

Pre-bid Clarifications-2
Stacker cum Reclaimer Package for Singrauli STPP Stage-III (2x800 MW)
BHEL Tender ref. No. 77/24/6007/BPA

19.06.2024

S. No.	Tender Document Description	Cl. No.	Page no.	Existing Provision	Bidder's Query	Clarification by BHEL
1	Technical Enquiry Specification-IS-1-23-2008/SCR	Cl. No. 3	Pg. 8 of 35 & 16 of 35		<p>As per NIT specification document no IS-1-23-2008/SCR clause no 3 Page 8 of 35 it is mentioned that " Fixing of rails, its alignment and grouting of rails shall be in the scope of BHEL civil contractor, but same shall be supervised by bidder's civil engineers and no claim or issues shall be raised by bidder later on about the alignment issues as it will be a joint responsibility."</p> <p>However as per same document point no 16 Page 20 of 35 its mentioned that "Supply of grouting cement and grouting of all mechanical equipment / items and its drive base shall be in the bidder's scope. BHEL / BHEL's civil contractors shall provide only the foundation pockets for pedestals (wherever necessary) as per GA drgs of the bidder"</p> <p>Whether the Grouting of rails & drive base frame is in BHEL scope or in Bidder scope? Please clarify</p>	Supply of grouting cement and grouting of all mechanical equipment / items and its drive base shall be in the bidder's scope excluding for rails (as Fixing of rails, its alignment and grouting of rails shall be in the scope of BHEL civil contractor).
2	Technical Enquiry Specification-Annexure-20 Weightage for drawings & BOI ordering for Pro-Rata Payment				<p>As per tender conditions purchaser will make 2.5% payment against submission and approval of documents as mentioned in Annexure 20 of NIT. However the weightage given for 3D drawing looks on higher side and hence the purpose of this payment being made to supplier is not getting defeated as an advance payment. Practically supplier will get this payment just prior to start of supply hence this cant be treated as an advance payment.</p> <p>In order to optimize the price and to offer competitive price we sincerely request to review the weightage of 3D drawing.</p>	Revised Annexure-20 Weightage for drawings & BOI ordering for Pro-Rata Payment enclosed.

Notes:

1. If the drg./doc. quality is not upto the mark, BHEL reserves the right to reject the same during first submission and same shall not be considered for first stage payment.
2. BHEL reserves the right to change or re-distribute the weightage against the drgs./docs. during detail engineering, if deemed required.
3. BHEL reserves the right to add further drgs./docs. to this list and also split the existing drgs./docs. during detail engineering. Weightages shall be modified/adjusted by BHEL accordingly.
4. For 3D model 25% completion corresponds to actual details of long travel assembly, 50% corresponds to actual details of immediate structure above LT assembly, 75% corresponds to actual details up to slewing structures.
