PURSUANCE of the said Contractor's Tender having been accepted, the first party has decided to give the above said work to Contractor, and WHEREAS the contract between the parties was concluded by virtue of a letter of intent issued by the First Party under reference \_\_\_\_\_ Dt. \_\_\_\_\_.
4. WHEREAS the said Contractor has agreed to do the aforesaid work of the first party subject to the conditions herein contained in the presents, instructions to bidders, general conditions and special conditions, schedules, appendices, letter of intent and specifications (hereinafter referred as the said contract schedule) at the approved rates (herein referred as the said contract rate).
5. AND WHEREAS the said contractor has furnished a Bank Guarantee for a sum of Rs. \_\_\_\_\_ Valid up to \_\_\_\_\_ towards initial 50% security Deposit and has further agreed for balance 50% Security Deposit being recovered at 10% of value of each running bill till the full Security Deposit is made up for the satisfactory completion and performance of the work and whereas the validity of the said Bank Guarantee has to be extended by the Contractor, if so required before for the balance period of contract period and in the event of his failure to do so, the contractor shall pay or accept recovery of this amount of Rs. (Rupees \_\_\_\_\_ only), from the bills forthwith in one installment and it has further been agreed that the failure to extend the validity of Bank Guarantee or failure to pay the aforesaid amount the manner specified above shall constitute the breach of contract, and first party reserved the right to take easy legal action deemed fit for recovering the said sum of Rs. \_\_\_\_\_ (Rupees \_\_\_\_\_ only). This amount of Rs. \_\_\_\_\_ Will be refunded (and Bank Guarantee will be returned) to the Contractor on satisfactory completion of the work as specified in the Contract documents.
6. Now THESE PRESENTS WITNESS that in consideration of the said contract schedule and said contract rate as also of agreement of good and faithful services to be rendered and performed by the contractor in the execution of the said work, subject to the stipulation hereinafter expressed.
7. That the said contractor will perform the aforesaid work subject to the conditions contained in these presents, instructions to bidder, general and special conditions of contract and the contract documents attached herewith including the said schedules, specifications, appendices, letter of intent, drawings attached and also such other drawings and instructions as may from time to time be given by the first party. And that the said contractor shall be deemed to have carefully examined the specifications and conditions of contract, appendices, schedules, letter of intent, drawings etc., as aforesaid and also to have satisfied himself as to the nature and character of work to be executed.
8. That the said contractor shall carry out and complete the execution of the said work to the entire satisfaction of the Engineer within the agreed time schedule.
9. That the first party after proper scrutiny of the bills submitted by the said contractor will pay to him during progress of the said work, at said contract rates and agreed terms of payment, a sum as determined by the first party in respect of the work executed by the contractor.
10. That the contract shall come into force with retrospective effect from the date on which the letter accepting the tender (Letter of Intent) has been issued to the said contractor.
11. That whatever under this contract or otherwise, any sum of money shall be recoverable from or payable by the Contractor, the same may be deducted in the manner as set out in the conditions of contract as aforesaid.
12. That all charges on account of Octroi, terminal and sales-tax or other duties on materials obtained for the work shall be borne by the said contractor.
13. That is agreed between the parties that the non-exercise of any of the powers conferred on the authorities of the first party will not in any manner constitute waiver of the conditions thereto contained in these presents and the liability of the said contractor either of past or further compensation shall remain unaffected.
14. That the expression BHEL wherever occurring means THE BHARAT HEAVY ELECTRICALS LIMITED, RANIPET.
15. The contract is subject to RANIPET (TamilNadu) jurisdiction.
16. The document hereto attached viz. shall also form part of this agreement.
17. General Conditions of Contract attached to the Notice inviting tender shall form part of this contract in so far as any thing is not provided specifically in this agreement.
18. In witness hereof the parties have respectively set their signatures in the presence of :

**ANNEXURE- "E"**  
**PROFORMA FOR SECURITY DEPOSIT**

THIS DEED OF GUARANTEE made this day of \_\_\_\_\_ by Messrs. \_\_\_\_\_ (hereinafter called the Bank) in favour of Messrs. BHARAT HEAVY ELECTRICALS LIMITED, RANIPET having its Registered Office at New Delhi (hereinafter called the Principal)

WHEREAS Messrs. \_\_\_\_\_ (hereinafter called the Contractor) has entered in to a Contract with Bharat Heavy Electricals Ltd., Ranipet arising out of Letter of Intent No. \_\_\_\_\_ Dt. \_\_\_\_\_ addressed by the Principal to the Contractor (hereinafter called the said agreement) for

AND WHEREAS the said Agreement provides that the contractor shall pay a sum of Rs. \_\_\_\_\_ (Rupees \_\_\_\_\_ only) towards 50% of full Security Deposit to be made in the form and manner therein specified.

AND WHEREAS the Contractor have approached the Bank and at their request and in consideration of the agreement arrived at between the said contractor and the Bank, the Bank has agreed to give such guarantee as hereinafter mentioned to the Principal.

NOW, therefore, these present witness that we the Bank by the hand Mr. \_\_\_\_\_ its lawfully and duly constituted attorney, do hereby undertake to pay to the principal a sum of Rs. \_\_\_\_\_ (Rupees \_\_\_\_\_ only)

without demur on demand being made by the principal and to keep the principal indemnified to the extent of Rs. \_\_\_\_\_ by

virtue of this guarantee against any loss or damage caused to or suffered by the principal by reason of any breach by the aforesaid contract of any of the terms and or conditions, stipulations or undertakings of any one of them contained in the said Agreement and the tender documents attached thereto and for the payment of any money or moneys payable by the said contractor to the principal under the terms and conditions of the said Agreements (the decisions regarding the breach, loss damage or payment due being solely in the discretion of the Principal).

We further undertake to pay without demur the aforesaid amount in a lump sum on demand or such part thereof as the Principal may demand from time to time irrespective of the fact whether the said contractor admits or denies such claim or questions its correctness in any Court Tribunal or Arbitration Proceedings or before any authority. The aforesaid guarantee will remain in force and we shall be liable under the same irrespective of any concession or time being granted by the principal, to the Contractor in or fulfilling the said agreement between contractor and the principal and the guarantee will remain in full force irrespective of any change of terms, conditions or stipulation or any variation in the terms of the said agreement irrespective of whether notice of such change or variation is given to us or not and claim to receive such notice of any change/and or variation of the terms and or variation of the terms and or/conditions of the said agreement is hereby specifically waived by us. Further we shall not be release from this guarantee by any forbearance of the exercise or non-exercise of any of the powers or rights under the said agreement by the principal against the contractor irrespective of whether notice of such forbearance enforcement or non-enforcement of any powers or rights, modifications or change made in the said agreement or concessions shown to contractor by the principal is given to us or not.

The guarantee herein contained shall not be determined or affected by the liquidation or winding up or insolvency of or change in the constitution of the contractor but shall in all respects and for all purposes be binding and operative until all payments of all moneys due or that may hereafter become due to the principal in respect of any liability or obligations of the contractor under the said agreement.

We, the Bank further agree that the guarantee herein contained shall remain in full force and effect during the period that would be taken for the performance of the said agreement and that it shall continue to be enforceable till all the dues of the principal under or by virtue of the said agreement have been fully paid and its claims satisfied or discharged or till the principal certifies that the terms and conditions of the said Agreement have been fully and properly carried out by the said contractor and accordingly discharges the guarantee subject to however that the principal shall have no rights under this guarantee after the expiry of six months from the date of completion of the contract (the date of completion shall be as certified by the Principal) unless this guarantee is extended by agreement.

Any claim or dispute arising under the terms of this contract shall only be enforced or settled in the Court having jurisdiction over RANIPET (VELLORE Dist, Tamil Nadu)

And lastly the Bank undertakes not to revoke this guarantee during its currency except with the previous consent of the principal in writing.

The bank hereby declares that it has power to issue this guarantee under that Bank's Memorandum and Articles of Association and the undersigned has power to do so on its behalf under the power of Attorney granted to him by the proper Authorities of the Bank.

