

Under Voltage Relay for 3 Phase, 415V

Under Voltage Relay for 3 Phase, 415V, 50Hz

Nominal Voltage: 3 Phase, 4 Wire, 415V, 50Hz

Under Voltage Detection Range: 55% to 95% of Nominal Voltage
(Adjustable)

Over Voltage Detection Range: 105% to 125% of Nominal Voltage
(Adjustable)

Relay Output Contacts: 2 CO

Relay ON Delay: 1-10 seconds (Adjustable)

Relay RESET: Automatic

Indication LEDs on Relay: Power On , Under Voltage / Over Voltage
Detected

Mounting: 35mm DIN rail mount

Dimensions: Height shall be less than 100mm,

Width shall be less than 70 mm,

Depth shall be less than 100 mm

Certifications: CE, RoHS

Warranty: 1 Year from Consignee Receipt and Acceptance

Catalogues: Detailed catalogue and data sheet shall be submitted
