

**Central Foundry Forge Plant
BHEL Haridwar
EXPRESSION OF INTEREST**

CFFP/BHEL Haridwar manufactures steel castings using high grade silica sand (98-99% SiO₂). The sand after removal of casting from mould is partially reusable through processing in sand reclamation plant. Rest of the sand is required to be disposed off which can be used in other industries such as construction, road building, etc.

CFFP/BHEL proposes to auction off this used silica sand through MSTC.

Details of Fused Silica sand:

- 1- Silica sand is Foundry grade and in used condition.
- 2- Silica sand has been used at least once for casting manufacturing and is an output of Knockout process.
- 3- Sand is in loose condition and free from metallic inclusions.
- 4- Quantity per year = 10000 MT (approximately)

Terms and conditions:

1. Order will be placed on highest bidder through e-auctioning site of MSTC.
2. Bidder has to lift Silica sand from CFFP/BHEL on own arrangements.
3. Weigh Bridge of BHEL shall be used for weight measurement.
4. All the technical requirements and statutory requirements of BHEL to be followed by the vendor.
5. Loading of Silica sand shall be done only in presence of CISF & BHEL representatives.

Bidders interested in taking up Foundry grade fused silica sand are to submit their budgetary offer alongwith details of their requirements, capabilities, any past experience of having taken up similar activity, etc. The offer should be submitted by 15.01.2016 Dt.

After submission of offer, party may be asked to make a presentation at CFFP/BHEL Haridwar describing their capabilities and plan.

All the interested parties are requested to kindly visit Steel Foundry, CFFP/BHEL Haridwar before showing interest. Visit shall be made on any working day between 9:00am to 4:00pm with prior intimation. For arranging visit and all other related queries, the party shall contact the under given office.