# SPECIAL CONDITIONS OF CONTRACT

*FOR*

**ELECTRICAL WORKS**

**BAP:ERN : SPN :ELEC: UFPP:01**

ERECTION SERVICES DEPARTMENT

**BHARAT HEAVY ELECTRICALS LIMITED  
( A Government of India Undertaking )  
BOILER AUXILIARIES PLANT  
INDIRA GANDHI INDUSTRIAL COMPLEX  
RANIPET – 632 406**

**SECTION - III****SPECIAL CONDITIONS OF CONTRACT FOR ELECTRICAL WORKS IN  
UFPP****3.1 SCOPE OF WORK**

- 3.1.1 The work covered under this specification is of highly sophisticated nature requiring the best quality of workmanship, engineering and construction management. The contractor should ensure timely completion of work. The contractor must have adequate quantity of tools. Measuring instruments, calibrating equipment etc. in his possession. He must also have on his rolls adequately trained. Qualified and experienced engineers supervisory staff and skilled personnel. The manpower deployment identified by contractor should match requirement of sophistication involving microprocessor-based systems.
- 3.1.2 The work shall be executed under the usual conditions affecting major power plant construction and in conjunction with numerous other operations at site. The contractor and his personnel shall co-operate with the personnel of other agencies. Co-ordinate his work with others and proceed in a manner that shall not delay or hinder the progress of work as whole.
- 3.1.3 All the work shall be carried out as per the instructions of BHEL engineer. BHEL engineer's decision regarding the correctness of the work and method of working shall be final and binding on the contractor.
- 3.1.4 The services, tests and support to be provided by the agency of the work mentioned in the various sections of this tender are indicative and not exhaustive, but not limited to these for the completion of the work in all respects.
- 3.1.5 Contractor shall erect, test and commission all the equipments, cabinets/panels, instruments and cabling etc. as per sequence prescribed by BHEL at site. The sequence of erection / commissioning methodology will be decided by the BHEL engineers depending upon the availability of materials/work fronts etc. No claims for extra payment from the contractor will be entertained on the grounds of deviation from the methods of erection / commissioning adopted in erection / commissioning of similar jobs or for any reasons whatsoever.
- 3.1.6 The work to be carried out under the scope of this specification covers the complete work of loading at site stores/ storage yard, handling, transporting, unloading at location of erection, pre-assembly, erection, calibration (where specified), testing, air flushing, pre-commissioning tests, assistance for commissioning of systems, trial run of various auxiliaries, achieving various activities till handing over of the unit to BHEL's customer.
- 3.1.7 The work shall conform to dimensions and tolerances specified in various drawings that will be provided during the erection. If any portion of the work is found to be defective in workmanship or not conforming to drawings or other specifications the contractor shall dismantle and re-do the work duly replacing the defective materials at his cost, failing which the work will be got done departmentally or by engaging other agencies and recoveries will be effected from contractor's bills towards expenditure incurred including departmental charges.
- 3.1.8 The terminal points as decided by BHEL shall be final and binding on the contractor for deciding the scope of work and effecting payment for the work done.
- 3.1.9 All works such as cleaning, leveling aligning trial assembly, dismantling of certain equipments / components for checking and cleaning, fabrication of tubes and pipes as per general engineering practice and as per BHEL engineers instructions at site cutting weld depositing, grinding straightening, chamfering filling of cut outs/openings for mounting of console inserts modules/indicators/recorders, drilling of holes for gland entries, reaming, scrapping, dressing, fitting up etc. as may be applicable in such erection works are treated as incidentals to erection work and are necessary to complete the work satisfactorily shall be carried out by the contractor as part of the work.

- 3.1.10 House keeping in the erection and pre-assembly area is as important as the well-planned and orderly work. The access to site for inspection by BHEL and customer engineers and leading of the material shall be made available by the contractor at all times.
- 3.1.11 The shifting and re-shifting of erection materials tools and plants and clearance of restrictions filling of ditches undulation near ESP area is the responsibility of the contractor. Contractor should visit the site and acquaint himself with all restrictions and difficulties that he may encounter during erection/commissioning stages.
- 3.1.12 Detailed scope for various items of work is further elaborated in clauses herein under. The tests required to be carried out before commissioning of equipment and procedure to be adopted shall be decided in consultation with the BHEL. The decision of BHEL in this regard shall be final and binding on the contractor.

## 3.2 **ERECTION OF SERVICE TRANSFORMER / ILLUMINATION TRNSFORMER**

- 3.2.1 The scope of work under this head is defined as below.
- 3.2.2 Transportation of transformer and accessories from BHEL site stores/ storage yard to the transformer foundations / plinth, assembly of loose supplied items, erection, testing & commissioning.
- 3.2.3 The transformer shall be handled in such a manner so that no jerk is transferred to the core, winding and internals of the transformer.
- 3.2.4 Placement of transformer on plinth, alignment with respect to the foundation and in line with lay out drawings.
- 3.2.5 Topping-up of Oil, Filtration of oil and testing for BDV.
- 3.2.6 All the accessories shall be assembled/mounted as per GA drawings and these should be thoroughly cleaned prior to installation.
- 3.2.7 The contractor shall arrange required testing equipments for carrying out electrical test like voltage ratio, vector group, magnetic balance, winding resistance measurements, BDV value of oil, insulation resistance etc. The contractor shall arrange oil sample testing for tests applicable at approved testing laboratory at his own cost including all incidental expense.
- 3.2.8 The contractor shall consult and finalise the required tests / procedure with BHEL prior to commencement of the work.
- 3.2.9 **TESTING BEFORE COMMISSIONING SHALL INCLUDE THE FOLLOWING.**
- 3.2.9.1 Measurement of Insulation resistance and winding resistance.
- 3.2.9.2 Conducting Ratio test, vector group test etc., as required/ instructed at site.
- 3.2.9.3 Measuring BDV value of transformer oil and further filtration, if required.

## 3.3 **INSTALLATION OF ELECTRICAL PANELS**

- 3.3.1 Electrical control panels, electronic control panels, supervisory control desk, 415 Volt LTMCC, LTPCC, PMCC, PLC panels, DCS, Instrument enclosures/panels, analyzer panels etc. are normally supplied in set of either one/two/three or loose shipping sections with integral or loose supplied base frame. These panels may have to be installed as stand alone or in groups consisting of number of panels in each row, depending upon the plant layout and foundation arrangement.
- 3.3.2 Installation of panel shall include fixing of base frame fabrication of base frame if required leveling alignment fixing of anti-vibration pads, removal of side covers fixing of cubicle interconnection hardware, bus bar jointing, wiring interconnection, welding and grouting of panels and base frames mounting of panel canopy wherever supplied as part of panel, drilling of gland plates (if additionally required) and sealing of cable entries.
- 3.3.3 The panels shall be transported from stores to place of installation in vertical position. Care shall be taken such that the switches, lamps, instruments etc., mounted on the panel do not get damaged during transit.

