Note (as per NIT requirement/Technical Specification) if any :-																	
1. Load carrying capacity mentioned for the variable items ("marked") is tentative only and shall be used for bid evaluation and ordering purpose.																	
2. The actual load carrying capacity of the springs may undergo change after ordering, based on springs selected during detailed engineering.																	
3. In such a case, price bid evaluation shall be done again based on revised load carrying capacity of the springs keeping all the prices same as quoted originally. In case of change in L1 status, the quoted price per unit load carrying capacity (kN) of the variable items (i.e. A1.1 & A1.2) of the original L1 vendor shall be proportionately reduced to maintain L1 status.																	
4. Based on above, amendment to PO, if required, shall be issued.																	
5. Generally the damping shall be required in the range of 5% to 20% of critical damping of whole machine foundation system to meet the design requirement. In exceptional case it may vary upto 30 % depending upon the available/selected spring unit as well as layout constraints. The bidder shall accordingly include the cost of damping in their quoted price for Cost of VIS per Unit load carrying capacity(kN). No extra price shall be provided on account of required damping. Cost of dampers is deemed to be included in the quoted rate of VIS (per kN).																	
6. Price per Visit is lumpsum which includes travel and accommodation charge.																	
7. All taxes and duties other than CGST/SGST/IGST shall be deemed to be included in the Ex-Works prices unless specified otherwise by the bidder in the price bid. No variation in other taxes and duties shall be payable by Purchaser.																	
Points for consideration before filling above price schedule:-																	
1. PRICES SHALL BE FIRM UNLESS OTHERWISE SPECIFICALLY INDICATED IN NIT.																	
2. Vendor to mention HSN Code in specific Column for each item of BOQ.																	
3. In case of discrepancy in GST rate corresponding to HSN code and quoted GST, the evaluation shall be done on quoted price and correct GST rate shall be considered for ordering (limited to quoted FOB Site price)																	
4. Unless the contract requires otherwise, in all tenders and tender related documents any reference to taxes such as ED, GST/VAT, Service Tax etc. shall refer to GST as implemented by GOI w.e.f. 1.07.2017.																	
5. CGST/SGST/IGST shall be paid at actuals against documentary evidence but restricted to the amount and percentage in the order/contract.																	
6. In case, any GST credit is delayed/denied to BHEL due to non/delayed receipt of goods and/or tax invoice or expiry to timeline prescribed in the relevant Act for availing such ITC, or any other reasons not attributable to BHEL, tax amount shall be recoverable from the vendor/contractor along with interest levied/liable on BHEL.
