Unless otherwise specified, all terms & conditions shall be applicable for entire scope and for each part/ package of tender.

CLAUSE NO	DESCRIPTION
1.0	NAME OF JOB
	Total scope broadly covers design, engineering, manufacturing, inspection, testing, painting, supply/ delivery duly packed at project site including transportation upto site, in line with drawings/ documents/ test procedures approved by BHEL/ customer, for the total scope defined in the technical specification and terms & conditions of tender, taking into account all clarifications, confirmations and agreements till date for Fuel Oil Handling System and Miscellaneous Tank package complete with all accessories, including supply of consumables, erection & commissioning spares, special tools & tackles for maintenance, mandatory spares, for 2x660 MW Maitree Super Thermal Power Project, Rampal, Bangladesh.
2.0	BROAD SCOPE OF WORK
2.1	The work to be done under this specification comprises of design, engineering, manufacturing, assembly, inspection, testing at manufacturer's/ sub-vendor's works, painting, proper packing, transportation, delivery, handing over at site of equipment as stated above & detailed in the specification & elsewhere in tender documents.
2.2	Splitting up of supply contract into two supply contracts one for Local supply and other for the foreign supply would not be entertained.
2.3	The scope of work broadly covers as per specification & elsewhere in the document but shall not be limited to the following.
2.3.1	Detail design of all equipment & sub-system and work as per specification.
2.3.2	Preparing the manufacturing quality plan.
2.3.3	Complete manufacturing of all the equipment/sub-system including shop, field testing and assembly as per specification.
2.3.4	Providing special tools & tackles and services necessary for the satisfactory execution of the contract.
2.3.5	Providing requisite sets (both hard & soft copy) of engineering drawings, RTF, data, operation & maintenance manual, as-built drawing, plant handbook, storage, preservation & painting manual, erection manual, etc as specified elsewhere in the tender.
2.3.6	Arranging inspection of equipment and accessories etc at manufacturer's/ sub vendor's premises.
2.3.7	Packing & transportation of goods from manufacturer's works/ sub vendor's works.
2.3.8	Any equipment not specified here but required to make the equipment complete shall be under the scope of the successful bidder.
2.3.9	Providing preventive routine maintenance schedule of the equipment/ sub-system.
2.3.10	Transportation of materials on FOR destination/ site basis and door delivery of materials at site.
2.3.11	Preparing schedules and furnishing progress report in requisite mode & number.
2.4	Drawings/ documents submitted along with tender are for guidance purpose only and no claim/ compensation, whatsoever, shall be entertained by BHEL on this account.
2.5	All other points shall be as per the terms & conditions and specification along with aforesaid references together with amendments incorporated thereto.
3.0	SITE VISIT
	Successful bidder should visit site and acquire full knowledge & information about site conditions prevailing at site and in & around the plant premises together with all

	the statutory, obligatory, mandatory requirements of various authorities before submission of the offer.
4.0	PROJECT MANAGEMENT
	To meet the need of project management, successful bidder shall provide the following services within quoted/ accepted prices.
4.1	PLANNING & MONITORING
4.1.1	The Successful bidder shall prepare L1 schedule/ network of engineering, manufacturing, testing, and procurement of sub-vendor items, as per completion schedule given in this document. This network must conform to the overall project schedule.
4.1.2	Based on L1 network the successful bidder will prepare L2 network which will indicate exhaustive list of activities of engineering, procurement of raw materials, manufacturing, testing, procurement of sub-vendor items, and dispatch as per completion schedule given in this document. This network must include all milestone and key activities for each subsystems/ components in the areas of engineering (wherever applicable), procurement, manufacture (wherever applicable), dispatch, erection/ commissioning.
4.1.3	Based on L2 network The successful bidder will develop L3 network, which will indicate micro details of each activity of L2 network and also show customer/ BHEL hold points, responsibility of the customers/ BHEL and Successful bidder.
4.1.4	Above schedules are to be preferably made in Microsoft Project, so that the same is compatible with BHEL's project management software.
4.1.5	Above schedules/ networks would be submitted to BHEL sequentially by the successful bidder within 15 days from date of LOI and finalized within a month.
4.2	PROGRESS REPORTING
4.2.1	The successful bidder shall prepare and submit to BHEL monthly progress report indicating progress on key activities, management summary for critical activities, list of actions requiring attention of BHEL in CD (compatible to BHEL software) and also in requisite number of hard copies. The input & output data for all such schedule shall be furnished to BHEL in a manner compatible with BHEL software available at site. A copy of progress report must be submitted to Construction Manager/ BHEL/ site and Project Manager/ BHEL/ Kolkata latest by 7 th of every month covering the detailed progress achieved in the previous month.
4.2.2	The progress report shall indicate the progress achieved against planned with reasons indicating delays, if any, and shall give the remedial actions which The successful bidder intends to take to make good the slippage or lost time, so that further works again proceed as per the original program and the slippage's do not accumulate and effect the overall program.