- 3.3.4 Panels have to be shifted to their locations through floor openings temporary openings like floor grills door etc. which shall be part of work and no claim whatsoever will be entertained with regard to non-availability of opening as per shortest route etc. Panel have to be erected at different locations and elevation in Plant Control Rooms, ESP control room , Plant area etc.
- 3.3.5 Panel and instruments once erected in position should be properly protected using necessary care to prevent ingress of dust/moisture. This will have to be periodically cleaned and surroundings have to be kept tidy.
- 3.3.6 Wherever the panels to be mounted on cable trenches channel supports have to be provided across the cable trench over which the base frame of panel shall be mounted. For such work, structural steel fabrication installation rates shall be applicable.
- 3.3.7 Normally the panels shall be supplied with instrument, relay, meters, electronic modules etc. mounted and pre-wired. However if these are supplied loose / separately for safety in transit contractor shall mount/wire such devices as part of the panel installation work and no separate rates shall be applicable unless otherwise specially listed in the rate schedule.
- 3.3.8 No separate payment shall be made for replacement of any devices like electronic modules relays conductors terminal block push buttons etc. which are found defective during pre-commissioning / post-commissioning of any equipment / item.
- 3.3.9 **TEST TO BE CARRIED OUT BEFORE COMMISSIONING SHALL INCLUDE THE FOLLOWING.**
- 3.3.9.1 Checking of installation for correctness.
- 3.3.9.2 Mechanical functional checking/ adjustment of individual breaker.
- 3.3.9.3 Measurement of Insulation resistance of individual breaker, complete switchgear board and combined insulation resistance of individual breaker with cable connected to drives.
- 3.3.9.4 Testing of Protection Relay, Thermal over relay, Power transducers Energy/ Ammeters, Voltmeters, Power factor, frequency, tri-vector meters & metering etc. in static & dynamic condition of relay.
- 3.3.9.5 Conducting test such as Insulation Resistance measurement, Ratio, polarity, winding resistance on CT and PT.
- 3.3.9.6 Checking of electrical control & protection interlock of individual breaker and integration with other system.
- 3.3.9.7 Calibration of energy meters, tri-vector meters, voltmeters, ammeters, power current & voltage transducers etc.
- 3.3.9.8 Provide assistance for checking the electrical operation of individuals breakers from local stations/remote panels/ MMI package.
- 3.3.9.9 The contractor shall arrange all the required testing instruments/ test kits / calibration equipments etc. for testing and calibration
- 3.4 **ERECTION OF JUNCTION BOXES AND PUSH BUTTON STATIONS**
- 3.4.1 Various Junction Boxes and Push Button stations of steel construction shall be supplied with required holes in the gland plates, required cable glands and lugs.
- 3.4.2 The unit rate quoted for erection of JB's and Push button stations shall cover installation of JB's/SSPB's on supporting frames, painting the tag nos. of JB or fixing separate tag plate on JB's/SSPB's.
- 3.4.3 Separate rate shall be paid for fabrication and erection of supports as per rate schedule.
- 3.4.4 Required fasteners shall be supplied by BHEL free of cost.

### 3.5 SCOPE OF COMMISSIONING OF EQUIPMENT ERECTED BY THE MECHANICAL CONTRACTOR / OTHER AGENCIES.

#### 3.5.1 HT MOTORS

- a) ~~Measurement of winding resistance.~~
- b) ~~Testing of CT where required.~~
- c) ~~Meggering and if insulation resistance is low, dry out of the motor.~~
- d) ~~Conducting polarization index test, if required.~~
- e) ~~Testing the healthiness of RTDs. Replacement of defective element (only for bearing).~~
- f) ~~Checking direction of rotation of motors and testing and commissioning from local as well as remote.~~

#### 3.5.2 LT MOTORS

- a) Checking IR value and if insulation resistance is low, dry out of the motor.
- b) Measuring winding resistance.
- c) Checking direction of rotation of motors and testing and commissioning from local as well as remote.

### 3.6 CABLE LAYING

- 3.6.1 Laying of power and Control Cable includes transportation from BHEL's stores, laying, dressing, clamping and tagging cable marker at both ends. The cable shall be laid in Ladder / perforated type cable trays The Cables shall be tied after dressing using 3mm dia nylon ropes/ties and the nylon ropes/ties shall be supplied by the contractor. The cable shall be clamped suitably with cable trays at maximum 1.5M interval using 3mm aluminum clamps/strips as per the instruction of BHEL Engineer. **Supply of necessary strips, clamps and bolts for the above work is included in the contractor's scope.**
- 3.6.2 The contractor shall lay the cables on cable trays, in built-up cable trenches, vertical tray ways, overhead areas and supports, pulled through conduits, pipes, run clamped on wall / ceiling steel structure etc. A uniform rate to be quoted shall include laying, proper dressing, tying etc. Standard of Workmanship shall be to the approval of BHEL Engineers.
- 3.6.3 The arrangement of the Cable and all methods of laying shall be planned to provide an orderly formation to avoid bends and crossings and to facilitate easy removal of any one cable without undue disturbance to adjacent cables. The Standard of Workmanship shall be to the approval of BHEL Engineers.
- 3.6.4 Cable laid in (or) entering into (or) emerging from cable racks, cable trays, conduits, cable supports shall be suitably formed to avoid bearing against sharp edges.
- 3.6.5 When cables pass through floors, walls etc., etc it shall be passed through a pipe for mechanical protection and the pipe ends sealed suitably.
- 3.6.6 Care shall be taken to avoid sharp bending and kinking of conductor, damaging insulation and stressing the cable beyond the pulling force recommended by the manufactures. Cables shall be protected at all times from mechanical damage.
- 3.6.7 Where cabling passes through brickwork (or) concrete work suitable local protection against mechanical damage shall be provided by the contractor.
- 3.6.8 Jointing of cables, if necessary, shall be done by crimping type cable joints after getting the approval of BHEL Engineers.
- 3.6.9 Entry to the panels and JBs may be at top, sides or bottom. All cables are require to be properly supported and clamped near to the JB panel.
- 3.6.10 Many of the cable trays and cables have to be laid in cable trenches. For this purpose the cover of the trenches have to be opened for working in site and whenever the cables are to be laid in existing cable tray, all safety precautions have to be observed. After completing the work the trenches have to be cleaned and covers put back into position Contractor shall also carry out de-watering from the trenches if required and arrange pumps etc., at his cost.
- 3.6.11 Contractor shall carefully plan the cutting schedule of each cable drum in consultation with site engineer such that wastage are minimized.

### 3.7 TERMINATION OF CABLES

- 3.7.1 All the cables laid by the contractor shall be terminated by him. **Cable glands and lugs will be supplied along with the panels / equipments etc., unless specifically mentioned otherwise.** Unit rates for various sizes of cables is to be indicated in rate schedule.
- 3.7.2 Termination includes dressing & glanding, splicing and dressing inside panels, JBs etc., providing ferrules / printed ferrules ( contractor to arrange ferrule printing machines ) and crimping of lugs.
- 3.7.3 Supply of required shrouds for cable glands, CABLE PVC cable ties, PVC ferrules, PVE button and tapes, PVE sleeves, compounds, necessary tools, joining materials etc. shall be supplied by the contractor within the quoted rates for cable termination. The quality of material shall be got approved from BHEL engineer prior to their use on job. is in the contractor's scope.
- 3.7.4 Special tool clips, saddles, etc., required for the connections and terminations of cables shall also be provided by the Contractor at his cost.
- 3.7.5 At cable termination points, where the conductor and the cable insulation will be terminated termination shall be made in a neat, workman like manner.
- 3.7.6 The Contractor shall include connections to termination of various equipment installed by other agencies. The contractor shall work in co-operation with other agencies in obtaining correct direction of rotation and commissioning of equipments.
- 3.7.7 Looping wire at terminal block of panels and electrical actuator as shown in the inter-connection diagrams or as required is to be done by contractor at no extra cost.
- 3.7.8 Cable lugs shall be provided by compression, adapting necessary crimping tools. Insulating sleeves shall be provided over the barriers and conductors to prevent accidental contact with ground (or) adjacent terminals. The insulating sleeves shall be fire resistant and be long enough to over pass conductor insulation and shall be properly sized.
- 3.7.9 Termination of all cables installed by the Contractor is included in his scope, The work of testing and reconnection, changing of connections re-arrangement of leads to required extent shall be carried out by the contractor without additional cost.
- 3.7.10 Cable shielding – all signal cables are supplied with bare shielded copper wire/with braided wire shield. Generally shield wire is kept isolated at instrument/field device end and continuity is maintained through JB and grounded at panel end only. While terminating the shield wire, either in panel or JB, PVC sleeves are to be used to avoid two-point earthing.

### 3.8 INSTALLATION OF EARTHING

- 3.8.1 Installation of above-ground earthing for the complete system is the scope of the contractor. following. Required quantity of GI flats/wires will be supplied by BHEL.
- 3.8.2 Earthing of all motors, LTPCC, LTMCC , PLC, DCS, Push Button Stations, Junction Boxes, Transformers, instruments, Cable trays and accessories, cable armours and conduits used for cable installation, etc. are in the scope of work.
- 3.8.3 Installation of earthing conductors and terminations at the equipments and at the earth rings / buses/ earth pits and the necessary clamping of the conductors shall be carried out by the contractor. The tentative quantities required for the earthing is indicated in the rate schedule.
- 3.8.4 All equipments shall be earthed by two separate and distinct connections. Earthing terminals will be available in all the equipment supplied by BHEL.
- 3.8.5 The earthing conductor of galvanized mild steel strips, wires will be supplied by BHEL. All connections for the equipment to the main earthing conductor shall be made as indicated in schematic drawings provided during execution of work.

