

Tools & Plants and Test Equipment for 220 kV ETC work

List of minimum tools, tackles and testing equipments required on ownership basis is as under:

Description	Qty Owned
TOOLS AND TACKLES	
1. Electrical hand drilling machine	4
2. Hydraulic bending Machine for Al- pipes of 150 mm diameter, wall thickness 10 mm.	1
3. Gas welding and Gas cutting set.	2
4. Hand operated / motorized winch machine	
a) 10T	-
b) 5T	2
5. Electric welding M/C	3
6. Hydraulic Jack, 100 T	1
7. Jack for cable support	4
8. Dynamometer	1
9. Tig welding M/C for A1	1
10. Hydraulic crimping tools for Al conductor	1
11. Hydra, 10T, 10m boom	1
Testing Instruments	
1. Digital multimeter 3 & half digits accuracy 0.5%, any reputed make.	12
2. Digital multimeter 4 & half digits accu. 0.5%, any reputed make.	4
3. Analogue multimeter any reputed make .	2
4. Megger 0-500V, 5000MOHM	2
5. Megger 0-5000 V, 20,000 MOHM	2
6. Single phase variac 8 A, 0-250 v, 50HZ	4
7. Three phase variac 15 A, 0-500V, 50HZ	2
8. Single phase transformer 220V/5000v –1KVA, 50HZ.	2
9. Phase sequence meter	2
10. Stop watch	2
11. Digital tongue tester 0-2000A – A.C. / D.C. 600 V A.C/D.C, 10 mA resolution	2
12. Digital tongue tester 0 – 200A AC, 600V AC 50 Hz, 0.01 mA resolution	2
13. Secondary injection kit, 0 – 100A.C at 24VA.C, Voltage 0 -400 V A.C.	1
14. Variable D.C source 0- 220 D.C, 10 A	2
15. Ductor 100 Amp. D.C.	1
16. Earth resistance tester	1