The program of subsequent week shall also be presented by Successful bidder for discussions. The Successful bidder shall constantly update/revise his work program to meet the overall requirement.
4.2.4	Periodic progress reviews on the entire activities of execution in respect of supply and works in scope of Successful bidder will be held once in a month at Kolkata/site. These meetings will be attended by reasonably higher officials of the Successful bidder and will be used as a forum for discussing all areas where progress needs to be speeded up. The Successful bidder shall be further responsible for ensuring that suitable steps are taken to meet various targets decided upon such meetings.
4.2.5	Still colour photography (matt paper, post card size, max 10 nos per month for the entire contract execution period) depicting progress of the work, damage to the machine parts, if any, as directed by BHEL site engineer is to be arranged by The successful bidder at his own cost.
4.2.6	Successful bidder have to provide electronic/ computerized storing & reproduction/ printing/ plotting of various data, log sheets, protocols, measurements etc. These may be stored in virus free CD & handed over to BHEL as per requirement.

4.2.7	Other provisions of Volume-IA of this tender would be applicable.
5.0	SERVICES TO BE RENDERED BY THE SUCCESSFUL BIDDER
5.1	Services for complete engineering, coordination and project management as detailed elsewhere in this tender.
5.2	Services for shop test, quality assurance, as detailed elsewhere in this tender.
5.3	Supply of main equipment along with other items as per specification maintaining sequential dispatch.
5.4	Supply of first fill of lubricants for all equipment including second fill/ replenishment as necessary after commissioning till handing over of the plant/ equipment
5.5	Furnishing of all document, drawing, design basis, reports, instruction manuals, etc including “As Built Drawing”.
5.6	Furnishing preservation schedule with all details of preservation method and preservatives required storing.
5.7	DOCUMENTS
5.7.1	The successful bidder shall furnish 15 (fifteen) sets of approved drawing & documents 6 months prior to commissioning.
5.7.2	The successful bidder shall furnish 15 (fifteen) sets of `Operation & maintenance (O&M) manuals’ 3 months prior to commissioning.
5.7.3	The successful bidder shall furnish 15 (fifteen) sets of `Plant handbook’ covering design, performance data, P&IDs, SLDs, flow charts, sequence, protection & interlock scheme, alarm & trip valves, performance curves, GA & layout drawings, important Do’s and Dont’s” etc 3 months prior to commissioning.
5.7.4	The successful bidder shall furnish 15 (fifteen) sets of as-built drawing along with 4 copies of CD ROM.

The successful bidder shall identify one Engineering Manager with whom BHEL will interact on all matters on coordination between BHEL and the contactors. The Engineering Manager shall be the single point contact person on behalf of the successful bidder and shall be responsible for all engineering co-ordination.
9.0	QUALITY PLAN The Successful bidder shall furnish the quality assurance plan which would be approved by BHEL/ owner.
10.0	QUALITY ASSURANCE PROGRAMME To ensure that the equipment & services under the scope of the contract whether manufactured/ performed at Successful bidder's works or at Successful bidder's premises or at any other place of work are in accordance with the specifications The successful bidder shall adopt suitable quality assurance programme to control activities as necessary. Such programme shall be outlined by the successful bidder and shall be finally accepted by BHEL/ owner/ authorised representative. A quality assurance programme of the successful bidder shall generally cover the following.

