## CHAPTER-1

## INTRODUCTION

**About BHEL**

Bharat Heavy Electricals Limited, a Public Sector Undertaking, is the largest Engineering and manufacturing enterprise in India in the energy-related/infrastructure sector, today. BHEL was established more than 50 years ago when its first plant was set up at Bhopal, ushering in the indigenous Heavy Electrical Equipment Industry in India- a dream that has been more than realised with a well recognised track record of performance. The company has been earning profits continuously since 1971-72 and paying dividends since 1976-77.

BHEL has acquired certifications to the Quality Management Systems (ISO 9001), Environmental Management Systems (ISO 14001) and Occupational Health & Safety Management Systems (OHSAS 18001) and is well on its journey towards Total Quality Management.

BHEL has installed equipments for over 90,000 MW of power generation- for utilities, Captive and Industrial users.

BHEL's operations are organised around three business sectors, namely Power, Industry and overseas Business.

To serve the customer better, 4 Power Sector regions were formed as Business Centres. Power Sector-NORTHERN Region (PS-NR) headquartered at NOIDA primarily covers the states of Uttar Pradesh, Rajasthan, Punjab, Haryana, Himachal Pradesh, Jammu & Kashmir, Uttrakand etc in the Installation of Power plants .

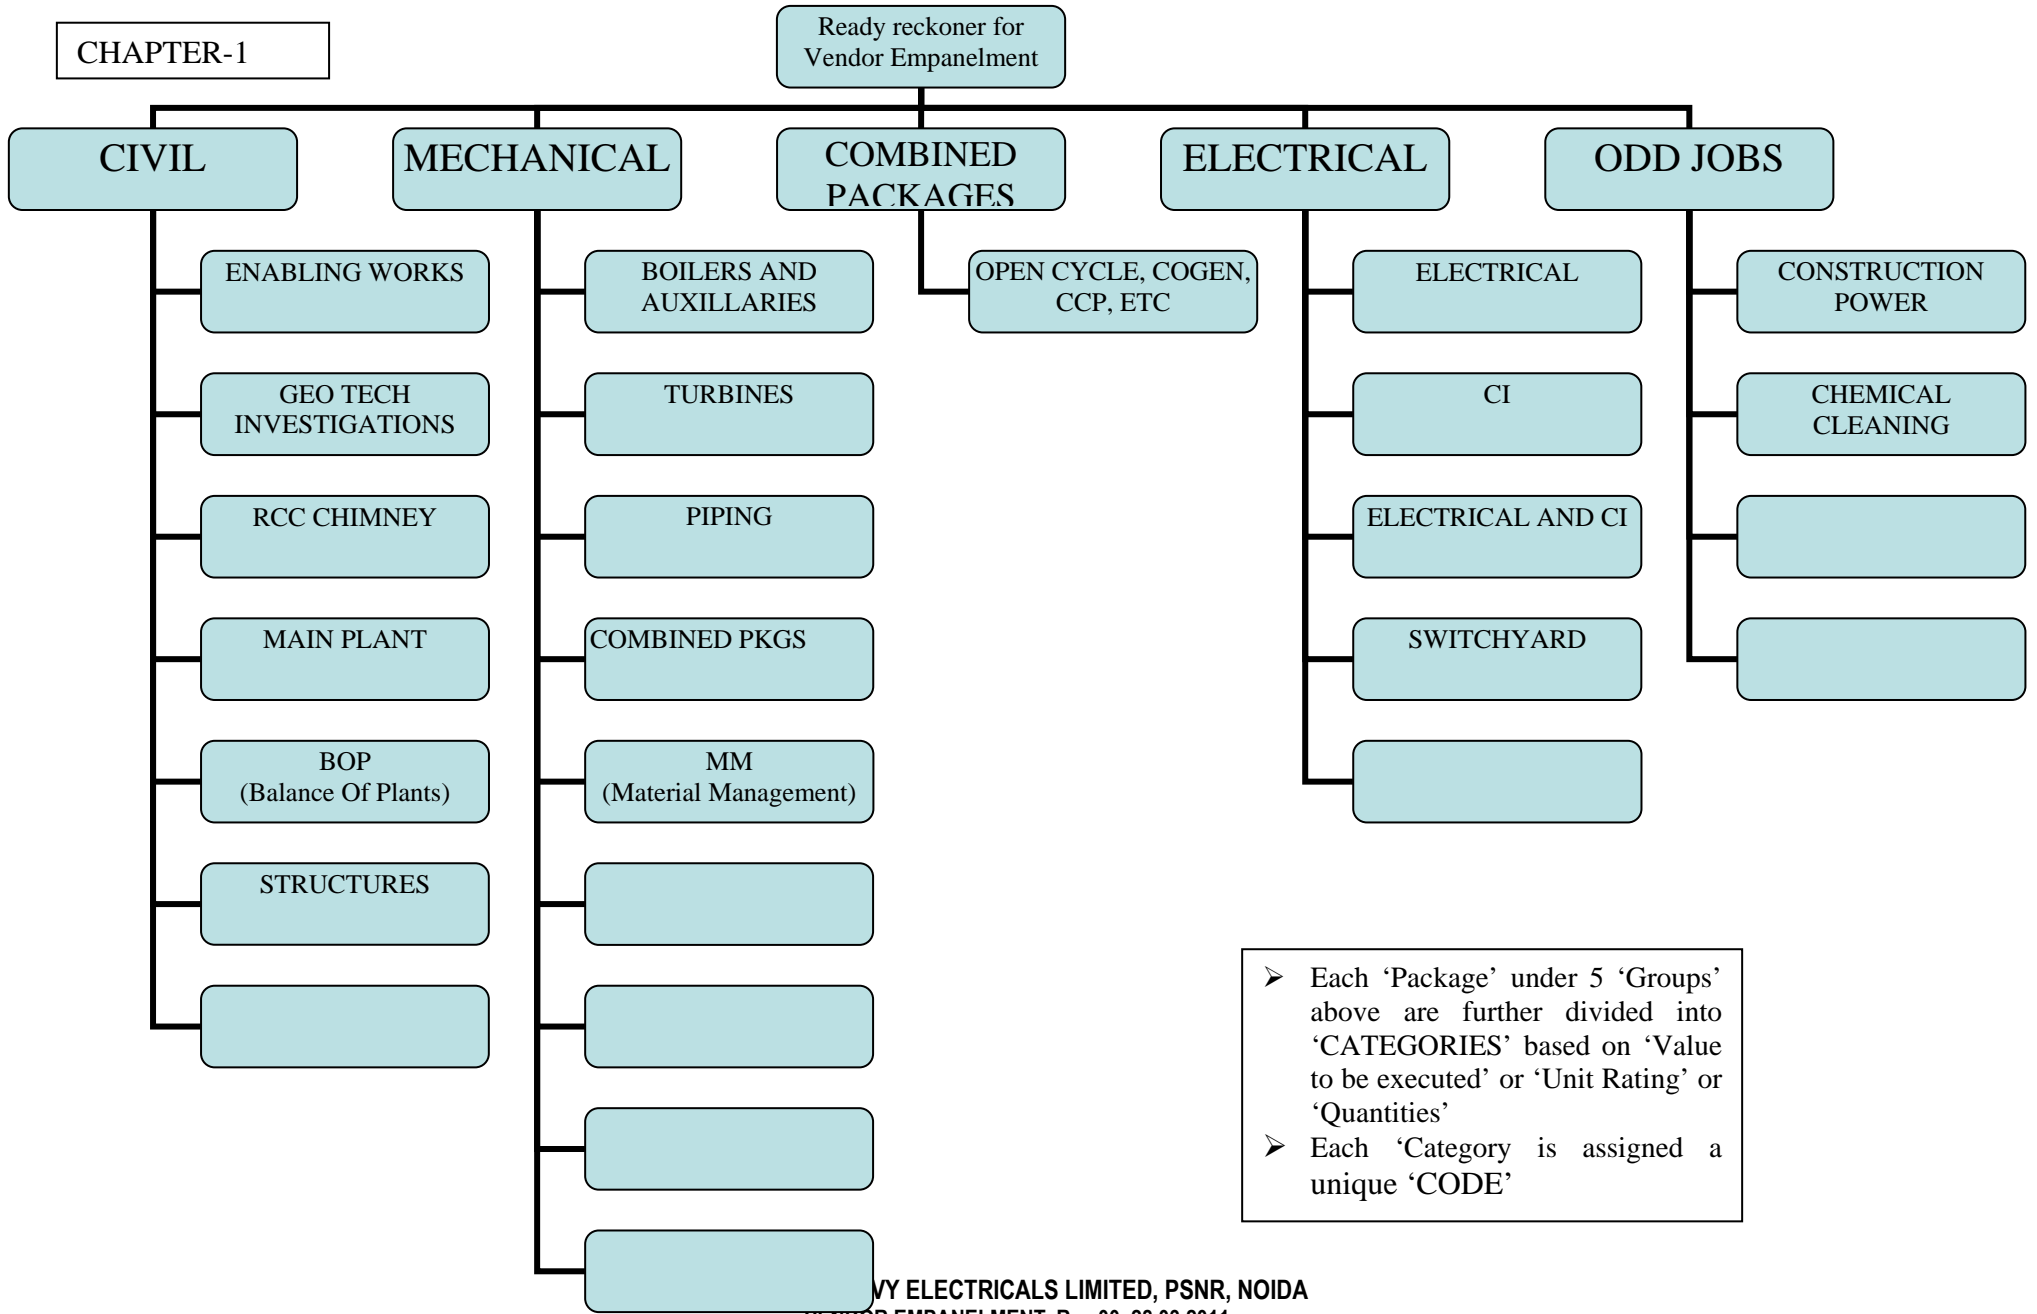

Power Sector-NORTHERN Region now proposes to empanel eligible vendors for execution of various types of works as detailed in the documents herein. Vendors desirous of empanelment may submit their application

**Vendor Empanelment**

The formats for vendor empanelment are based on numerical markings/weightages on the basis of information furnished for the following aspects

- ❖ Organisational Soundness
- ❖ Quality
- ❖ Technical Capability.

A ready reckoner list of various "Packages" and "Categories" for Vendor Empanelment is attached

## CHAPTER-2

### GUIDELINES FOR FILLING UP VENDOR EMPANELMENT FORM and OTHER CONDITIONS

1. This Vendor empanelment methodology has been devised for easy data capturing, analysis and for eventual empanelment. The evaluation process has been made transparent; weightages in the form of points are assigned to most of the data being requested. Vendors are requested to go through the entire procedure and fill up all information asked for and attach all the documents/evidences as specified against each.
2. The Vendor Empanelment Form has the following 6 Sections

#### **Section-I : CATEGORIES FOR VENDOR EMPANELMENT.**

- i) This section contains the entire list of 'CATEGORIES' for which vendors are proposed to be empanelled through this endeavour.
