

Annexure 'I'TERMS & CONDITIONS FOR RC OF THRUST BEARING SPRING

1. Indent will be raised as per requirement.
2. Preloading given here are for reference, actual preloading will be as per drawing which will be attached with each indent.
3. Quantity given is only an estimated requirement. Since the quantity requirement has been arrived on basis of present & anticipated orders, any change in order situation like any project going slow / hold, then BHEL has right to reduce / drop quantity. However, if RC quantity is exhausted during period of RC, then up to +30% of additional quantity can also be ordered. Minimum order quantity for thrust bearing spring shall be 100 Nos.
4. The total volume of work shall be distributed among qualified vendors according to the formula given below.
L1 - 60% and L2 - 40%
The share of the L1 vendor shall at all times to be kept just above 60% to the extent possible. All procurement shall be done at the L1 rate. In case the L2 vendor refuses to supply the item at the L1 rate, the vendor will be removed from consideration and the next L2 vendor will be considered. In case all the other qualified vendors refuse to supply at the L1 rate, 100% of the procurement shall be done from the L1 vendor.
5. Quantity on each supplier will be ordered as per condition at Sr. No. 4. However, effort may be made so that quantity covered in one indent is ordered on one vendor.
6. BHEL reserves the right to revoke the contract at its discretion at any time without an explanation.
7. Items shall be supplied as per the specifications, QAPs / drawings enclosed with each indent on fully finished basis. Sample documents enclosed are for your reference.
8. Quotation is to be given by vendors on per number basis.
9. Machining tools, jigs, fixtures, gauges etc., are to be arranged by the vendor. BHEL shall not provide any tools.
10. Inspection should be carried out by BHEL/TPI/Customer as mentioned in P.O. and Quality plan.
11. The item shall be ordered using the following formula:

Number of units	-	N
RC rate per unit	-	R
Total cost	-	N*R