10.1	The organization structure and qualification data of key personnel for the management and implementation of the proposed quality assurance program.
10.2	System for site erection control including process controls and fabrication and assembly controls.
10.3	The procedure for purchase of materials, parts, components and selection of sub-Successful bidder's service including Successful bidder analysis, source inspection, incoming raw material inspection, verification of materials purchased, etc.
10.4	System for shop manufacturing and site erection control including process control, fabrication and assembly controls.
10.5	Control of non-conforming items and system for corrective actions.
10.6	Inspection and test procedure for all site related works.
10.7	Control of calibration and testing of measuring and testing equipment.
10.8	System for quality audit.
10.9	System for indication and appraisal of inspection status.
10.10	System for authorizing release of manufactured product to BHEL.
10.11	System for handling storage and delivery.
10.12	System for maintenance of records.
10.13	Furnishing of Quality Plan for manufacturing and Field activities detailing out the specific quality control procedures adopted for controlling the quality characteristics relevant to each item of equipment/ component.
11.0	GENERAL REQUIREMENTS - QUALITY ASSURANCE
11.1	All materials, components and equipment covered under this specification shall be procured, manufactured, and tested at all the stages, as per a comprehensive Quality Assurance Program. An indicative program of inspection/tests to be carried out by the successful bidder for some of the major items is given in the respective technical specification. This is however not intended to form a comprehensive program as it is the responsibility of the successful bidder to draw up and implement such program duly approved by BHEL The detailed quality plan for manufacturing should be drawn up by the Successful bidder and will be submitted to BHEL for approval.
11.2	Manufacturing Quality Plans will detail out all the equipment & components, various tests/ inspection to be carried out as per requirement of specification & standards mentioned therein and the quality practices & procedures, etc to be followed by The successful bidder 's quality control organization during various stages of materials procurement, manufacturing, assembly and final testing/ performance testing.
11.3	The Successful bidder shall furnish copies of reference documents/ plant standards/ acceptance norms/ tests and inspection procedures etc. as referred in Quality Plans along with Quality Plan. These Quality Plans and reference documents/ standards etc. will be subject to BHEL/ owner's approval without which manufacturing will not proceed. These approved documents will form part of the contract. In these approved Quality Plans, BHEL/ authorized representative shall identify customer hold points, test/ checks which shall be carried out in presence of BHEL/ owner's representative and beyond which work will not proceed without consent of BHEL/ owner. All deviations to the specifications, approved Quality Plan and Applicable standards must be documented and referred to BHEL for approval & disposition.
11.4	Quality audit/ approval of the results of tests and inspection will not prejudice the right of BHEL to reject equipment not giving the desired performance after erection and shall not in no way limit the liabilities and responsibilities of the successful bidder in earning satisfactory performance of equipment as per specification.
11.5	Repair/ rectification procedures to be adopted to make any job acceptable shall be subject to the approval of BHEL/ owner.
11.6	The successful bidder shall ensure that only asbestos-free materials including consumables are used/supplied at the project. Any material having asbestos content is forbidden in the project.
12.0	QUALITY ASSURANCE DOCUMENT
12.1	The successful bidder shall be required to submit the following Quality Assurance

