

ANNEXURE FOR PVC OF COMMUTATOR BARS / SEGMENTS

For the purpose of evaluations of tenders of tenders, HCL copper cathode (full) basic price for the calendar month of techno-commercial bid opening i.e., Rs. **C / Kg**, and lowest of NCDEX spot silver price-DELHI on 1st working day of the calendar month one month earlier to techno-commercial bid opening i.e., Rs. **S / Kg** shall be considered as base.

HCL copper cathode (full) basic price for the month of either P.O. delivery schedule or actual delivery, whichever is lower, (**C1/Kg**) and lowest of NCDEX spot silver price-DEHLI on 1st working day of the calendar month one month earlier either of P.O. delivery schedule or actual delivery whichever is lower (**S1/Kg**) will be considered for calculation of PVC effect.

PVC effect with respect to copper (**EC**) will be calculated on the drawing weight of the item & PVC effect with respect to silver (**ES**) will be calculated on the average weight of silver in the item worked out on the basis of average %age of silver content as per item's purchase specification.

FOR ILLUSTRATION PURPOSE:

C Base price of Copper = /Kg (For-2020)

A Base price of Silver = P/Kg {For-2020}

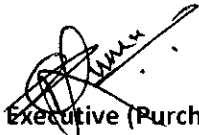

Drawing weight of the item (**TM4303**) in Drg No 34394280001 is **0.315 Kg**

Average silver content of the Commutator bar / segment as per spec. BP12075 is 0.20%

EXAMPLE : Final price of Commutator bar shall be worked out as follows :

1	Drawing weight of the item in drg	CW in Kg
2	Average silver content of the commutator bar/ segment as per spec.	SW in%
3	P.O. price of commutator bar/ segment in Rs.	P
4	PVC effect with respect to copper (EC)	EC=(C1-C) x CW
5	PVC effect with respect to silver (ES)	ES=(S1-S) x CW X SW%
6	Final price of commutator bar segment in Rs.(P1)	P1= [P + EC +ES]

Note: In case of early delivery desired by BHEL is covered in the P.O. remarks and if at all party is agreed upon to deliver the item before P.O. delivery schedule, for PVC purpose the C1 / Kg will be considered for the month in which the Actual Delivery is executed & S1/Kg will be considered on 1st working day at the calendar month one month earlier in which the actual delivery is executed.
