8	TCN-02	(Construction of RCC storage tank is not a part EPC contract. It will be paid on the item rate basis as per service part of price schedule)	Ion Exchange does not want to build RCC tank of capacity – 750.0m ³ . So unit rate for construction of RCC storage tank -750.0m ³ would not be provided. In this condition tender will be rejected or not? Please clarify.	Construction of RCC tank is in the scope of bidder only.
9	TCN-02	Note: Bidder are responsible to contact the pipe line of required diameter for removal of the wastage water from water treatment plant to Pasur River. Wastage water should be treated as per Bangladesh standard before discharge the same into the river.	As per tender document, for this waste treatment proper effluent treatment is required to obtain desire quality of treated effluent as per Bangladesh standard. As per RO projection, in TDS of RO reject will be near around 33000.0mg/ltr and as per river water test report furnished at tender documents, high TDS reject water will be produced during 6-7months of year. So for designing of equipments for wastage water treatment to comply as per Bangladesh environments norms we need more days and there is also holiday for Christmas and new year. So we would like to request you to extend the last date of submission upto 15/1/2017	Due date of the submission of the bid is 16.12.2016.
