

BIDDERS PRE-QUALIFICATION CRITERIA (REVISED)

1. Experience of supply: - The vendor should have at least 1 year experience for refilling of CO₂ gas cartridge. Supporting documents such as PO copy and / or invoice copy and/or challan copy etc. shall be submitted by the vendors along with techno-commercial bids.
2. Guarantee/Warranty: -
Each CO₂ gas cartridge would be weighed at Fire Station after the receipt of material and again weight of each cartridge will be measured after 30 days to check any sign of leakage. In the event of leakage in the CO₂ cartridge, the vendor will replace the material at BHEL concerned location at vendors(s) risk and cost on due notice. The same should be mentioned in the guarantee/warranty certificate by the vendor at the time of delivery.
3. Certificate of hydraulic test and refilling of CO₂ gas as per IS 15222:2002 will be submitted along with the supply of refilled CO₂ cartridge. Vendor will submit certificate in this regard along with the technical bid.