	Documents within 2 weeks after dispatch of the equipment.
12.1.1	Test report of components.
12.1.2	The inspection plan with verification, inspection plan check points, verification sketches, if used and methods used to verify that the inspection and testing points in the inspection plan were performed satisfactorily.
12.1.3	Non-destructive examination results/ reports including radiography interpretation reports.
12.1.4	Welder identification list listing welder's and welding operator's qualification procedures and welding identification symbols.
12.1.5	Sketches and drawings used for indicating methods of traceability of the radiographs to the location of the equipment.
12.1.6	Stress relief time temperature charts.
12.1.7	Factory test results for testing required as per applicable codes and standards referred to in the specification.
12.1.8	Inspection Report duly signed by QA Personnel of BHEL and successful bidder for the agreed inspection hold points. During course of inspection the following will also be recorded.
12.1.8.1	When some important work repair work is involved to make the job acceptable.
12.1.8.2	The repair work remain part of the accepted product quality.
12.1.8.3	Letter of conformity certifying that that requirement is in compliance with finalised specification requirements.
13.0	INSPECTION, TESTING AND INSPECTION CERTIFICATE
13.1	Inspection, Examination and Testing
13.1.1	<p>All design, engineering, equipment, materials, Plant and workmanship supplied by Successful bidder or for which Successful bidder is responsible shall be subject to inspection, examination and testing by the BHEL/Employer's (BIFPCL) and/ or Engineer's (FICHTNER) designated consultants and/ or representatives at any and all times during design, engineering, manufacture, procurement, fabrication and construction and at any and all places where such design, engineering, manufacture, procurement, fabrication and construction are carried on.</p> <p>Provided such inspection, examination and testing shall to the extent possible be carried out in conjunction with Successful bidder's similar activities, and if not, upon prior consultation with Successful bidder in order to avoid any unnecessary delay in the performance of the Work.</p>
13.1.2	In furtherance of the foregoing, Successful bidder shall arrange for the aforesaid consultants and representatives of the Employer and/ or Engineer to have access to all places where manufacture or preparation of equipment, materials and Plant or construction activities are being carried out.
13.1.3	In respect of the Work which the Employer and/ or Engineer are entitled to examine, inspect, measure and/or test, Successful bidder shall give notice (of not less than 20 working days) to the Employer and the Engineer whenever any such Work is ready and before it is covered up, put out of sight or packaged for storage or transport. The Employer and/or the Engineer shall then either carry out the examination, inspection, measurement or testing without unreasonable delay, or give notice to Successful bidder that Employer and/ or the Engineer (as applicable) does not require to do so after receipt of Successful bidder's notice for such examination, inspection, measurement or testing at Site.
13.1.4	If Successful bidder fails to give such notice, it shall, if and when required by the Employer and/or the Engineer, uncover the work and thereafter reinstate and make good, all at Successful bidder's cost and expense. The Employer and the Engineer shall be responsible for their respective expenses in connection with inspection, examination and testing.
13.1.5	The Successful bidder shall co-operate with and provide full opportunity to the Employer/Engineer to regularly monitor the progress of manufacture in the Works of the Successful bidder to the detailed extent necessary to establish that satisfactory progress relative to the Contract Schedule is being achieved.
13.1.6	All pertinent information such as shop loading, detailed manufacturing programs to

	enable the Employer and/ or Engineer to determine the adequacy of the advance planning for material procurement, machine and manpower resources to meet the Contract Schedule shall be made freely available to the Employer and/ or Employer 10 working days before visiting the manufacturing facilities.
13.2	Rejection and Replacement
13.2.1	The Employer and/ or the Engineer and their designated consultants and representatives shall have the right to reject any portion of the Work which is effective, deficient, not within specifications provided in the Contract or not according to Good Industry Practice or faulty workmanship and require its repair or replacement
13.2.2	Rejected and other defective equipment, materials and Plant shall be satisfactorily replaced with proper replacements. The costs and expenses associated with such repairs and replacements shall be to the account of Successful bidder and not reimbursable
13.2.3	After completion of the necessary repairs or replacements, the relevant equipment, materials and Plant, shall be subject to further inspection, examination and testing by the Employer and/ or Engineer and their designated consultants and representatives, all the costs and expenses of which shall be to the Successful bidder's account.
13.2.4	If Successful bidder fails to proceed promptly with the replacement of rejected equipment, materials and Plant and the correction of defective workmanship, Employer and/ or the Engineer may, by contract with third parties or otherwise, replace such equipment, materials and Plant or correct such workmanship and/or may terminate this Contract and Successful bidder shall be liable and reimburse Employer and/ or the Engineer (as applicable) upon demand for all costs, expenses and damages incurred by the Employer and/ or Engineer relating to such replacement or correction.
13.2.5	The Successful bidder shall be entitled to remove and retain all rejected components Work that the Employer and/ or may have replaced at the Successful bidder's cost.
13.3	The Successful bidder shall furnish; at each location where inspection, examination and testing is carried out; all reasonable facilities, assistance, labour, equipment, materials, utilities, apparatus and instruments necessary for the safe and convenient inspection and testing of material and workmanship that may be required pursuant to this Contract.
13.4	The right of inspection, examination and testing by Engineer or the Employer, their designated consultants and representatives provided herein is intended solely for the Engineer's and the Employer's benefit, it being understood that no exercise of or failure to exercise such right shall relieve Successful bidder of any of its obligations hereunder or prejudice any of the Engineer or Employer's rights under this Contract.
13.5	The Engineer, his duly authorized representative and/ or an outside inspection agency acting on behalf of BHEL/ owner shall have access at all reasonable times to inspect and examine the materials and workmanship of the works during its manufacture and if part of the works is being manufactured or assembled on other premises or works, The successful bidder shall obtain for the Engineer and for his duly authorized representative permission to inspect as if the works were manufactured or assembled on Successful bidder's own premises or works. Necessary arrangement for carrying out inspection including supply of labour, IMTEs, area illumination and scaffolding, if required will be Successful bidder's responsibility and same has to be carried out within the quoted price.
13.6	To facilitate advance planning of inspection in addition to giving inspection notice the successful bidder shall furnish quarterly inspection program indicating schedule dates of inspection at customer hold point and final inspection stages. Updated quarterly inspection plans will be made for each 3 consecutive months and shall be furnished before beginning of each calendar month.
13.7	Before any plant/equipment leaves the place of manufacture BHEL shall be given the option of witnessing inspections inspections and tests for compliance with the