- 3.8.6 A continuous earthing conductor shall be installed in all cable trays and securely clamped to each tray section by suitable connections to form a continuous earthing system. When two (or) more trays supporting power cables run parallel, a continuous earthing conductor shall be provided on one tray only with tap offs to the control cable trays.
- 3.8.7 All joints in the earthing system shall be welded type. Earthing connections to all equipment including motor shall be of bolted type.
- 3.8.8 Earthing connections shall be free from tinning, scale, paint, enamel, grease, rust (or) dirt at the time of making joint.
- 3.8.9 Screens / Shields and armour of all multi core cables shall be bonded and earthed.
- 3.8.10 Earthing conductors ,along their run on columns, beams, walls etc. shall be supported by suitable cleats to intervals of 750mm.
- 3.8.11 Welded joints shall be painted with red oxide and Aluminium paint / cold galvanizing paint in turn and afterwards coated with bitumen as per IS 3043. Supply of paint etc. are in the scope of contractor.
- 3.8.12 Earth lead and riser connections shall be as short and direct as possible and shall be without any links and spacing.
- 3.8.13 All earthing works includes laying of earthing flat as per the schematic drawing and termination up to the earthing pit.

### 3.9 **STRUCTURAL STEEL FABRICATION AND ERECTION**

- 3.9.1 Structural steel material like MS angles, channels, beams, flats, plates, pipes etc. shall be supplied in running meters and same shall be used for fabrication of panel base frame, cable tray supports, supporting frames for instruments, junction boxes, distribution boards, impulse lines etc., canopies for instruments/ panels/ JB/push button stations etc.
- 3.9.2 This shall include cutting to size, contouring of end for connections if required, welding, grinding of excess weld deposits/ burrs, drilling of holes for mounting of device/instrument, installation at location, leveling, alignment, providing bracings, painting etc. **No gas cut holes will be permitted** contractor to follow the BHEL supplied welding schedule and welding procedures.
- 3.9.3 Frame installation/cable tray accessories' installation at site may involve mounting either on concrete floor by grouting/using anchor fasteners or on steel structure by welding etc. All consumables shall be arranged by the contractor.
- 3.9.4 In certain packages galvanized members of junction box frames and instrument racks shall be supplied in cut to sizes and frame assemblies are required to be done as per drawing by bolting/welding. The installation rate as quoted shall include the assembling of the frames.
- 3.9.5 Gas cutting of tray/impulse pipe support and gas cut holes in frame shall be avoided. Only drilled hole is permitted in frame etc.

### 3.10 **INTEGRATED TESTING, PRE-COMMISSIONING, AND POST COMMISSIONING**

- 3.10.1 The contractor shall perform various activities during pre-commissioning, integrated Testing, post commissioning stages of equipment covered under this tender specification. It is responsibility of contractor to arranged tools & plants, test equipments, experienced engineers and technicians.
- 3.10.2 The contractor's commissioning group shall work as per the instruction of BHEL engineer and they shall coordinate day-to-day activity with other agency and BHEL/ customer. The testing activity may have to repeated till satisfactory results are obtained and also to satisfy the requirement of BHEL.

- 3.10.3 The equipments erected by the contractor will be tested and commissioned as per normal testing practice like panel charging, Meggering of cables, conducting of open circuit / short circuit testing etc. as per the instruction of BHEL engineers.
- 3.10.4 The contractor will supply required manpower along with all required testing equipments like multimeter, megger, tong tester, test kit etc. and his quoted rates will be inclusive of all equipment / instruments like multimeter, megger, tong tester, test kit etc. and his quoted rates will be inclusive of all above aspects.
- 3.10.5 The contractor shall prepare all erection / commissioning log sheets and protocols / test certificates as per field quality plan, get is signed by the concerned BHEL/Customer engineer and submit the same to BHEL engineer as per his instruction.
- 3.10.6 While testing and commissioning, if the equipment to which the cabling is connected is observed to be not functioning, it is the responsibility of the contractor to check, establish and demonstrate, in close coordination with the commissioning agencies, that there is no defect in the cabling. The contractor shall depute his supervisor and workmen to assist the commissioning agencies to check the interconnecting cables.
- 3.10.7 The mobilization of these commissioning groups shall be such that planned activities are taken up in time and also completed as per schedule and work undertaken round the clock if required. It is responsibility of contractor to discuss on day to day basis the requirement of manpower, consumables, tools & tackles / testing equipments with BHEL engineers and arrange for the same.
- 3.10.8 During the commissioning activities and carrying out various tests, if any one of temporarily work such mounting of test equipments / cabling etc are required, the contractor shall carry out such work without on any extra cost. The same shall be removed after completion of the activity.
- 3.10.9 The contractor shall carry out any other tests as desired by BHEL engineer on erected equipment covered under the scope of this contract during testing, per- commissioning and commissioning, to demonstrate the completion of any part or whole of work performed by the contractor.
- 3.11 **ELECTRICAL INSPECTORATE'S APPROVAL/ STATUTORY INSPECTION**
- 3.11.1 Contractor shall have/obtain valid electrical contractors License to carry out the erection, Testing & Commissioning work on High/Low voltage electrical equipments from the appropriate statutory authority of concerned state or central electricity authority, as the case may be. All fees and expense in this regard shall be in the contractor's account.
- 3.11.2 Contractors shall arrange inspection of concerned statutory Authority for the installation, testing & commissioning of high / low voltage equipments covered under the scope of work and including those erected by other agencies and obtain the statutory authorities approval in appropriate format prior to charging of the equipments.
- 3.11.3 Contactor shall be responsible for all necessary liasioning work with statutory authority towards the certification of installation / works. BHEL will only pay statutory fees in respect of inspection of all installations as per demand note/challan issued by the statutory authority. All other expense shall be borne by the contractor. BHEL / BHEL's customer shall be providing technical assistance, drawing & document for submission to statutory authority. Contractor shall provide all logistics services in this regard.

### 3.12 **STANDARDS**

- 3.12.1 Complete erection shall conform to Indian Electricity Act with latest amendments and also to latest editions of the relevant Indian Standards.
- a) IS:2274- Code of practice for electrical wiring installation. (System Voltage not exceeding –650 V).
  - b) IS:732- Code of practice for electrical wiring installation (System Voltage not exceeding – 650 V)
  - c) IS:732 – Code of practice for earthing.
  - d) IS : 3072 – Code of practice for installation and maintenance of switch gears.
  - e) The latest edition of IE Act & IE Rules.
  - f) Other relevant standards as applicable.

### 3.13 **MEASUREMENTS**

- 3.13.1 For all payments purposes, measurement shall be made on the basis of actual execution in line with drawings/ documents /site requirements.
- 3.13.2 The measurement of cable, impulse pipes/ tubes, conduits, flexible conduits, trays etc. shall be made on the basis of length actually laid.
- 3.13.3 For all site-fabricated steel items such as supports, racks, frame, canopy etc., physical measurement shall be made and then converted to tonnage. For steel material supplied to contractor, all scrap shall be returned to BHEL stores with due accounting.
- 3.13.4 The cable take-off from drums shall be planned strategically such that jointing in the run of cables and wastage are avoided. For this purpose, the exact route length between various equipment /panels as per the cable schedule shall be measured and the route length recorded before laying of the cables. Depending upon the route length and the type of cable required for various destinations, the cable drums should be suitably selected for cable laying. Any jointing shall be approved by the BHEL Engineer. All the cut pieces/ bits of cables, which are not used/ unused shall be returned to BHEL for accounting purpose.

## SECTION - IV

### SPECIAL CONDITIONS OF CONTRACT FOR ELECTRICAL WORKS

#### 4.1 SCOPE OF CONTRACT

The indent of this specification is to provide services for execution of projects according to most modern and proven techniques and codes. The omission of specific reference to any method, equipment or material necessary for the proper and efficient services towards the work allotted shall not relieve the contractor of the responsibility of providing such services/facilities to complete the project or portion of project awarded to him. The quoted rate shall deem to be inclusive of all such contingencies.

