

## CONTROL EQUIPMENT SERVICES DEPT. (CXX)

Ref.: CXX/2023-24/02/DETC/ICF/ADD. SC/01

Date: 21.10.2023

**SUB: TENDERING APPROVAL FOR PROVIDING SITE SERVICES FOR INSTALLATION & COMMISSIONING OF ADDITIONAL SCOPE ITEMS FOR DETC AT ICF CHENNAI FOR 12 SETS.**

Integral Coach Factory (ICF), Chennai has placed PO 08221635D03964 (refer Page-1 to 14), valuing INR approx. 111.36 Crore, for Supply, Installation, Testing & Commissioning of Traction Engine and Electrics for Diesel Electric Tower Car (DETC) including CAMC of 15 (Fifteen) sets. WOs 52583J59801 & 52583J59803 dated 19/01/2023 valuing INR 13380000 (One Hundred Thirty-Three Lakh Eighty Thousand) has been issued by TXS for Installation & Commissioning work at ICF Chennai, attached at c/15 to c/16.

The scope of work as per above WOs consists of Installation & commissioning of all equipment from PL No. 31720845 to 31904282 (Items 1 to 17) in the PO. The I&C of all items except Items 6 to 8 (Lights, Fans, Switches, Plugs & Sockets) are being done at site through either Works Contract (for Electrics) or by the suppliers themselves as per their PO. However, I&C of these items were till now being done by BHEL site office and CXX department. CXX presently has only 2 Artisans dealing with Site services of various CEE products such as Oil Rigs/ AVR/SEE /Aux. Converter/COMOS/Defense/Rectifier etc. The above Installation and commissioning work requires long time presence of man power at ICF /end user's site. The present CXX manpower is insufficient to cater to the above requirements, especially when 2 – 3 sites at different geographical locations have to be serviced simultaneously in various CEE Products from different locations all over the India and at the same time. Hence it is proposed to subcontract site requirement.

It is hereby proposed to float tender for site activities for I&C of these additional scope items for DETC at ICF Chennai on Open tender basis for the 12 (Twelve) sets (as 3 sets DETC's I&C work has already been completed as per the above mentioned Work Order).

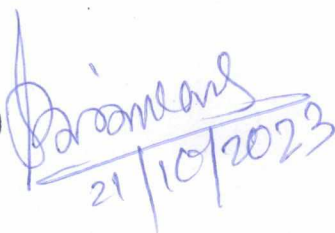

The Estimated expenditure for this work would be approx. **Rs. 4,95,000/-**, Exclusive of Tax (Estimates, is placed at c/17) for 12 (Twelve) sets.

NIT shall be issued for Installation & Commissioning on Lumpsum basis for each set.

Submitted for kind approval.

-AGM (CEE, OFE & CXX)

  
(Namit Prakash)