	specifications and related standards. The successful bidder shall give the engineer/ Inspector 15 days written notice of any material being ready for testing. Such test shall be to the successful bidder's account except for the expenses of the Inspector .The Engineer/ Inspector, unless the inspection is waived will attend such tests within 15 days of the date on which the equipment is notified as being ready for test/ inspection failing which The successful bidder may proceed with test which shall be deemed to have been made in the Inspector's presence and he shall forthwith forward to the Inspector duly certified copies of test reports.
13.8	The Engineer or Inspector shall within 15 days from the date of inspection as defined herein give notice to The successful bidder of any objection wrt drawing/ equipment/ workmanship which in his opinion not in accordance with the specification/ contract. The successful bidder shall either make modification as may be necessary to meet the said objection or explain to the engineer/ inspector giving reasons that no modifications are necessary to comply with the contract.
13.9	When the factory tests have been completed at The successful bidder's or successful bidder's works, the engineer or Inspector shall issue a certificate to this effect within reasonable time after completion of tests but if the tests are not witnessed by the engineer or Inspector the certificate shall be issued within 15 days of the receipt of Successful bidder's test certificate by the engineer Inspector. The completion of these tests or the issue of the certificates shall not bind BHEL to accept the equipment should it on further tests after erection be found not to comply with the contract.
13.10	In all cases where The successful bidder provides the tests at the premises of The successful bidder or any sub-vendor, The successful bidder except where otherwise specified shall provide free of charge such items as labour, materials, electricity, fuel, water, stores, apparatus and instruments as may be reasonably demanded by the Engineer/ Inspector to carry out effectively such tests on the equipment in accordance with the contract and shall give facilities to the Engineer/Inspector to accomplish testing.

30.0	COMPLETION PERIOD
30.1	<p>MAIN SUPPLY (REFER VOLUME-III)</p> <p>The successful bidder shall supply materials in such a manner that entire supply gets completed within 20 (Twenty) months from the date of LOI.</p>
30.2	MANDATORY SPARES (REFER VOLUME-III)
30.2.1	The successful bidder shall supply materials in such a manner that entire supply gets completed within 36 (Thirty Six) months from the date of LOI.
30.2.2	The dispatch of mandatory spares shall be commenced either on receipt of written dispatch clearance from BHEL Construction Manager/Project Manager, or two month prior to the completion of main supply schedule.
30.2.3	However, before dispatch of material, written clearance from BHEL shall be obtained. Unless clearance from BHEL is obtained, no mandatory spare shall be delivered to site.
31.0	DELIVERY/ SUPPLY SCHEDULE
31.1	Upon receipt of order/ LOI from BHEL, successful bidder shall interact with BHEL/ PEM for kick-off meeting to discuss & firm up schedule of design/ engineering, manufacturing/ procurement, supply/ delivery of various items so as to complete the entire job within the stipulated completion period, matching with project schedule.
31.2	Based on the discussion of kick-off meeting or otherwise, master drawing/ document list (MDL) shall be drawn, which shall be subject to acceptance/ approval of BHEL.
31.3	Based on progress of design/ engineering, successful bidder shall progressively submit quantified billing break-up of entire scope. On acceptance of BHEL, approved billing schedule will be issued by BHEL.
31.4	Unless otherwise decided, broad schedule of supply for intermediate milestones/ activities shall be decided in kick-off meeting. Successful bidder shall note that departure from each milestone attracts penalty as per terms of tender.
31.5	On every month, The successful bidder shall submit to Construction Manager, BHEL MDL-wise plan vs actual status of design/ engineering, billing schedule-wise plan vs actual status of design/ engineering, manufacturing/ procurement, supply/ delivery of items, along with action plan to make-up delay, if any.
31.6	The project schedule might undergo revision/ modification periodically, for which The successful bidder may have to prepare/ modify schedule periodically in

