

### 45KW induction motor – RWPH

3 Phase induction motor with following specifications. Input voltage:  
415V. Connection: Delta. Frequency: 50Hz. Power: 45kW. Current:  
77A. RPM: 1475. Frame size:225M. IE Class: IE2. Mounting: Foot mount. Application:  
Pump application.  
model: 1LE7501-2BB23-5AA4-45KW  
Make: M/s Siemens / Equivalent  
Equivalency to be proved against the motor make and model specified above.