**4.1.2** The contractor shall carry out the work in accordance with instructions/drawings/specification standard practices supplied by BHEL from time to time.

**4.1.3** Provision of all types of labour, supervisors, Stores staff, watch and ward as required, tools and tackles as specified consumables as specified under various clauses of Tender Specification for erection, testing and commissioning and dismantling of existing structures.

**4.1.4** Proper out turn as per BHEL plan and commitment.

**4.1.5** Completion of work in time.

**4.1.6** Good quality and accurate workmanship for proper performance of equipment.

**4.1.7** Repair and rectification.

**4.1.8** **Comprehensive Reporting on the progress of the Work on daily basis, attending review meetings with BHEL to monitor and speed up the work and taking steps as directed to speed up the work/ improve the Quality and Safety of the Work.**

#### 4.2 FACILITIES TO BE PROVIDED AND DEVELOPED BY THE BIDDERS AT HIS COST

**4.2.1** It shall be the responsibility of the contractor to construct his own office shed, stores shed, labour tenements, with all facilities like electricity, water supply, sanitary arrangements in the area allotted to him for the purpose.

**4.2.2** Distribution of water for construction purposes and as well as drinking purpose shall be the Contractor's responsibility and at his cost.

**4.2.3** Provision of electrical power using suitable DG set shall be in contractors cope. Providing proper distribution boards, approved cable laying, including supply of all materials like cables, switch boards, pipes, etc., observing the safety rules laid down by the Electricity Authority of the State/BHEL/their customer shall be the responsibility of the Bidder /contractor.

**4.2.4** It shall be the responsibility of the contractor to have at least a few diesel operated welding generator sets to get urgent and important work done without interruption.

**4.2.5** Adequate lighting facilities such as flood lamps, 24V Safety lamps and area flood lighting shall be arranged by the Contractor at the site of constructions, pre-assembly area, Contractor's material storage area and at access roads etc., at his cost.

**4.2.6** For the purpose of Planning, Contractor shall furnish along with tender, the estimated requirement of power (month wise) for execution of work in terms of maximum KW demand.

**4.2.7** On completion of work, all the temporary buildings, structures, pipelines, cables etc. shall be dismantled and leveled and debris shall be removed as per instruction of BHEL by the contractor at his cost. In the event of his failure to do so, the same will be arranged to be

removed and expenditure therefore will be recovered from the Contractor. The decision of BHEL Engineer in this regard is final.

- 4.2.8** The Contractor shall provide all materials required for scaffolding, formwork and centering wherever necessary for erection should arrange at his cost.
- 4.2.9** Depending upon the nature of work and availability of facilities locally, Contractor may have to arrange for a temporary work-shop for facilitating uninterrupted progress of work.
- 4.2.10** The contractor shall secure and maintain comprehensive including third party insurance for appropriate amount to protect your and our interest against all risk and claims to the men/women or for labour force. If failure in securing the insurance policies in this regard shall not absolve you from reimbursing to us for any loss / damages / injuries or death to any person.
- 4.2.11** The contractor shall be fully responsible for obtaining labour licence/approval if any, from State/Central/Local authorities at his own cost and risk.
- 4.2.12** It is the responsibility of contractor to obtain approval from statutory authorities like pollution control board, Factory Inspectorate etc., if necessary.
- 4.2.13** All fees connected with the contractor for Testing his Welders/Men / Works and Testing, Inspection, calibrating his instruments and equipments, shall be paid by the contractor. It shall be contractor's responsibility to obtain approval of Statutory Authorities, wherever applicable, for the conducting of any work which comes under the Purview of these Authorities. Any cost arising from this shall be contractor's Account.

## **2.3 ELECTRODES**

- 2.3.1** All the electrodes required shall be arranged by Contractor at his cost. It shall be the responsibility of the Contractor to obtain prior approval of BHEL before procurement, regarding suppliers, type of electrodes etc. On receipt of the electrodes at site, it shall be subjected to inspection and approval by BHEL. The Contractor shall inform BHEL, the details regarding type of electrode, batch number, date of expiry etc.
- 2.3.2** Storage of electrode shall be done in an air-conditioned / controlled humidity room as per requirement.
- 2.3.3** Shortage of any of the electrodes of the equipment suggested by BHEL shall not be quoted as reason for deficiency in progress or for additional rate.
- 2.3.4** BHEL reserves the right to reject the use of any electrodes at any stage, if found defective because of bad quality, improper storage, quality, date of expiry, unapproved type of electrodes etc. It shall be the responsibility of the Contractor to replace at his cost with out loss of time.
- 2.3.5** All electrodes shall be dried in the electrodes drying oven to the temperature and period specified by BHEL Engineer before they are used for erection work. Electrode drying ovens shall be provided by the contractor.
- 2.3.6** In case of improper arrangement for procurement of above electrodes, BHEL reserves the right to procure the same from any source and recover the cost from the Contractor's first subsequent bills at market value plus the departmental charges of BHEL communicated from time to time. Postponement of such recovery is not permitted.
- 2.3.7** Contractor shall submit weekly/ fortnightly / monthly statement / reports regarding consumption of electrodes of all types for cost analysis purpose.

## **2.4 CRANE AND OTHER TOOLS AND TACKLES**

- 4.4.1 All the T&P including Cranes, trucks, lorries, tractors, trailers etc required for the satisfactory execution of work shall be arranged by the Contractor. BHEL will not arrange any Tools and Plants.
- 4.4.2 All the T&P arranged by the Contractor including electrical connection wherein required shall be reliable / proven tested with necessary test certificate.
- 4.4.3
- 4.4.4 All the T&P, lifting tackles including wire ropes, sling, shackles and electrically operated equipments arranged by Contractor shall be got approved by BHEL Engineer before they are actually put on use.
- 4.4.5 Civil works required for safe and efficient operation of tools and tackles shall be the Contractor's responsibility.
- 4.4.6 Contractor shall take into consideration the above clauses and quote the rates as called for in the rate Schedule.

## **4.5 SUPERVISORY STAFF AND WORKMEN**

- 4.5.1 The Contractor shall supply all skilled workmen like welders, gas cutters, riggers, erectors, carpenters, fitters, electricians etc., in addition to other skilled, semi-skilled, unskilled workmen required for all the works of receipt, material handling, transportation, erection, testing and commissioning contemplated under this specification. Only fully trained and competent men with previous experience in the job shall be employed. They shall hold certificates wherever necessary. BHEL reserves the right to decide on the suitability of the workers and other personnel who will be employed by the contractor. BHEL reserves the right to insist or removal of any employee of the Contractor shall for with remove him.
- 4.5.2 The supervisory staff employed by the Contractor shall ensure proper out-turn of work and discipline on the part of the labour put on the job by Contractor and in general see that the works are carried out in a safe and proper manner and in co-ordination with other labour and staff employed directly by BHEL or other contractors of BHEL or BHEL'S client.
- 4.5.3 The contractor shall also furnish daily labour report showing by classification the number of employees engaged in various categories of work and a progress report of work as required by BHEL Engineer.
- 4.5.4 The work shall be executed under the usual conditions affecting major power plant constructions and in conjunction with numerous other operations at site. The Contractor and his personnel shall co-operate with other personnel and proceed in a manner that shall not delay or hinder the progress of work as a whole.
- 4.5.5 It is the responsibility of the contractor to arrange gate pass for all his employees, T&P etc. Necessary coordination with customer officials is the responsibility of the contractor. Contractor to follow all the procedures laid down by the customer for making gate passes. Where permitted, by customer/ BHEL, to work beyond normal working hours, the contractor shall arrange necessary work permit for working beyond normal working hours.
- 4.5.6 The Contractor's supervisory staff shall execute the work in the most substantial and work man like manner in the stipulated time Accuracy of work and aesthetic finish are essential part of this contract. The contract shall be responsible to ensure that assembly and workmanship confirm to the dimensions and tolerances given in the drawings/instructions given by BHEL Engineers, from time to time.
- 4.5.7 The Contractor shall employ the necessary number of qualified and approved full time electricians at his cost to maintain his temporary electrical installation till the completion of work.