	consultation with BHEL, so as to match with revised project milestones.
31.7	Deferment of above schedule is not acceptable. Successful bidder will adhere to schedule and augment resource to ensure completion as per schedule.
31.8	Progress reviews on entire activities will be held periodically as per direction of BHEL, at Kolkata/ site/ Noida. These meetings will be used as a forum for discussing all areas where progress needs to be expedited. The successful bidder shall be further responsible for ensuring that suitable steps are taken to meet various targets decided upon such meetings.
32.0	EXTENSION OF TIME FOR COMPLETION
32.1	If the completion of work as detailed in the scope of work gets delayed beyond the contract/ completion period, The successful bidder shall request for an extension of the contract and BHEL at its discretion may extend the contract.
32.2	Based on the reviews jointly signed, the scope balance at the end of original contract period less the backlog attributable to The successful bidder shall be quantified, and the number of months of 'Time extension' required for completion of the same shall be jointly worked out. Within this period of 'Time extension', The successful bidder is bound to complete the portion of backlog attributable to The successful bidder. Any further 'Time extension' or 'Time extensions' at the end of the previous extension shall be worked out similarly.
32.3	However if any 'Time extension' is granted to The successful bidder to facilitate continuation of work and completion of contract, due to backlog attributable to The successful bidder alone, then it shall be without prejudice to the rights of BHEL to impose penalty/ LD for the delays attributable to The successful bidder, in addition to any other actions BHEL may wish to take at the risk and cost of Successful bidder.
32.4	A joint program shall be drawn for the balance amount of work to be completed during the period of 'Time Extension'. Review of the program and record of shortfall shall be done.
32.5	At the end of total work completion as certified by BHEL engineer, and upon analysis of the total delay, the portion of time extensions attributable to (i) Successful bidder, (ii) Force majeure conditions, and (iii) BHEL, shall be worked out and shall be considered to be exhausted in the same order. The total period of time extensions shall be the sum of (i), (ii) and (iii) above and shall be equal to period between the scheduled date of completion and the actual date of completion of contract. LD shall be imposed/ levied for the portion of time extensions attributable to successful bidder and recoverable from the dues payable to The successful bidder.
33.0	TERMS OF PAYMENT
33.1	The successful bidder shall submit their running bill (RA bill) once in a month, at the end of the month, as per billing schedule of this tender
33.2	Along with every RA bill, The successful bidder shall submit item-wise plan (w.r.t. L2 Schedule) vs actual status of supply, as applicable.
33.3	Progressive payment shall be made by BHEL against Successful bidder's RA bill, complete & correct in all respects accompanied by BHEL engineer's certified/ measurement sheet, jointly signed; requisite statutory certificates, certified by BHEL; within 60 days of submission of the bill.
33.4	100% GST, if applicable, shall be released to the vendor upon compliance of following: - a) Vendor declaring such Invoice in his GSTR-1 b) Receipt of Goods/ services and Tax Invoice by BHEL c) Confirmation of payment of GST thereon by vendor on GSTN Portal d) Above is subject to receipt of goods / service and tax invoice thereof along with vendor declaring invoice in his return and paying GST within timeline prescribed for availing ITC by BHEL.
33.5	Measurement will be taken as specified in terms & conditions of the contract and certified by the BHEL engineer of actual work.
33.6	Subject to any deduction which BHEL may be authorized to make under the

	contract, The successful bidder shall on the certification of BHEL engineer at site, be entitled to payment as per billing schedule.
33.7	However no extra payment shall be made in the event of deferment in payment.
33.8	All admissible recovery/ adjustment, etc. shall be made from interim payment.
34.0	BILLING BREAK-UP
34.1	Successful bidder shall submit detail billing schedule to BHEL for review & approval.
34.2	Progressive payment shall be made as per following billing break-up, in conjunction with terms of payment provision of the tender.
34.3	10 % of basic price will be released on submission and approval of all basic design documents as mentioned in the technical specification or finalized during kick-off meeting with BHEL Engineering.
34.4	70 % (Seventy percent) of basic price will be released against dispatch document on prorata dispatch of material to site as per approved billing schedule. Documents required, as applicable, for such payment are as follows.
34.4.1	Invoice in original.
34.4.2	LR/ RR (consignee copy).

