

Pre-Qualification Criteria (PR 0128418617)

Sl. No.	Pre- Qualification Criteria	Bidder confirmation
1	Test certificate should contain all the details as per Technical Annexure I and II.	
2	Authorization letter is required from Principle Supplier, if agent is quote.	
3	Manufacturing mill address	
4	Manufacturer Testing certificate is required along with supply. Manufacturer certificate shall have following test results 1. Chemical analysis of wire. 2. Weld metal mechanical properties [Impact test for deposited Weld Metal at -29 Deg.C , Hardness , %Fe (Mass fraction) in deposited weld metal, Weld metal Tensile Strength ,RT]. Note: All mechanical properties of weld metal must be reported after heat treatment (HT condition: 630 Deg.C; Soaking : 120 minutes).
