Bid evaluation criteria: Bids will be evaluated on Merit basis (Pg 11) PQR: Common pre-qualification duly signed is placed at Pg 17 . Same shall be made part of NIT. Tender fees: It is proposed that tender fees be exempted for the proposed Press tender enquiry so that more bids can be received and hence more competition can be generated as being done with other tenders for Steel section.						

5. Proposal for exclusion of Reverse auction clause from NIT:

In line with corporate guidelines for Reverse Auction dated 04.03.2020 (Clause 4.0 (a)), past tenders for CRNGO were reviewed and it was found that there are generally (2 out of last 3 tenders) less than 3 techno-commercially qualified bidders and all these bidders have regretted acceptance to Reverse Auction clause (Pg 18). As per clause 11.0 (b), RA / tender will be declared as failed if there are less than 3 techno-commercially qualified bids. In view of the above, it is proposed to **not** make reverse auction, part of this tender and declare – “*Reverse Auction shall not be done under this tender enquiry*” in NIT.

6. In view of the thrust by corporate and GoI, indenter was asked to review the requirement of CRNGO for procurement from GeM (Government e-Marketplace) portal. As per GeM Availability Report and Past Transaction Summary (Pg 13), this item is not available on GeM portal. Request for category creation of Magnetic Steel Sheet for Rim Punching is placed at Pg 15.
7. In view of above it is proposed to issue an open tender two part-bid enquiry for above indicated requirements. Tender notification (NIT) will be published on BHEL tender website (www.bhel.com) and Government's Central Public Procurement Portal (<https://eprocure.gov.in>) in line with corporate circular no 27 (Pg 28)
8. Since the value of tender is less than Rs 200 crores, in line with MII circular dated 04.06.20 (Pg 20), offers from 'Class I local supplier' and 'Class II local supplier' as defined in the order shall only be eligible to evaluation under this tender.