- 4.5.8 It is the responsibility of the Contractor to engage his workmen in shifts or on over time basis for achieving the target set by BHEL and also during the period of commissioning and testing The Contractor's quoted rate shall include all these contingencies.
- 4.5.9 In case Contractor's progress is found unsatisfactory BHEL may deploy fitters, welders, operators and technicians on BHEL rates and will assist in improving the progress. All expenses incurred for will be recovered from Contractor's bill.
- 4.5.10 If the Contractor or his workmen or employees shall break, deface, injure or destroy any part of building, road kerb fence enclosure, water pipes, cables, drains, electric or telephone posts or wires, trees or any other property or to any part of erected components etc., the Contractor shall make the same good at his own expense or in default, BHEL may cause the same to be made good by other workmen or by other means and deduct the expenses (of which BHEL'S decision is final) from any money due from the Contractor.

#### **4.6 SCOPE OF MATERIAL HANDLING**

- 4.6.1 While BHEL will endeavor to store/stack/identify materials properly in their open/closed storage yard/shed, it shall be Contractor's responsibility to assist BHEL in identifying materials well in time for erection, taking delivery of the same, following the procedure indicated by BHEL and transport the materials safely to pre-assembly yard, erection site in time, according to schedule.
- 4.6.1 The Contractor shall identify necessary supervisor/labour for the above work in sufficient quantity as may be needed by BHEL for areas covering their scope.
- 4.6.2 It shall be the Contractor's responsibility to arrange for necessary crane/tractor/trailor or trucks/slings/tools and tackles /labour/including operators for loading from storage yard on to transport equipment, move it to erection site/pre-assembly yard and unload the same at pre-assembly yard/erection site and to erect the ESP and the quoted rate shall include the same. Bidders may please note that the storage yards are at an approximate distance of 5.0.km from erection site.
- 4.6.3 All equipments so used by Contractor shall be of proven quality and safe in operation as approved by BHEL Site Engineer's from time to time.
- 4.6.4 Any loss/damage to materials issued to Contractor shall be made good by him or BHEL will arrange for replacement at cost recovery basis and decision of BHEL shall be final.
- 4.6.5 The Contractor shall take delivery of components and equipment and special consumables from storage area after getting the approval of BHEL Engineer on standard indent forms.
- 4.6.6 In the event of Contractor's inability to arrange in time any of the above equipment/T&P etc., if possible BHEL shall provide the same on specific written request from the Contractor subject to the availability of equipment on the normal hire charges of BHEL, applicable from time to time and recoverable from Contractor's subsequent month's running bills.
- 4.6.7 All the surplus, damaged unused materials, package materials/containers, special transporting frames, gunny bags etc. supplied by BHEL shall be returned to BHEL Stores by the Contractor.
- 4.6.8 The Contractor shall have total responsibility for all equipment and materials in his custody, stores, loose, semi-assembled, assembled or erected by him at Site.
- 4.6.9 The Contractor shall make suitable security arrangements (round the clock) including employment of security personnel to ensure the protection of all materials/equipments and works from theft fire, pilferage and any other damage and loss at Site.
- 4.6.10 The Contractor shall ensure that all the packing materials and protection devices used for the various equipments during transit and storage are removed before these equipments are installed.

- 4.6.11 All equipments shall be handled very carefully to prevent any damage or loss. No bars, wire ropes, slings etc., shall be used for unloading and/or handling of the equipments without the specific written permission of the Engineer. The equipment from the storage yard shall be moved to the actual site of erection/location at the appropriate time as per the direction of BHEL Engineer so as to avoid damage for such equipment at Site.
- 4.6.12 The Contractor shall take all reasonable care to protect the materials and work till such time the erected equipment has been taken-over by BHEL/their client. Whenever necessary suitable temporary fencing and lighting shall have to be provided by the Contractor as a safety measure against accident and damage of property of BHEL, suitable caution notices shall be displayed where access to any part may be deemed to be unsafe and hazardous.
- 4.6.13 The Contractor shall be responsible for taking all safety precautions during the constructions and leaving the site safe at the end of each working day and at all times. When the work is temporarily suspended, he shall protect all construction materials, equipments and facilities from causing damage to existing property interfering with the operation of the station when it goes into service. The contractor shall comply with all applicable provisions of the safety regulations, clean up programme and other precautionary measures, which the BHEL has in effect at the Site.
- 4.6.14 All lifting tackles including wire ropes, slings, shackles etc., used by the Contractor shall be got approved by BHEL Engineer at Site before they are actually put on the work.
- 4.6.15 The Contractor shall take delivery of equipment from storage yard/stores/sheds. He shall also make arrangements for verification of equipment, scrupulously maintain records and keep safe custody, watch and ward of equipment after it has been handed over to him till these are fully erected and tested and commissioned and taken over by BHEL's client. The stolen/lost/damaged good shall have to be made good by the contractor at his own cost.

#### 4.7 **DRAWING AND DOCUMENTS**

- 4.7.1 The detailed drawings, specifications, available with BHEL Engineers will form part of this Tender Specification. These documents will be made available to the Contractor during execution of work at site.
- 4.7.2 One set of necessary drawings to carry out the erection work will be furnished to the Contractor by BHEL on loan, which shall be returned to BHEL Engineer at Site after completion of work. Contractor's personnel shall take care of these documents given to them.
- 4.7.3 Should any error or ambiguity be discovered in the specification or information, the Contractor shall forthwith bring the same to the notice of BHEL before commencement of work. BHEL's interpretation in such cases shall be final and binding on the Contractor.
- 4.7.4 The data furnished in various appendices and the drawings enclosed with this tender specification describes the equipment to be installed, tested and commissioned under this specification briefly. However, the changes in the design and in the quality may be expected to occur as is usual in any such large scales of work.
- 4.7.5 Deviation from design dimensions should not exceed permissible limit. The Contractor shall not correct or alter any dimension/details, without specific approval of BHEL.

**4.8 SITE CLEANLINESS AND SAFETY REQUIREMENTS:**

- 4.8.1 During the course of construction, alternation or repairs, scrap lumber with protruding nails, sharp edges etc., and all other debris shall be kept cleared from working areas, passageways and stairs in and around Site. Proper house keeping is the responsibility of the Contractor.
- 4.8.2 Combustible scrap and debris shall be removed at regular intervals during the course of construction. Safe means shall be provided by the Contractor to facilitate such removal. If this is not done regularly, BHEL will get the job done and debit the cost to Contractor.
- 4.8.3 Rigging equipments for material handling shall be inspected prior to use of each shift and as necessary during its use to ensure that it is safe. Defective rigging equipment shall be removed from service. Necessary test certificates have to be provided by the Contractor for the rigging and handling equipments brought by them. Otherwise this will be got to be done by BHEL and the cost will be debited to Contractor.
- 4.8.4 Rigging equipment shall not be loaded in excess of its recommended safe working load.
- 4.8.5 Rigging equipment when not in use shall be removed from the immediate work area so as not to present a hazard to employees.
- 4.8.6 The Contractor will notify the Engineer his intention to bring on to site any equipment or any container with liquid or gaseous fuel or other substance which may create a hazard. The Engineer shall have the right to prescribe the conditions under which such equipment or container may be handled and used during the performance of the works and the Contractor shall strictly adhere to such instructions. The Engineers shall have the right to inspect any construction plant and to forbid its use, if in his opinion it is unsafe. No claim due to such prohibition shall be entertained.
- 4.8.7 Where it necessary to provide and/or store petroleum products or petroleum mixture and explosives, the Contractor shall be responsible for carrying out such provision and/or storage in accordance with the rules and regulations laid down in the relevant petroleum Act., Explosive Act and Petroleum and Carbide of Calcium Manual, published by the Chief Inspectorate of Explosives of India. All such storage shall have prior approvals of Engineer. In case any approvals are necessary from the Chief Inspector of Explosives of any other statutory Authorities, the Contractor shall be responsible for obtaining the same.
- 4.8.8 Valve protection caps shall be in place and secured.
- 4.8.9 Cylinders shall be moved by tilting and rolling them on their bottom edges. They shall not be intentionally dropped, struck or permitted to strike each other violently.
- 4.8.10 When cylinders are transported by powered vehicles, they shall be secured in vertical position.
- 4.8.11 All the hand lamps used by the contractors workmen shall be of 24V only. Adequate step down transformers should be installed at site to cater to the complete requirement. (230V hand lamps should not be used).
- 4.8.12 All workmen of the Contractor working construction areas shall wear safety helmets and/or safety belt when working at heights. Contractor shall insure his workmen against all accidents, and the policy shall be presented to BHEL will arrange the same and the expenditure towards this will be debited to the Contractor. In case the Contractor fails to provide necessary safety equipments to workmen, BHEL will provide the same to the workers and recover the cost of equipment along with BHEL overheads.