- ii) Categorisation consists of 5 Major 'GROUP's which form the first level. Each of the Groups are split into 'PACKAGES' which form the second level. The Packages are further subdivided into 'CATEGORIES' comprising the last level, assigned specific 'CODE's and forms the basis for Vendor Empanelment..
- iii) Kindly tick (✓) against the relevant 'CATEGORY' for which the Applicant wants to be Empanelled. The applicable 'Basic Qualifying Requirement' for each of the 'Category' is indicated
- iv) **The "CATEGORY" and "CODE" is in ascending order for each 'Package' and 'Group'. Empanelling for a 'CATEGORY' in any 'PACKAGE' entitles empanelment (subject to written confirmation by BHEL) for all/any lower "CATEGORY" within the same PACKAGE. Hence the Applicant needs to select only the HIGHEST 'Category' for a particular Package whose 'Basic Requirement' he is able to fulfil, in order to be entitled for empanelment for all/any lower category/categories within that particular Package, subject to written confirmation by BHEL. For example : If a vendor has been empanelled for code 'C-MP-3', the vendor is entitled for empanelment for all/any lower category codes viz 'C-MP-2', 'C-MP-1'.**
- v) For each of the "CATEGORY" an applicable "Basic Qualifying Requirement" is indicated which needs to be fulfilled in order to be considered for empanelment.
- vi) For each of the 'CATEGORY' a separate "Work Experience Format" is to be filled up.