34.4.5	Copy of letter, addressed to insurance company intimating dispatch.
34.5	10 % (Ten percent) of basic price along with 100 % freight & others, if any, will be released against Material Receipt Certificate (MRC) issued after receipt of materials and its physical verification at site on prorata basis. Collection of MRC from the site and its submission for claiming the payment shall be Successful bidder's responsibility. This payment shall be released on submission of following documents, as applicable:
34.5.1	Freight Invoice
34.5.2	Bill of Lading / LR
34.5.3	Bill of Entry Filed with Bangladesh Customs Authority.
34.5.4	Undertaking of certificate issued by owner (BIFPCL) under SRO-73
34.5.5	Material Receipt Certificate (MRC)
34.6	5 % (Five percent) of basic price shall be released against entire supply completion
34.7	5 % (Five percent) of basic price will be released against (i) Trial run of the system/ package; (ii) Successful completion of the load test/ PG test/ demonstration test of the system/ package, as applicable; (iii) Submission of final documents, eg. as-built drawings, O&M manual etc. In case of delay in completion of above activities by 4 (four) months from receipt of the last item at site, for reasons not attributable to the Successful bidder, then this amount can be paid on submission of BG of equivalent amount, valid initially for 6 months & to be revalidated till completion of above activities. However, Successful bidder shall fulfill all formalities for final billing/ contract closing and certification of completion of all supplies prior to drawing this payment.
34.7.1	However, above 5% payment will be released after confirmation of full GST Credit, if applicable, to BHEL. Any Interest if levied thereon for reasons elaborated in Tax clause of the tender which is not attributable to BHEL will be recovered for the Final Payment / Retention
34.8	BHEL site, at discretion, may further split up the above percentages billing break-up and affect payment to suit the site condition, cash flow requirement, according to the progress.
34.9	The billing break-up is drawn for progressive payment and shall not be construed as the value/ price of corresponding item, unless otherwise decided by BHEL.
35.0	MOBILISATION ADVANCE/ INTEREST BEARING RECOVERABLE ADVANCE
	Not applicable for this tender.
36.0	ESCALATION (PVC)

	Not applicable for this tender.
37.0	OVER RUN COMPENSATION (ORC)/ RATE REVISION
	Not applicable for this tender.
38.0	LIQUIDATED DAMAGE AND OTHER PENALTIES
38.1	<p>If The successful bidder fails to complete entire scope of work within completion period, as mentioned in the clause no. 29.1 of volume 1d (TCC-Service) of the tender, for reasons attributable to them, BHEL shall have the right to recover, as liquidated damages (LD), a sum equivalent to 0.5% of contract price (supply part), including taxes, duties, etc. for delay of each week or part thereof.</p> <p>NOTE: SINCE, IT IS A TURNKEY PACKAGE; LD SHALL BE LEVIABLE ONLY IN CASE OF DELAY IN COMPLETION OF ENTIRE SCOPE OF WORK (MAIN SUPPLY & MAIN SERVICE; EXCLUDING MANDATORY SPARES AND O&M SERVICES, IF ANY). NO LD SHALL BE WITHHELD, IF THERE IS DELAY ONLY IN SUPPLY, BUT THE ENTIRE SCOPE OF WORK IS COMPLETED ON TIME, INCLUDING TIME EXTENTIONS FOR WHICH DELAY IS NOT ATTRIBUTABLE TO BIDDER AS PER VOLUME ID.</p>
38.2	The liability for delay shall not in any case exceed 10 % (Ten percent) of the contract price (Supply part), including taxes, duties, etc.
38.4	BHEL shall deduct aforesaid amounts from any money due or which may become due to The successful bidder and/ or recover from the bank guarantees/ security deposit of The successful bidder. To be entitled to impose such compensation/ penalty/ recovery, BHEL will not be required to prove that they have incurred such amount as actual damage.
38.5	BHEL reserve the right to complete the job through other resource on account of and at the risk & cost of Successful bidder without notice to Successful bidder of the work not so executed, without cancelling the order/ contract in respect of the work not yet due for completion.
38.6	BHEL reserve the right to cancel the order/ contract or a portion thereof for the work not so completed at the risk & cost of The successful bidder and The successful bidder shall be liable to BHEL for any excess costs thereof.
38.7	The successful bidder shall continue with performance of the order/ contract under all circumstances, to the extent not cancelled.
38.8	Where action is taken as per above, The successful bidder shall be liable for any loss, which BHEL may sustain on that account. The successful bidder shall not be entitled to any gain on such action and the manner & the method of such purchase shall be at the discretion of BHEL. It shall not be obligatory on the part of BHEL to serve a notice of such completion, through other resource, on successful bidder.
38.9	Liquidated damages (LD) shall be applicable for each contract (if applicable) of "Main Supply" and "Mandatory Spares" as per the corresponding completion periods as well as contract prices, indicated elsewhere in the tender.
38.10	All other terms & conditions of GCC shall be applicable.
39.0	GUARANTEE / WARRANTY
39.1	Successful bidder shall warrant that the equipment will be new & in accordance with the contract documents and free from defects arising due to deficiencies in design & engineering and from defects in material & workmanship for the period commencing immediately upon the satisfactory completion of trial operations and handing over of individual unit. Performance guarantee shall stand valid till 24 months completion of scope or as per commercial terms & conditions, whichever is later. The equipment shall operate satisfactorily and reliably and the performance & efficiency of the equipment (s) shall not be less than respective guaranteed values.
39.2	Successful bidder shall be liable to repair or replace/ upgrade with specific consent of owner, any defective parts that may develop in the plant of their own manufacture or those their sub-suppliers under the conditions provided for by the contract and under proper use and arising solely from faulty design, materials and/ or workmanship. Any defect removal at site by repair/ up-gradation of the installed equipment/ component/ material will be permitted by the owner only when such repair/ up-gradation in the meantime, is not detrimental to commercial use of the