- 4.8.13 All the above safety conditions are not exhaustive but gives an idea for the Contractor and the Contractor shall adhere to all the safety precautions given by the BHEL Engineer at Site. Such of those workmen who do not follow safety precautions shall be turned out from Site. They will not be allowed to work until they fulfill safety regulations.
- 4.8.14 Contractor shall arrange at his cost suitable flood lighting arrangement at various levels for safe and proper working during night hours at the work spot as well as at the pre-assembly area.
- 4.8.15 The Contractor shall be responsible for provision of all the safety notices and safety equipments as enjoined on him by the application of relevant statutory regulations/provisions and/or as called upon by the BHEL Engineer from time to time.
- 4.8.16 The Contractor shall provide temporary fencing wherever required as a safety measure against accident and damage to properties. Suitable caution notices shall be displayed where access to any part is found to be unsafe and hazardous.
- 4.8.17 The Contractor shall ensure the safety of all the workmen, material and equipments either belonging to him or to others working at site.
- 4.8.18 It will be the responsibility of the Contractor to ensure safe lifting of the equipments, taking due precaution to avoid any accidents and damages to other equipments and personnel.
- 4.8.19 The Contractor shall provide necessary first aid facilities for all his employees, representatives and workmen working at Site.
- 4.8.20 All the Contractor's Supervisory personnel and sufficient number of workers shall be trained for fire fighting and shall be assigned specific fire protection duties. Enough number of such trained personnel must be available during the tenure of the Contract. Contractor should nominate one of his supervisors to co-ordinate and for implementation of safety measure.
- 4.8.21 Contractor shall provide enough fire fighting equipment of the types and numbers at his office, temporary structures, labour colony area etc. Access to such fire fighting equipment shall be easy and kept open at all times. Compliance of the above requirement under fire protection shall in no way relieve the Contractor of any of his responsibilities and liabilities to fire accident occurring.
- 4.8.22 The Contractor shall at his cost remove of on vicinity of work, all scrap packing materials rubbish unused and other materials and deposit them in places specified by BHEL engineer to keep the work Site clean and tidy.
- 4.9 **TIME SCHEDULE**
- 4.9.1 The entire work of erection, testing and commissioning of the under the scope of work shall be completed within the time specified in the time schedule.
- 4.9.2 Time is the essence of this contract. The contractor shall be able to mobilize his manpower, tools, plants and consumables round the clock for the entire period to complete the work within the stipulated time.
- 4.9.3 For this purpose the completion of erection work shall be deemed to be completed in all respects only when the trial runs of motors, charging of transformers, panels and instruments/equipments are completed and certified so by BHEL Engineer. The decision of BHEL in this respect shall be final and binding on the contractor.
- 4.9.4 The commissioning of the unit shall be deemed to be completed in all respects only when all the equipments are tested and commissioned and the Unit is ready for commercial operation.
- 4.10 **IDLE LABOUR**  
No idle labour charges will be admissible in the event of any stoppage caused in the work resulting in contractor's labour being rendered idle due to any cause at any time.

**4.11 PRICE ESCALATION:**

4.12.1 The Contractor has to keep his quoted rates firm for the entire contractual period including total extended period, if any, and no claim for revision of rates is allowed under any circumstances.

4.12.2 However, the Contractor shall maintain sufficient work force and other resources required for completion of the job expeditiously for the entire contractual period including total extended period.

**4.13 OVER-RUN COMPENSATION : Not Applicable****4.14. SUBMISSION OF PERIODICAL REPORTS.**

Contractor shall submit periodical reports in respect of following aspects of operation:

- 1) Consumption of welding electrodes and gases
- 2) Consumption of construction power
- 3) Manpower reports
- 4) Progress reports - periodically
- 5) Field calibration reports

BHEL at site will inform formats for these reports, which have to be printed by the contractor at their cost.

-----

## SPECIAL CONDITIONS OF CONTRACT

### SECTION - V

#### 5.0 EXTRA CHARGES FOR MODIFICATION AND RECTIFICATION WORKS:

5.1 BHEL may consider payment for extra works on man-hour basis for such of those works which require major modification of the supplied components which is totally unusual to normal revamping / erection / commissioning work and which are not due to contractor's faulty erection.

5.2 The decision of BHEL in this regard shall be final and binding on the contractor. The contractor may submit his work claim bills (specifically agreed by BHEL Engineer) along with the labour sheets duly certified by BHEL Engineer at site. But BHEL may opt to get those work done through other agencies if they so desire.

5.3 All the extra works, if any, carried out should be done by a separate gang which should be identified prior to start of work for certification of man-hours. Daily labour sheets should be maintained and should be signed by the contractor's representative and BHEL Engineer. Signing of labour sheets does not necessarily mean the acceptance of extra works. Only those works which are identified as not usual to normal revamping / erection and certified so by the Site-in-Charge of BHEL and accepted by designers/supplier's competent authority only will be considered for payment. The decision of BHEL in this regard shall be final and binding on the contractor.

5.4 Average single manhour rate including overtime if any, supervision, use of tools and tackles and other site expenses and incidentals, **including consumables, if any required**, for carrying out any rework / rectification that may arise during the course of revamping shall be **Rs. 60/- per man hour**.

