S. No.	Bidders Query	BHEL's Clarification
1.	Bidders requested for amending the payment terms, in such a way that payment against Suppliers are released once the materials are received at site. They requested for an amount payment against production of Indemnity bond, as practice by Railways in their tenders.	BHEL expressed concern on Unsecured payment and suggested for payout against BG. On bidder's reluctance to this and to have more liquidity BHEL informed that they will review the system being followed in Railways and will make suitable changes to address bidder's concerns.
2.	Bidders expressed concern regarding Milestones set. They informed that there may be delays on account of unavailability of foundations, drawings, etc.	BHEL clarified that only LD/Penalty terms are linked with achievement of milestones. LD/Penalty will be applicable if milestones dates are not achieved for delays solely attributable to the contractor.