	plant. All replaced defective parts shall be returned to the successful bidder unless otherwise arranged. No repairs or replacement shall normally be carried out by the engineer when the plant is under the supervision of the successful bidder's supervisory engineers.
39.3	Successful bidder's obligations against above clause shall be limited to repairing or replacing with all incidental charges from site to successful bidder's work and/ or their sub-supplier's works and back to site. In case of defective parts not repairable at site but, essential in the meantime for the commercial operation of equipment, successful bidder and the purchaser/ owner shall mutually agree to a program of replacement or renewal which will minimize to the maximum extent interruption in the operation of the equipment.
39.4	Acceptance of the equipment by BHEL shall in no way relieve successful bidder of their obligation under this clause.
39.5	In the event of any emergency where, in the judgment of the engineer, delay would cause serious loss or damages, repairs or adjustment may be made by the engineer or a third party chosen by the engineer without advance notice to successful bidder and the cost of such work shall be paid by successful bidder. In the event such action is taken by BHEL, successful bidder will be notified promptly and he shall assist wherever possible in making necessary corrections. This shall not relieve successful bidder's liability under the terms & conditions of the contract.
39.6	If it becomes necessary for successful bidder to replace or renew any defective portions of the plant, the provision of this clause shall apply to portion of the plant so replaced or renewed until the expiration of six months from the date of such replacement or renewal or until the end of the warranty period as specified in clause whichever may be later. If any defects are not remedied within 30 days, the engineer may proceed to do the work at successful bidder's risk & cost, but without prejudice to any other rights which BHEL may have against successful bidder in respect of such defects.
39.7	If the replacement or renewals are of such character as may affect the efficiency of the plant, the purchaser/ owner shall have the right to give to successful bidder within one month of such replacement or renewal, notice in writing that 'acceptance tests on completion' be made, in which case such tests shall be carried out as per approved QAP/ BHEL guidelines.
39.8	The repaired or new parts will be furnished & erected free of cost by successful bidder. If any repair is carried out on their behalf at the site, successful bidder shall bear the cost of such repairs.
39.9	The cost of any special or general overhaul rendered necessary during the maintenance period due to defects in the plant or defective work carried out by successful bidder shall be borne by successful bidder.
39.10	In respect of goods supplied by sub-vendors to successful bidder where a longer guarantee (more than 24 months) is provided by such sub-vendor, the owner shall be entitled to the benefit of such longer guarantee.
39.11	Other provision shall be as per the GCC.
40.0	BANK CHARGE
	No interest, whatsoever, shall be payable by purchaser on the security deposit, any bank guarantee submitted or any amount due to the seller/ Successful bidder.
41.0	OTHER TERMS
	All other term & conditions of this specification shall be governed by the pertinent provisions of GCC & other volumes of this tender, as applicable.
