1	ER80S-B2Mn GMAW WIRE DIA.1.2 MM GMAW WIRE ER80S-B2Mn (Diameter 1.2 mm) for Automated Welding System for Header to Stub Welding (Robotic Welding Machine). The wires are intended for use as a welding electrode in GMAW process with Argon plus 5% to 20% CO2 gas shielding for radiographic quality high pressure boiler components. The chemical composition of the wire shall conform to ASME BPVC.II.C- 2025 SFA-5.28, ER80S-B2Mn. MECHANICAL PROPERTIES: Mechanical properties of the wire shall conform to ASME BPVC.II.C-2025 SFA-5.28, ER80S-B2Mn with 95% argon + 5% CO2 gas shielding. RADIOGRAPHIC SOUNDNESS and USABILITY: The wire when used in GMAW process with Argon plus 5% to 20% CO2 shall deposit a weld metal that flows freely, uniformly without sputtering or other defects and shall exhibit excellent wetting characteristics. The resultant weld metal shall be smooth, uniform with no visible evidence of cracks, porosity or other defects and shall meet the radiographic soundness requirements ASME BPVC.II.C-2025 SFA-5.28, ER80S-B2Mn The wire shall be supplied in diameter 1.2 mm as specified in the purchase order. The tolerance on diameter shall be as per SFA-5.02. FORM and WEIGHT: Plastic Spools (prefer Maximum Outer diameter 300 mm) as per "12 in [300mm] Spools" of SFA-5.02/SFA-5.02M. The wire shall be precision layer wound in "12 in [300 mm] Spools" as mentioned in the purchase order and the net weight of the wire shall be 15Kg. The spools shall meet the clause 5.3.4 of SFA-5.02. FINISH and UNIFORMITY, WINDING REQUIREMENTS, IDENTIFICATION and MARKING: As per SFA-5.02 (ASME BPVC.II.C-2025 SFA-5.28). PACKAGING:	2805.00	KG	45 DAYS

The wire should be completely devoid of moisture or any other foreign material with adequate sealing in suitable cartons to ensure no deterioration in the wire quality during transportation by sea or long duration storage. The cartons shall be packed in waterproof boxes with crates so as to protect them from damage during shipment and storage under normal conditions. Weight of each crate shall not exceed 1000kg. The cartons shall have product information as per clause 4.6 of SFA-5.02 Test Certificate: A copy of valid IBR approval certificate for the brand being supplied and manufacturer test certificate shall be sent along with every consignment (OR) Original Certified Material Test Report in English countersigned by Inspecting Authority approved by IBR (Latest) giving details of tests done for compliance to this Purchase instruction and ASME BPVC.II.C- 2025, ER80S-B2Mn shall be sent. GUARANTEE/WARRANTY: The Guarantee/Warranty period shall remain valid for 17 months from the date of material acceptance at BHEL Trichy, or 18 months from the date both "the material and the required test certificates as per tender" are received at BHEL Trichy, whichever occurs first. Note 1: The Wire shall be uniformly copper coated and shall have a smooth and glossy finish that is free from slivers, depressions, scratches, scales, seams, laps, drawing fluids and foreign matter that would adversely affect the welding characteristics, the operation of Welding equipment, or properties of Weld metal. The copper coating shall be well adhered without any flaking so as to ensure against any rusting during long storage and also ensuring good electrical conductivity. Note 2: The Wire shall be precision layer wound on spools so that kinks, waves, sharp bends, overlapping or wedging are not encountered, leaving the wire free to unwind without restriction. The outside end of the wire (The end with which welding is to begin) shall be identified so that it can be located readily and shall be fastened to avoid unwinding. Note 3: The cast helix and temper of wire spools shall be such that the filler wire will feed in an uninterrupted manner.

SPECIAL INSTRUCTION FOR PLASTIC SPOOL:

- GMAW Plastic spools must feature superior impact resistance to endure severe mechanical shock during loading, unloading, ~~and~~ transit and fitting in welding machine
- GMAW Plastic spools must withstand high clamping pressures during machine fitting, as well as continuous rotational stress throughout the active production cycle.
- Note: Any physical defects—including hairline cracks, flange fracturing, or total breakage at any stage of installation or manufacturing—will result in the immediate rejection of the material.

DECLARATION REGARDING COMPLIANCE TO RESTRICTIONS UNDER RULE 144 (xi) OF GFR 2017

(To be typed and submitted in the Letter Head of the Entity/ Firm providing certificate as applicable)

To,

(Write Name & Address of Officer of BHEL inviting the Tender)

Dear Sir,

Sub: Declaration regarding compliance to Restrictions under Rule 144 (xi) of GFR 2017

Ref: 1) GeM Bid Specification No:
2) All other pertinent issues till date

I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India. I certify that _____ (**SPECIFY THE NAME OF THE ORGANIZATION HERE**), is not from such a country/ has been registered with the Competent Authority (*attach valid registration by the Competent Authority, i.e., the Registration Committee constituted by the Dept. for Promotion of Industry and Internal Trade (DPIIT)*).

I hereby certify that we fulfil all requirements in this regard and is eligible to be considered.

Thanking you,

Yours faithfully,

**(Signature, Date & Seal of
Authorized Signatory of the Bidder)**

Note: Bidders to note that in case above certification given by a bidder, whose bid is accepted, is found to be false, then this would be a ground for immediate termination and for taking further action in accordance with law and as per BHEL guidelines.

TREATMENT OF CASES REGARDING CONFLICT OF INTEREST

The bidder notes that a conflict of interest would said to have occurred in the tender process and execution of the resultant contract, in case of any of the following situations:

- i) If its personnel have a close personal, financial, or business relationship with any personnel of BHEL who are directly or indirectly related to the procurement or execution process of the contract, which can affect the decision of BHEL directly or indirectly;
- ii) The bidder (or his allied firm) provided services for the need assessment/ procurement planning of the Tender process in which it is participating;
- iii) Procurement of goods directly from the manufacturers/ suppliers shall be preferred. However, if the OEM/Principal insists on engaging the services of an agent, such agent shall not be allowed to represent more than one manufacturer/ supplier in the same tender. Moreover, either the agent could bid on behalf of the manufacturer/ supplier or the manufacturer/ supplier could bid directly but not both. In case bids are received from both the manufacturer/ supplier and the agent, bid received from the agent shall be ignored. However, this shall not debar more than one Authorised distributor (with/ or without the OEM) from quoting equipment manufactured by an Original Equipment Manufacturer (OEM) in procurements under a Proprietary Article Certificate.
- iv) A bidder participates in more than one bid in this tender process. Participation in any capacity by a Bidder (including the participation of a Bidder as a partner/ JV member or sub-contractor in another bid or vice-versa) in more than one bid shall result in the disqualification of all bids in which he is a party. However, this does not limit the participation of an entity as a sub-contractor in more than one bid if he is not bidding independently in his own name or as a member of a JV.

The Bidder declares that they have read and understood the above aspects, and the bidder confirms that such conflict of interest does not exist and undertakes that they will not enter into any illegal or undisclosed agreement or understanding, whether formal or informal with other Bidder(s), in this regard. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelization in the bidding process. **In case, the Bidder is found having indulged in above activities, the same will be considered as a violation of the tender conditions, and suitable action shall be taken by BHEL as per extant policies/ guidelines.**