5.5 Extra works are broadly defined as below:

- i) Design changes which will be intimated to the contractor after the start of the work which call for dismantling of the erected components, rectification, modification, etc.
- ii) Repair / rectification of the components damaged during transit and intimated to BHEL before drawing the materials from BHEL stores.
- iii) Modification, rectification of components wrongly manufactured/fabricated at works subject to acceptance of the approving authority. Any such modification work costing less than 48 Man Hours per work of a DU shall be considered as incidental to erection and shall not be considered for payment.
- iv) Jobs which require major modification, major repair, major reworks etc. which will be identified as major and warrant extra payment, certified as such by the Site-in-Charge of BHEL and accepted by the designers/competent authority of BHEL. The decision of BHEL in this regard shall be final and binding on the contractor.
- v) The composite labour man hour rate towards extra works shall remain firm and not subject to any variation during execution of work. Price variation compensation (PVC), if any will not be applicable for extra works. Rate revision, Over-run charges / compensation etc. will not be applicable due to extra works.

~~~~~

**SPECIAL CONDITIONS OF CONTRACT  
SECTION – VI (OVER RUN COMPENSATION)  
NOT APPLICABLE**

**SPECIAL CONDITIONS OF CONTRACT  
SECTION – VII**

**7.0 GENERAL TERMS AND CONDITIONS OF REVERSE AUCTION**

- 7.1 For the proposed reverse auction, technically and commercially acceptable bidders only shall be eligible to participate.
- 7.2 Those bidders who have given their acceptance for reverse auction (quoted against this tender enquiry) will have to necessarily submit online sealed bid in the reverse auction. Non-submission of online sealed bid by the bidder for any of the eligible items for which techno-commercially qualified will be considered as tampering of the tender process and will invite action by BHEL as per extent guidelines in vogue.
- 7.3 **In case BHEL decides to go for reverse auction, the H1 bidder (which quote is highest in online sealed bid) may not be allowed to participate in further reverse auction process.**
- 7.4 BHEL will engage the services of a service provider who will provide all necessary training and assistance before commencement of on line bidding on Internet.
- 7.5 In case of reverse auction, BHEL will inform the bidders the details of service provider to enable them to contact and get trained.
- 7.6 Business rules like event date, time, start price, bid decrement, extensions, etc. also will be communicated through service provider for compliance.
- 7.7 Bidder have to fax the compliance form in the prescribed format (provided by service provider) before start of Reverse auction. Without this the bidder will not be eligible to participate in the event.
- 7.8 BHEL will provide the rate schedule (e.g. EXCEL sheet) for the vendor to enable them to fill-in the price and keep it ready for keying in during the auction. In the event of discrepancy in rate and amount against any item of work, the least of the two will be taken for bid price. In case of discrepancy between the total price indicated in price bid and the arithmetic sum arrived based on rate quoted, then also the least of the two will be taken for the bid price. The bids are compared on the total price quoted and NOT on individual ITEM of works.
- 7.9 Reverse auction will be conducted on scheduled date & time.
- 7.10 At the end of reverse auction event, the lowest bidder value will be known on the auction portal.
- 7.11 The lowest bidder has to fax or email the duly signed and filled-in prescribed format for price break-up including that of line items, if required, as provided on case-to-case basis to BHEL through Service provider within two working days of auction without fail.
- 7.12 Opening bid in reverse Auction: The opening bid (in the reverse Auction) of the bidders shall be same as that quoted in their final sealed price submitted to BHEL (along with Technical offer). If any bidder offered a unsolicited discount or rebate, in separate cover etc. in any place other than the sealed price bid, then the opening price bid in reverse auction, by such a bidder in Reverse Auction, shall be the price offered in final sealed price bid submitted (against this NIT) minus discount offered in any place other than the sealed price bid.

- 7.13 BHEL reserves the right to cancel Reverse Auction (RA) without assigning any reasons and resort to considering the sealed bids submitted by vendor for processing and finalizing the tender.
- 7.14 In case the process of reverse auction is found unsuccessful by BHEL, then BHEL at its discretion may decide to call the L1 bidder of reverse auction for further negotiation.
- 7.15 Any variation between the on-line bid value and signed document will be considered as sabotaging the tender process and will invite disqualification of vender to conduct business with BHEL as per prevailing procedure.
- 7.16 In case BHEL decides not to go for Reverse auction procedure for this tender enquiry, the Price Bids and price impacts, if any already submitted and available with BHEL shall be opened as per BHEL's standard practice.
- 7.17 The bidders shall be required to read the Terms & Conditions section of the auction site of service provider, using the login id and password given to them by the service provider before reverse auction event. Bidders should acquaint themselves of the business rules of the reverse auction, which will be communicated before the reverse auction.
- 7.18 If the bidder or any of his representatives are found to be involved in price manipulation / cartel formation of any kind, directly or indirectly by communicating with other bidders, action as per extant BHEL guidelines shall be initiated by BHEL and the result of the RA scraped / aborted.
- 7.19 The bidder shall not divulge either his / her bids or any other exclusive details of BHEL to any other party.
- 7.20 Only those vendors, who participate in the Online Initial Opening Bid, will be eligible to participate in the subsequent Online English Reverse Auction.
- 7.21 Price bids offered by the bidders during reverse auction process is considered as an offer to execute the work. Bids once made by a bidder cannot be cancelled/withdrawn and bidders shall be bound to execute the work at the final bid price. BHEL shall take appropriate action if the bidder fails to do so.
-

**SCHEDULE TO BE FURNISHED BY THE TENDERER**

1. Bidder shall submit the following technical proposal documents (a detailed write-up on his erection plan) along with the offer indicating the proposal to achieve the milestone dates, giving details of erection sequence, manpower deployment plan and T&P deployment plan for the various erection activities. The bidder shall submit histograms for Equipment, Staff and Labour to be deployed on the Work.
  - a. Method Statements along with appropriate drawings for pre-assembly works, dismantling works and erection works
  - b. Site establishment plan based on the UFPP layout drawing provided, showing the locations of site office, storage yard, tower crane location, mobile crane/ trailer movement to facilitate the pre-assembly works, dismantling works and the erection works
  - c. Cycle time calculations for critical activities
  - d. Rated Load chart, Range diagrams, Manual of the proposed tower crane
  - e. Rated Load chart, Range diagrams, Manual of the proposed mobile crane
2. Bidders are required to submit details for the above. Bids received without above documentary proof are liable to be rejected.
3. The Tenderer is required to submit the following schedule along with his offer.

|                                                               |                                                                                                                                                         |                |             |

**Section-VIII-SPECIAL CONDITIONS OF CONTRACT on Reverse Auction**

Against this enquiry for the subject item/system with detailed scope of work as per enquiry specifications, BHEL shall be resorting to Reverse Auction (RA) (Guidelines as available on [www.bhel.com](http://www.bhel.com)) for this tender. RA shall be conducted among all the techno-commercially qualified bidders.

Price bids of all techno-commercially qualified bidders shall be opened and same shall be considered as initial bids of bidders in RA. In case any bidder(s) does not participate in online Reverse Auction, their sealed envelope price bid along with applicable loading, if any, shall be considered for ranking.

1. For the proposed reverse auction, technically and commercially acceptable bidders only shall be eligible to participate.

(i) English Reverse (No ties) is a type of auction where the starting price and bid decrement are announced before start of online reverse auction. The interested bidders can thereupon start bidding in an iterative process wherein the lowest bidder at any given moment can be displaced by an even lower bid of a competing bidder, within a given time frame. The bidding is with reference to the current lowest bid in the reverse auction. All bidders will see the current lowest quoted price and their rank. The term 'No ties' is used since more than one bidder cannot give an identical price, at a given instant, during the reverse auction. In other words, there shall never be a tie in the bids.

(ii) Those bidders who have given their acceptance to participate in Reverse Auction will have to necessarily submit 'Process compliance form' (to the designated service provider) by the agreed bidder(s) will be considered as tampering of the tender process and will invite action by BHEL as per extant guidelines for suspension of business dealings with suppliers/contractors (as available on [www.bhel.com](http://www.bhel.com)).

(iii) BHEL will engage the services of a service provider who will provide all necessary training and assistance before commencement of on line bidding on internet.

(iv) In case of reverse auction, BHEL will inform the bidders the details of Service Provider to enable them to contact & get trained.

(v) Business rules like event date, time, bid decrement, extensions etc. also will be communicated through service provider for compliance.

(vi) Bidders have to submit the 'Process compliance form' from before start of Reverse auction. Without this, the bidder will not be eligible to participate in the event.

(vii) In line with NIT terms, if necessary BHEL will provide the calculation sheet (e.g. EXCEL sheet) which will help to arrive at "Total Cost to BHEL" like Packing & forwarding charges, Taxes and Duties, Freight charges, insurance as per norms and loading factors (for non-compliance to BHEL standard Commercial terms & conditions) for items specified and GST extra, for each of the bidder to enable them to fill-in the price and keep it ready for keying in during the Auction.

(viii) Reverse auction will be conducted on a scheduled date & time.

(ix) At the end of Reverse Auction event, the lowest bid value will be known on auction portal.

(x) Successful bidder shall be required to submit the final prices (L1) in BHEL prescribed format for price breakup including that of line items, if required, quoted during the Online Reverse Auction, duly signed and stamped as token of acceptance without any new condition (other than those already agreed to before start of auction), after the completion of auction to M/s. {Service provider} besides BHEL within two working days of Auction without fail.

(xi) In case BHEL decides not to go for Reverse Auction procedure for this tender enquiry, the Price bids and price impacts, if any, already submitted and available with BHEL shall be opened as per BHEL's standard practice.

(xii) Bidders shall be required to read the "Terms and Conditions" section of the auctions site of Service provider, using the Login IDs and passwords given to them by the service provider before reverse auction event. Bidders should acquaint themselves of the 'Business Rules' indicating details of RA event carefully, provided by the Service provider, before reverse auction event.

(xiii) Bidder shall not divulge either his Bids or any other exclusive details of BHEL to any other party. If the Bidder or any of his representatives are found to be involved in Price manipulation/ cartel formation of any kind, directly or indirectly by communicating with other bidders, action as per extant BHEL guidelines for suspension of business dealings (as available on [www.bhel.com](http://www.bhel.com)), shall be initiated by BHEL.