#### **Section-II: COMPANY PROFILE AND GENERAL INFORMATION**

As the title suggests, this chapter captures data on the profile of the company and other general information to assess the Organisational soundness and Financial strengths. The formats request for specific information so as to make the assessment objectively.

Kindly read each column/row carefully and provide complete and precise information in the space provided along with supporting documents if any. Attach separate sheet in case the space provided is insufficient.

#### **Section-III : RESOURCES OWNED BY THE COMPANY**

In this section, the vendors are required to indicate the following

- Tools & Plants, Machinery owned by the Company
- Inspection, Measuring and Testing Equipments owned by the Company
- Tie ups or Rate contracts for services which the Company may like to inform/disclose

#### **Section-IV : WORK EXPERIENCE**

- i) The format for capturing the 'WORK EXPERIENCE' for each of the 'Categories' as defined by the applicable 'Basic Qualifying Requirement' is detailed herein. The Vendor has to fill up the specified 'Work Experience Format' for the particular Category for which he has ticked (✓) for empanelment in fulfilment of the applicable Basic Qualifying Requirement.

- ii) For each of the Work experience format filled up, the following needs to be attached in support of possession of applicable 'Basic Qualifying Requirement'.
- 1) Self attested Copy of Work Order/Award letter and allied documents containing interalia (a) Brief Description of work, (b) Value of Contract (c) Time schedule
  - 2) Completion Certificates (Any one of the following):
    - a) Self attested copies of Work Completion Certificates issued by Owner or agency who has awarded the contract. BHEL reserves the right to verify the authenticity of the document from the originator. Hence kindly see that all contractual details are available in the completion certificates to lend easy verification if required.
    - b) Self attested copies of Protocol signed by Client and Owner, indicating the completion/achievement/execution of the Milestone achieved
    - c) Self attested copies of 'Final Bill' verified by Client/Customer which indicates the Quantum of work not less than that specified in Basic QR
    - d) Documentary evidence issued by Owner/Client, indicating the progress of Work achieved not less than that specified in the Basic QR even if the total contract is not completed/closed

NOTE : Please attach only relevant documents for each 'WORK EXPERIENCE' format being filled up and submitted.

#### **Section-V : VENDOR EVALUATION**

This section has 4 parts and deals with the Evaluation Procedure for Vendor empanelment :

- Part A : Organisational Soundness
- Part B : Quality
- Part C : Technical Capability
- Part D : Empanelment criteria and Recommendation for Vendor Empanelment

Vendors are evaluated against specified parameters for three (3) aspects viz Organisational Soundness, Quality and Technical Capability as detailed in Part A, B & C. The Empanelment criteria and the final Recommendation for Vendor Empanelment is defined in Part D.

#### **Section-VI : BASIC QUALIFYING REQUIREMENT**

- i) The 'Basic Qualifying Requirement' lists out the Technical Competence required to carry out the subject job. The entire list of applicable 'Basic Qualifying Requirements' for all the 'CODES' are detailed herein.
- ii) Applicable 'Basic Qualification Requirement' as indicated against each 'Category/CODE' needs to be fulfilled in order to be considered for empanelment.

### 3. GENERAL
